LOVE IS AN INSIDE JOB

TITH VALENTINE'S DAY ON THE approach, the visual abundance of decorative hearts wonderfully invite the question and inquiry of 'What IS Love?'

The wisdom of the Sufi poet Rumi deeply shaped my Inquiry with this directive; "Your task is not to seek for love, but merely to seek and find all the barriers within yourself that you have built against it."

This led me into a simple and potent practice of studying myself vigilantly, from morning to night, as I wanted to know for myself what my particular barriers were that would limit or block 'Love'.

I discovered that when I was truthful, patient, receptive, calm, present, tender, clear, flexible, and harmonious, I felt myself to be in a particular state of being that felt timeless, enduring, and unchanging. I could feel myself to be Seeing circumstances and others naturally through the lenses of the Eye of my Heart.

Whenever access to that experience was blocked, the barrier was again, a way of Being, with the signatures of judgement, agitation, resentment, self serving, rigid, and criticism at the helm.

It became apparent that there are simply two distinct ways of being; we are either 'Being Love' or operating in response to

Fear. All of my patterns were emanations of only one or the other. I was either an expression of Love or attempting to hold onto/resist something from Fear.

For the next two weeks, I invite you to test for yourself the question I married myself to regularly so I could discover the barriers I placed between myself and the experiences of Love;

1. 'in this moment, am I looking/hearing through the lens of Fear or Love?

2. 'What would my next step be if I could only look or listen through the lens of Love?'

By discovering and understanding our personal barriers to Love, we are birthed anew in Awareness, as Awareness affords is new choices. With these two questions, we ultimately get stripped down to our timeless, radiant self that is woven in and as the threads, the fabric of Love. This essence is our birthright, our magnificent and unified True Nature, for Love is Who we Are.

have lost legs or claws during their present growth cycle, a new one will be present when they molt. If the large fiddle claw is lost, males will develop one on the opposite side after their next molt.

Fiddler crabs live rather brief lives of no more than two years (up to three years in captivity). Male fiddler crabs use the major claw to perform a waving display as a form of female courtship. Male versus male competition also occurs as a fighting with the major claws. If a male loses his larger claw, the smaller one will begin to grow larger and the lost claw will regenerate into a new (small) claw.

The fiddler crabs do best when given a place to get out of the water. I usually have them in a tank of part water, part land. Or I have a large floating plant they can crawl onto.

All crabs are scavengers and will eat most any fish food, I throw in some small shrimp pellets as these sink and the fiddlers can actually hold them in their claw and eat them.

Another type of crab found in aquariums is the red crabs. They do not have 1 big claw but rather 2 small claws which are kind of purple in color. Housing the 2 types together may result in fighting.

CORTLAND COUNTY HALL OF FAME 2018 INDUCTEES

HOMEVILLE MUSEUM IS SEEKING NOMINATIONS for 2018 Inductees into our Cortland County Hall of Fame. We inducted 10 members as the Inaugural Class in 2016 and 5 members in 2017. This year's goal is to add 5 more people whose achievements (in industry, public service, military, entertainment or many other ways) are worthy of honoring, plus showcase the rich history of Cortland County and our great country. Full procedures can be obtained from our website, https:// homevillemuseum.wordpress.com/cny-local-history/ or by emailing us at: homeville@cnylivinghistory.org. Additionally, copies are available for pick up at the CNY Living History Center, 4386 US Route 11, Cortland, NY.

A nomination can be as simple as the person's name and can be returned via email, dropped off at the CNY Living History Center or mailed to: Hall of Fame Committee, Homeville Museum, PO Box 162, Homer, NY 13077. Your contact information is very useful in case we have questions.

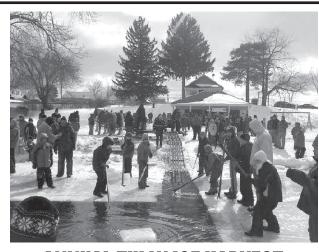

We encourage sharing and discussion on Facebook. However, this will not be considered a nomination, since it would be very difficult to ensure we saw and recorded names suggested this way, especially if our post was shared. Please use one of the methods listed above—emailed, mailed or dropped off at the CNY Living History Center.

