Joy that flows effortlessly through us, outwardly for others. Connection. Meaning, & Joy are both birthright and True Nature. our our The single most potent way you can gift YourSelf and others the felt experience of Connection is with your Presence. Presence is who you Are, naturally, when you are not distracted while engaging with another. It's your eyes meeting the eyes of strangers in your community and offering a gentle smile. When our eyes Welcome one another with the warmth of a smile, even just for a mere second, a Connection happens. Over time, this simple practice of your Presence becomes a direct experience where you will recognize that you are now Seeing others from the Clarity from the 'Eyes of your Heart'. It is through these lenses that we See and Feel our Connected Humanity. We Feel our inherent Unity in one another's eyes. I invite you to bring this one practice into your life for the next  $two weeks; {\it Practice giving others your undivided attention}.$ It can be offered to those you simply pass by, to those around you as you move about your community, and especially with the members of your household. Listen to others with your Presence; without multitasking. Give others your Eyes and your full attention, and you will give them the profound experience we are starved for in our present culture; the experience of truly being Seen. When we offer our Presence, we truly See one another. Our Kindest Humanity within and with one another is our full capacity, lived, in Action. **2018 HOMER WINTERFEST** 

**F**ROM FRIDAY NIGHT THROUGH ALL day Saturday, January 26th and 27th, the 18th annual Homer WinterFest brings food, fun, and entertainment to residents and visitors from Cortland County and beyond. WinterFest began in 2000 as part of the Homer Business Association, to bring fun activities into the Village during the winter season and to promote the Homer community. Since these humble beginnings, this classic festival has grown into a hugely popular event within the Village, providing something for everyone including a Friday night bonfire and fireworks, wine and beer tasting, antiques and crafts, children's activities, sled racing, ice sculptures, and much more.

Friday evening starts out with a fish fry at the Homer Elks Lodge followed by a bonfire behind the Homer Fire Department. Fireworks begin at 6:50 pm. The Community Arts Challenge grand opening starts at 7:00 at the Center for the Arts. You can find food and drinks with a live DJ at the Homer American Legion at 7:30. Friday night is also the last chance to drop off your entry for the Gingerbread Cookie Decorating Contest, a new event sponsored by Sinfully Sweet Café.

Saturday morning opens with a pancake breakfast at the Paul Hill Community Building, followed by a flea market (with pizza and cinnamon buns) at the Senior Center behind the Town Hall. The antiques and crafts shows take up both gymnasiums at the Intermediate/Junior High School. At 10:00 am, the children's events begin at the Homer Elementary School and include games, face painting, crafts, and Dan the Snake Man. At 1:00 pm, Joshua J. Superstar will provide hilarious stunts, comedy & juggling.

The Seven Valley Snow Goers present a vintage snowmobile display with free rides (weather permitting) at Super Scoops. Don't miss the parade on Main Street at 10:15, followed by the human dog sled race on the green at 11:00. Local amateur chefs compete at the annual Chili Cook-Off, with judging by the public, held at Hobo's on Rt. 281 at 12:30. ## **DERMATOLOGY ASSOCIATES OF ITHACA** MAKE THE MOST OF ANTI-AGING

3773 Luker Road Cortland, NY 13045 P: (607) 257-1107 • F: (607) 257-0369

The two MOST COMMON CAUSES of premature aging are cumulative sun exposure and genetics. There are a number of products on the market to help prevent, slow down and correct the signs of aging, but the best way to create an effective anti-aging regimen is to always start with healthy skin care habits.

Deciding on which anti-aging products to use can feel overwhelming. Dr. Josephine McAllister says, "choosing a moisturizer and broad-spectrum, SPF 15 or higher sunscreen you will use every day to ensure your skin is well hydrated will make a noticeable difference." While the sun is not as prevalent during the winter months, it is important to keep your skin moisturized and protected daily with SPF. Once your skin is well hydrated it's important to take on one concern at a time. Using multiple products at the same time can irritate the skin.

Retinol is a popular ingredient dermatologists recommend looking for in anti-aging products. The winter months are a great time to try products with retinol since it makes the skin more sensitive to sunlight. Topical retinoids are best used at night and for at least six months to show benefit. Once you select a product, you can maximize its efficacy by following tips that dermatologists share with their patients. Your dermatology provider is also a good source of information about in-office treatments such as Botox. Dermatology Associates of Ithaca offers chemical peels, Botox, and Juvederm in the office.

Dr. Josephine C. McAllister is a board-certified, Harvard trained dermatologist who has selectively chosen and mentored her team of five Physician Assistants with a mission to make dermatologic care more accessible to patients. They are excited to welcome patients to their new office,

conveniently located in Cortland at <u>3773 Luker Road</u>.

## **MIKE'S FISH TANK** BETTAS

Lot of customers ask me about super delta bettas and half Amoon bettas. Delta tail betta fish are single tailed bettas.

Their tails have sharp, straight edges but they have a span of about 130 degrees or less. They are often mistaken for Halfmoons but Halfmoon betta fish have a 180-degree span.

Delta tail bettas have a delta or triangular shape, which explains their name. This type of betta fish also has symmetrical tails.

Super Delta betta are an enhanced version of the Delta. They are one step closer to the Halfmoon variety in that their tails have a span between 130 -170 degrees.

Be mindful of keeping bettas together in the same tank, as they are known to be very aggressive fish. They are available in various colors and color-mixes that are quite eye-catching when on display in any aquarium.

A lot of people do not think you can put a betta with other fish, but it's ok as long as you do not have any fish that will go after their big tails.Bettas usually only fight with other bettas.They rarely fight with other fish.

Although you can put female bettas together, they usually get along fine.
