HY WORK FOR COMFORT KEEPERS? THE Ithaca office that services both Cortland and Ithaca has been owned by Teresa and Jeff Nix since August 2011. Since this time they have worked tirelessly to ensure that the caregivers are well cared for, paid well, have a great "Perks Package" and that the Administrative and Caregiver Team works well together. It is the philosophy that Caregivers who are well cared for and appreciated will take great care of their clients. This has shown as they have received the Corporate Award four years in a row of "Operation Excellence".

Teresa has been a caregiver and even grew up in a Geriatric Care Home, as her Great Grandmother and Grandmother owned the home since she was young. She was a CNA prior to her Military Career and then a HHA there after prior to her Administrative Position at Classen Home Health and later Executive Director for Bridges Cornell Heights. Therefore, Teresa is very "hands on" and involved with her employees to assure work satisfaction. Recently an employee lounge complete with lunch on Fridays has been added.

Retention rate is above industry standards and caregivers have testimonials such as:

"Being a caregiver means the world to me. God has been good to me, and I am so happy to be taking care of my clients. Thank you very much for this reward!"

"I personally enjoy working for Comfort Keepers. I enjoy the staff I work with along with the clients. The office staff is truly wonderful and are always available if I ever need anything. I get treated with respect. I must say this is the best homecare agency I have worked for."

"So many people do NOT have a career they love. I cannot begin to describe the joy it brings me to give comfort to our clients as well as their families. I feel I bring the client independence and the family peace of mind. I become a part

MIKE'S FISH TANK BEARDED DRAGONS

KNOW I WRITE ABOUT fish a lot but sometimes I like to talk about other popular pets in the pet industry. The bearded dragon is a very popular reptile. Their characteristics include spiny scales arranged in rows and clusters. These are found on the throat, which can be expanded when threatened, and at the back of the head. These spiny scales are used to scare off predators, yet they are not very sharp. Beardeds also feature a hand-waving gesture; this is to show submission between dragons. They also have a head-bobbing act to show dominance. They have the ability to change color during rivalry challenges between males, and in response to temperature change, such as turning black to absorb heat.

Bearded dragons are popular among children, because of their friendly and calm nature, along with relative ease of caring for them. Adults reach from 16 to 24 inches from head to tail. A typical bearded dragon diet consist of leafy greens, vegetables and non citrus fruits, supplemented regularly with insects. Crickets are the most popular feeder choice, but beardeds can also be fed other insects such as super worms, wax worms, silk worms, mealworms and butter worms. Juvenile dragons require a significantly greater insect to plant matter ratio in their diets than adults.

A lot of people can't decide between a bearded dragon or an Iguana as a pet. Keep in mind that bearded dragons do not get as big as iguanas do. However if you do not want to feed live insects then you should choose an iguana as they are strictly

Bearded dragons are most commonly found in arid and semiarid woodlands and rocky deserts in Central Australia. They are adept climbers, spending time on branches and in bushes and near human habitation. Beardeds bask on rocks and exposed branches in the mornings and afternoons. Prices of young bearded dragons can range from \$49.99 to as much as \$99.99 depending on size, age, and color. They do make excellent pets and are very easy to care for.

DERMATOLOGY ASSOCIATES OF ITHACA WHAT IS ACNE?

3773 Luker Road Cortland, NY 13045 P: (607) 257-1107 • F: (607) 257-0369

NINCE ACNE IS THE MOST common skin condition seen in the U.S., many of us have had that moment where we wake up in the morning to find a pimple in the middle of our forehead or remember it as the most distressing part of our adolescence. Presenting as pimples, blackheads, whiteheads, inflamed bumps and cysts, they can appear almost anywhere from the face and chest down to the buttocks. While treating acne decreases the risk of scarring and dark spots, many fight the urge to squeeze or pop them. So, why do these pesky lesions occur? Acne develops from clogged pores caused when the body produces a lot of sebum (natural oil), causing dead skin cells to stick together and preventing them from shedding. The easiest way to decrease pores from clogging is to use products labeled as "non-comedogenic" or non pore-clogging. Choosing a cleanser with salicylic acid (helps reduce sebum and redness) and benzoyl peroxide (decreases bacteria on the skin) will also help with acne prone skin and breakouts. "Acne can have social and psychological impact on an individual, so it is really important for me and all of my providers to take the time to develop a customized treatment plan for each patient," says Dr. Josephine McAllister of Dermatology Associates of Ithaca. Sometimes, over-the-counter medications are not effective. Topical prescription medication may be needed or in some cases, oral antibiotics such as minocycline or doxycycline, or even isotretinoin (Accutane®). While acne can be distressing, it is important to talk to your dermatologist about your options and make sure to give any type of treatment at least two months to show improvement.

Dr. Josephine C. McAllister is a board-certified, Harvard trained dermatologist who has selectively chosen and mentored her team of five Physician Assistants with a mission to make dermatologic care more accessible to patients. They are excited to welcome patients to their new office, conveniently located in Cortland at 3773 Luker Road.

Effect of filing: All persons having or claiming to have an interest in the real property described in the Petition are hereby notified that the filing of the Petition constitutes the commencement by the City of Cortland (the "Tax District") of a proceeding in the court specified in the caption above to foreclose each of the tax liens therein described by a foreclosure proceeding in rem.

Nature of proceeding: This proceeding is brought against the real property only and is to foreclose the tax liens described in the Petition. No personal judgment will be entered herein for such taxes or other legal charges or any part thereof.

Persons affected: This notice is directed to all persons owning or having or claiming to have an interest in the real property described in the Petition. Such persons are hereby notified further that a duplicate of the Petition has been filed in the office of the Enforcing Officer of the Tax District and will remain open for public inspection up to and including the date specified below as the last day for redemption.

Right of redemption: Any person having or claiming to have an interest in any such real property and the legal right thereto may on or before said date redeem the same by paying the amount of all such unpaid tax liens thereon, including all interest and penalties and other legal charges which are included in the lien against such real property, computed to and including the date of redemption. Such payments shall be made to City of Cortland, Administration and Finance, 25 Court Street, Cortland, New York 13045. In the event that such taxes are paid by a person other than the record owner of such real property, the person so paying shall be entitled to have the tax liens affected thereby satisfied of record.

<u>Last day for redemption</u>: The last day for redemption is hereby fixed as March 16, 2018.

Service of answer: Every person having any right, title or interest in or lien upon any parcel of real property described in the Petition may serve a duly verified answer upon the attorney for the Tax District setting forth in detail the nature and amount of his or her interest and any defense or objection to the foreclosure. Such answer must be filed in the Office of the Cortland County Clerk and served upon the attorney for the Tax District on or before the date above mentioned as the last day for redemption.

<u>Failure to redeem or answer</u>: In the event of failure to redeem or answer by any person having the right to redeem or answer, such person shall be forever barred and foreclosed of all his or her right, title and interest and equity of redemption in and to the parcel described in the Petition and a judgment in foreclosure may be taken by default.

Enforcing Officer:

Attorney for Tax District:

Lori Crompton
Deputy Director of Administration & Finance
