## SHAW & BOEHLER FLORIST FOR MOTHER'S DAY

**S**HOPPING FOR THE MOST IMPORTANT woman in your life? Mom! Be sure to visit Shaw & Boehler Florist. Here's a little history behind one of the oldest florists in the area. Downtown Cortland has a long and proud history – that's why it's historic after all. Much of that history comes from its position as a center for unique retailers that offer special products and special services.

Shaw and Boehler Florist has been serving the Cortland area since 1924. As Cortland's oldest florist shop, their reputation for exquisite flowers, creative designs, and exceptional service has grown over the years. Their commitment to service and quality has given them the title as "Cortland's First and Finest Florist." They have over 7,400 square feet of silks, gifts, antiques, stuffed animals, plants, and gourmet baskets. The experienced staff is always eager to assist you with any floral need. From a simple bud vase to a large formal wedding, our attention to quality and service is guaranteed.

Shaw & Boehler Florist, located at 31 Clinton Avenue, is edging close to centurion status as it celebrates 85 years in business! Plus, Shaw and Boehler Florist & Gifts is the proud winner of Cortland County Chamber of Commerce 2012 Small Business of the Year award! The owners of Shaw & Boehler Florist, Steve and Vicki Besler were awarded the Small Business of the Year Award because of all they do for their community. They are very committed to helping the Cortland area.

Though both of the Beslers had attended floral school, neither of them had planned on floral design as a career path. "It was just a hobby for both of us," Vicki said. They sat down together one day and made a list of possible things they would like to do for the rest of their lives. "We had always liked flowers . . . and had a flair for the arts." They decided on floral design.

Shaw & Boehler Florist is more than just a business to the Beslers. It is their life. They treat each customer with utmost respect; they open early and often stay late; they offer state-of-the-art, sophisticated work. This sets Shaw & Boehler Florist apart from similar businesses. "There is a general lack of knowledge about what florists actually do," Vicki explained. "It takes creativity, artistic ability, an eye for color and design. There is a big difference between a florist and the floral section of a grocery store."

Steve and Vicki enjoy visiting many other flower shops in other towns and speaking with owners like themselves. They recently were at the Cape Cod area and spoke with 2 florist owners there!

For more inquires or to place an order call 607-756-2879. Or visit their website [www.shawandboehlerflorist.com](http://www.shawandboehlerflorist.com). Floral arrangements are available for pick-up or delivery. The shop is open from 8:30 a.m. to 5:30 p.m., Monday through Friday and from 8:30 a.m. to 4:00 p.m. on Saturday. We are closed on Sundays. Order flowers early for Mother's Day!

## THE SECOND KNOB GIFTS & ANTIQUES

**I**T SEEMS AS THOUGH SPRING has sprung! Thank goodness. I don't know how much more of "winter" I could stand.

With the blooms springing forth from the cool dirt, comes the sweet chirping of birds, blue skies and sunshine. The brown and seemingly lifeless grass seems to be resuscitated from one day to the next and in the blink of an eye, winter fades and spring sneaks in. Spring changes things unexpectedly—and can even change our outlook on life. I totally understand how E.E. Cummings must have felt as he penned the poem "Spring is Like a Perhaps Hand."

*Spring is like a perhaps hand  
(which comes carefully  
out of Nowhere) arranging  
a window, into which people look (while  
people stare  
arranging and changing placing  
carefully there a strange  
thing and a known thing here) and  
changing everything carefully*

and from moving New and  
Old things, while*

We see signs of spring everywhere – even in The Second Knob Gifts & Antiques. As a shop-owner, “spring lines” begin with Easter merchandise being displayed in March (sometimes, even February!) and then, following a short reprieve, we bound into Mother’s Day, Father’s Day and Graduations.

Recently, we added a selection of garland in beautiful spring pinks, creams, greens and lavenders and a touch of spring florals—think pink Gerbera daisies. We’ve also added lovely “Mother’s Day” gifts for Mom including signs, mugs, candles and more.

