MIKE'S FISH TANK POND SEASON

Pond season fast approaching. Most pond fish breeders say that Memorial day is the official kickoff of pond season.

You want your water to warm up a bit before adding your fish. Fish that have been inside may not be ready for that chilly water yet. When you do take your pond fish back outside, be sure to float them in a bag for only 5 minutes. This will help them adjust to the cooler water.

Avoid overstocking the pond. To maintain healthy fish and clear water, do not overload the ecosystem with too many fish. For a new pond, a good rule of thumb is one inch of fish per square foot of surface area. Once the pond is built, pond owners can add a few fish at a time over a 30-day period, allowing time for the pond and filter to be biologically ready to support the additional aquatic life. A mature pond can support two to three inches of fish per square foot. If your fish population exceeds these guidelines, you may need to increase the size of your filter. The following are good fish for ponds.

Comets, one of the most popular types of goldfish, have long slender bodies and are typically solid orange and metallic in appearance. Shubunkins have longer, thinner bodies and are typically shaped like the common goldfish. They are primarily bred for their beautiful colors.

Koi:are ornate cousins of the carp family and can be easily identified by their whiskers. Their vivid coloration, striking patterns, longevity and impressive size make them popular pets. Standard Koi colors are black, white, yellow, orange, blue or red.Other koi types are,Taisho Sanke: Pure white Koi with distinct red and black markings.

Ohgon or neon Koi: Usually yellow, orange or gold metallic. Butterfly Koi: Distinguished by their long butterfly fins.

Pets A Plenty is located in the Blockbuster Video Plaza, Rte 281 Cortland, 753-9213. Open 7 days a week. We now have a website. WWW. PETSAPLENTY.BIZ. check it out. I post care sheets, coupons, new animal arrivals, contests and more. Any questions, email me at friskyy@hotmail.com

MANAGING CONCERNS ABOUT FALLS

ON'T CUT BACK ON A favorite activity or turn down a chance to go out with family or friends because you are concerned about falling. "A Matter of Balance: Managing Concerns about Falls" can help older adults improve their quality of life and remain more independent.

Fear of falling can be as dangerous as falling. Limiting activities can result in physical weakness, making the risk of falling even greater. Many older adults also experience isolation or depression when they limit their interactions with family and friends.

"A Matter of Balance" classes, held for the first time twice a week for 4 weeks, rather than once a week for 8 weeks, is an evidence-based program designed to reduce the fear of falling and increase activity levels among older adults. Participants learn to set realistic goals to increase activity, change their environment to reduce fall risk factors, and learn simple exercises to increase strength and balance.

Two class series are being offered beginning in May, both to be held on Tuesdays and Thursdays. Participants must preregister for a specific class series and can only attend classes for that location.

Walden Place, located at 839 Bennie Road in Cortland, will be the host site for classes running May 2nd through May 25th from 9:00 - 11:00 AM. The Homer Senior Center, located in the Homer Town Hall at 31 North Main Street in Homer, will be the host location for the other class series beginning May 9th and continuing through June 1st with classes held from 1:30 - 3:30 PM.

Preregistration is required. Call the Area Agency on Aging at (607) 753-5060 to register and for more information.

This class series is sponsored by Cortland County Area Agency on Aging (AAA) and the Retired and Senior Volunteer Program (RSVP).

"Been there several times and been treated with respect every time I go there. There selection of antique and modern stuff is amazing and most of it is in mint condition."

"I walked by this place one day and decided to see what was inside. I was blown away!!! In some ways it was a time warp, they have beautiful glass and random antiques. (like a Garfield phone) if you have old dishes and are missing a few pieces they might have it. It's truly a nice shop, and it's clean! A big huge store stuffed full of gorgeous glass, silver, and other random stuff and it's CLEAN. I was super impressed! Nice couple too."

Ed and Marlene would like to say thank you to everyone for their support.