Make it a point to spend time with your Mom on Mother’s Day. Get out and enjoy spring! And, if you happen to be passing through Dryden, please visit us as The Second Knob, 129 North St. (Route 13). Mom will love our shop and, if you really want to surprise her, give her a gift certificate ahead of time and bring her in to spend it!

We are open Tues-Sat from 10-6 and Sunday 10-5.

## SUPPORT YOUR LUNGS & SINUSES THIS SPRING

NOW THAT WARMER WEATHER IS finally here airborne irritants are everywhere. The trees are budding all around us. Grass is greening up and flowers are coming into bloom. Hence people are experiencing allergy, asthma and sinus issues as a result. You can support your respiratory system with effective Nature’s Sunshine products.

ALJ is one of our top sellers. This unique blend of five herbs encourages the gentle cleansing of the entire respiratory tract. ALJ contains horseradish root which is an aromatic herb that stimulates the respiratory system to get things flowing. It also has boneset herb used by Indians for nutritional support during seasonal times. Fenugreek seeds and mullein leaves are mucilaginous herbs that provide a soothing effect and fennel seeds is a cleansing herb. This formula helps soothe irritated tissues and supports healthy lung function. For effective support during seasonal changes why not try a bottle of ALJ. It comes in capsule and liquid form.

Bee Pollen is practically a perfect food. It contains amino acids, B vitamins, protein, minerals, enzymes and more. It also possesses beneficial antioxidant effects. Many natural health enthusiasts have used bee pollen to support the respiratory system during seasonal changes.

Spleen Activator TCM concentrate. The spleen helps filter the blood and provides immune support. This concentrated traditional Chinese formula may help the body deal with airborne irritants due to its support of the body’s blood-cleansing functions. The 17 Chinese herbs in Spleen Activator offer a variety of benefits, including increased circulation and improved blood quality.

HistaBlock is pretty self-explanatory. People who suffer from allergies usually grab some antihistamines for relief but they also have side effects usually making one sleepy. This product works

differently. When cells get damaged in the body they release several substances that create inflammatory reactions. One of these substances is histamine. Histamine is known for its ability to create the inflammation associated with allergic reactions, both respiratory and digestive. In both our intestinal and respiratory tracts we have specialized cells called mast cells. These cells are part of one’s immune system and help the body to neutralize substances that are irritating to the body. When mast cells become hyper sensitized to irritants, they can burst prematurely, releasing the histamine that creates the inflammatory allergic reaction. HistaBlock has natural antihistamine action. It also helps to stabilize mast cells, making them less likely to rupture and release more histamine. The net effect is a reduction in allergic sensitivity. It is not only helpful for hay fever, it can also help with food allergies and leaky gut syndrome. It can even help reduce allergic reactions in the skin in eczema and dermatitis taken internally or applied topically.

So don’t be afraid to get out and enjoy the warm weather and sunshine. Just take precautions ahead of time.

# GETTING INTO HIGH GEAR: TIPS TO REMEMBER FOR MOTORCYCLE SEASON

## ALLSTATE OFFERS TIPS FOR MOTORCYCLISTS AND DRIVERS FOR MOTORCYCLE SAFETY AWARENESS MONTH IN MAY

PARTS OF THE NEW YORK region experienced a short stretch of summer-like weather this month which got a lot of people thinking about taking a motorcycle ride. But while the warm weather might have been fleeting, a reminder about the "rider rules of the road" should be part of a motorcycle owner's regular routine. Riding on a motorcycle is an exhilarating but

risky experience – accidents are always a possibility.

According to the U.S. Department of Transportation, 55 out of every 100,000 registered motorcycles were involved in a fatal crash in 2010, a total of 4,502. An additional 82,000 motorcyclists were injured in accidents. Many of those crashes involved the passenger cars with whom they share the road.

"By keeping a few precautions in mind, drivers who share the road with motorcycle riders can help make sure that each trip they take is a safe one," says Jaclyn Darrohn, Allstate spokesperson in New York. Some of those precautions include the following:

- Respect motorcyclists, who enjoy all of the privileges of any vehicle on the road. Regard them as you would another car, and give the motorcyclist a full lane of travel.
- Keep your eyes open for motorcyclists

on the highway, at intersections, when a motorcyclist may be making a left turn, and when a motorcyclist may be changing lanes. Clearly signal your intentions – they're watching for them!

- Anticipate a motorcyclist's movements when there are obstructions in the road such as debris or potholes. What the driver of a car can ignore can be hazardous for a motorcyclist, so predict evasive actions.

One important action that motorcyclists should take? Another look at their insurance coverage to make sure they're informed on the extent of their protection. If you own a motorcycle, there's a good chance Allstate can help you protect it – and yourself – just in case of an accident. Allstate's motorcycle policies are designed with bikers' needs in mind, so call 1-877-379-BIKE (2453) for a quote. To find an agent in your area, visit [www.allstate.com](http://www.allstate.com).

Mollies are a genus of fish in the family Poeciliidae. They are native to fresh, brackish and salt water in the Americas. Mollies are Live-bearers. They come in several different colors and spot patterns, such as black, white, black and white spots, orange, orange and white spots.

Mollies have been kept successfully in freshwater, brackish, and saltwater conditions, although the last is not recommended for the novice aquarist. Mollies need to live in water that is (77 to 82 °F). Along with their platy cousins, the mollies are part of a pivotal aquaculture group of livebearers, which can live in water from fresh to fully marine, and a wide range of other conditions. They feed on smaller insects, animals, and vegetation.

Platies are native to the east coast of Central America and southern Mexico. Most platies now sold in aquariums are hybrids of southern platyfish and the variatus platy. The male's caudal fin is more pointed, and the anal fin of the male fish has evolved into a gonopodium, a stick-shaped organ used for reproduction. Platies are widely used in tropical aquaria. There are several different colors of platy available. They are considered easy to care for, thus a good starting point for beginners. They are common in community tanks because of their hardiness and non-aggressive nature.

The green swordtail, is a live-bearer, it is closely related to the southern platyfish or "platy" and can crossbreed with them. It is native to an area of North and Central America stretching from Veracruz, Mexico, to northwestern Honduras. The green swordtail prefers swift-flowing, heavily-vegetated rivers and streams, but is also found in warm springs and canals. Omnivorous, its diet includes both plants and small crustaceans, insects, and blood worms. Captive breeding has produced many color varieties of swordtails including black, red, and many patterns thereof, for the aquarium hobby.

**BACK TO BASICS BULK FOOD  
BRAND NAME FOOD WITH-  
OUT THE FANCY PACKAGE**

**B**ACK TO BASICS BULK FOOD, located at 2207 Dryden Road (Rt. 13 South) on the corner of Irish Settlement Rd, is stocked to serve you with high-quality brand name foods at lower prices. Owners Jeff and Kim Schenck, are excited about what they can offer at Back to Basics Bulk Food, your local grocery, deli and supplier of bulk goods.

At Back to Basics, they follow a few simple philosophies that translate into a higher quality product and lower prices for you. They buy in bulk and break it down into smaller packages, saving you money. "Here you aren't paying for the fancy packaging, so you benefit from a lower cost while still getting the quality you're looking for in a convenient package size," states Kim. "We are able to provide quantities that can range from a half-pound to as much as a pallet load." Back to Basics specializes in carrying all types of baking supplies. This includes an array of sprinkles and baking decorations, nuts, grains, specialty flours, and unusual flavorings. Snack lovers will find an amazing selection of pretzels,

and unusual mixes along of roasted nuts, seeds and dried fruits. The back wall of the store is stocked with a huge array of spices, as well as a variety of baking chips. Back to Basics also offers items for those with dietary restrictions. Products are on hand to meet these restrictions and make any dietary needs a more comfortable transition. There's a great variety of nuts available for consumers to go nuts over: peanuts, walnuts, hazelnuts, pecans, almonds, and many others. For extreme snackers there is always the wasabi snacks! The store sells all kinds of cereals and candies. The dark chocolate items are a special favorite of the store. Such items as the dark chocolate cherries, cranberries, and ginger are hard to keep on the shelf. Many of the chocolate items come from a wonderful company in Lititz P.A named Wilbur Chocolate Factory. In the deli, Back to Basics is stocks meats and cheeses. The unusual items here would include Amish Yogurt cheese, Lebanon Bologna, Sweet Bologna and other favorites from John F. Martin of Lancaster County, PA. Teas; both loose and in bags, are another favorite at Back to Basics, as well as Barrie House whole bean coffees. Also available is local raw honey. Buy it off the shelf or you can bring in your own jar and have it filled at a discounted price.

Jeff and Kim attribute the success of Back to Basics not only to the various quantities, unusual items, and good pricing, but also to great customer service and the fact that it is a small local business. One of the things they enjoy most about owning the business is dealing with the people who come into the store and trying to service their needs. "People really need to stop in and see what we have to offer," Jeff said. "I've often met new people that come in and say they've driven by Back to Basics for the past five years and then ultimately stopped in to check out what's in the store."

The store also offers custom gift baskets or gift certificates; the perfect gift for Mother's Day! In the future, Jeff and Kim at Back to Basics would like to continue to meet the needs of the community by expanding their product line. Back to Basics Bulk Food is open Tuesday through Friday from 9am to 6pm, and open Saturday 9am - 4pm. For more information, call them at (607) 844-8074,

or stop into the store at 2207 Dryden Road to see just what they have to offer. And remember to stop by May 7th through May 11th to help them celebrate their 16<sup>th</sup> anniversary. # HORSES AND ALPACAS ON DISPLAY AT FAIRGROUNDS THIS WEEKEND

## MUSICAL'S FINAL WEEKEND OF PERFORMANCES ALSO TAKES PLACE

STATE AGRICULTURE COMMISSIONER DARREL J. Aubertine today announced the following events running from May 3 - 5, 2013 at the New York State Fairgrounds:

There will be horses and alpacas on display at the New York State Fairgrounds this weekend.

The Empire State Arabian Spring Horse Show brings to the Toyota Coliseum the stately horses bred for centuries for their friendliness and courage. The event will feature All-Arabian and Half-Arabian horses from throughout the United States and Canada for a three-day dressage event. The show begins at 8 a.m. each day beginning Friday. Admission is free.

The 4-H Arena, in the meantime, will play host to the Pinto Horse Association of New York Spring Fling All-Pinto Horse Show. People will be able to see the horses, with their distinctive coats of two-toned large patches, as they take part in events designed to test the horse and rider's control, showmanship, and riding ability. The event begins at 7:30 a.m. Saturday and Sunday. Admission is free.

The Northeast Alpaca Expo will feature hundreds of alpacas, which will be judged on the quality of their thick coats. Alpacas are domesticated members of the camel family that are raised for their hair. Alpaca fiber goes into all kinds of clothing and bedding products. Judging begins at 8 a.m. Saturday. Organizers plan to use a small camera to show and listen to judges as they discuss the qualities of each entrant. Seminars on a variety of alpaca-related issues are also scheduled. Admission to the Exhibit Center event is free.

"Suds: The Rocking 60's Musical," completes its run in the Empire Theater, telling the story of a young girl's search for love through the music of the early rock n' roll era. Performances are Friday and Saturday at 8 p.m. and Sunday at 2 p.m. Tickets are \$25 for adults, \$23 for seniors and students. Group discounts are available through the show's website, thetalentco.com.

In addition to the annual New York State Fair, the Fairgrounds host dozens of agricultural events throughout the year, including some of the Northeast's most prestigious horse and livestock shows. The New York State Fair runs from August 22 - September 2, 2013. The Fair's theme is "Sharing the Bounty and Pride of New York."

The home of the Great New York State Fair is a 375-acre exhibit and entertainment complex that operates all year. A year-round schedule of events is available on the Fair's website. Find The Great New York State Fair on Facebook or follow NYS Fair on Twitter. Also, New Yorkers are invited to send their ideas on the Great New York State Fair at statefairideas@agriculture.ny.gov.