Nominations are due by February 28, 2018. Following the nomination phase, a panel of community members will review and select this year's honorees. We are seeking volunteers and/or suggestions for members of this panel. Please use the contact information above, or call the CNY Living History Center at 607-299-

> 4185, if you would like to volunteer or suggest someone for the selection panel.

The 2018 class of honorees will be announced in mid April and inducted in mid-late May. Details for these phases will be posted on the Homeville Museum website and Facebook when finalized. Each honoree will have biography with pictures prominently displayed and their names added to the Hall of Fame plaque.

The primary Homeville Museum contact is Kim Walsh,whocanbereached via email at: homeville@ cnylivinghistory.org

THE IMPORTANCE OF EARLY Detection and treatment of skin cancer

Dermatology Associates of Ithaca 3773 Luker Road Cortland, NY 13045 P: (607) 257-1107 • F: (607) 257-0369

KIN CANCER IS THE MOST common of all cancers with over 5.4 million cases of non-melanoma skin cancer treated each year and climbing. Fortunately, it is also one of the easiest to cure when diagnosed and treated early. An annual full skin exam with a dermatologist is the best way to ensure you don't become a statistic in the battle against skin cancer.

Many people are familiar with the ABCDEs of melanoma: A – asymmetry, B – border, C – color, D – diameter, E – evolution. While melanoma is the deadliest type of skin cancer, many people do not know there are non-melanoma types of skin cancer such as basal cell carcinoma (BCC) and squamous cell carcinoma (SCC) that show different characteristics. Non-melanoma skin cancers are slower growing than melanoma, but when left untreated they can affect an individual's quality of life. About 90% of non-melanoma skin cancers are associated with ultraviolet (UV) radiation from the sun, thus, the importance of daily application of a broad-spectrum SPF 30 or higher sunscreen.

We can only see 50% of our skin, so it's important to see a dermatologist to make sure the other 50% of your skin is monitored. A well-trained dermatologist or specialized dermatology physician assistant will use a device called a dermatoscope to look at the skin during your exam which magnifies 10x, allowing them to see possible abnormalities we may miss by just using our eyes.

Dr. Josephine C. McAllister is a board-certified, Harvard trained dermatologist who has selectively chosen and mentored her team of five Physician Assistants with a mission to make dermatologic care more accessible to patients. They are excited to welcome patients to their new office, conveniently located in Cortland at <u>3773 Luker Road</u>.

January 31 – February 13, 2018

CNY LIVING HISTORY CENTER

4386 US Route 11 Cortland, NY 607-299-4185 <u>cnylivinghistory.org</u>

2017 MARKED THE FIFTH YEAR anniversary of the opening of the CNY Living History Center and a lot has changed since 2012! Last year was perhaps one the best years the Center has experienced to date and that is all thanks to our members and volunteers. Both came together to build, curate, and organize the best exhibits this Center has ever housed. Each museum had its volunteers go above and beyond in every aspect and do something that they had never done before. Both members and volunteers came together to create some of the best exhibits yet!

The Homeville Museum took on the ambitious project of constructing a full-scale WWI trench inside the museum. Complete with rats and sound effects, give the visitor a look into what life was like for those who fought over 100 years ago. In our Brockway Museum, we managed to break the record of most number of trucks on display with a full dozen. Previous years have seen nine and maybe sometimes even ten trucks on display but never a full dozen. Our volunteers pulled off a miracle by squeezing a whole two extra full-size Brockways on the floor! In the Tractors of Yesteryear Museum, members decided to show the legendary war of two brands: John Deere and International. Such a theme has never been curated

before in the TOYs component and has become one of our exhibits with the most intriguing backstory! However, our exhibits aren't the only things that have continued to get better and better each year.

In 2017 the CNY Living History Center experienced a whole ten percent increase in overall admissions from the previous year! That means that our visitors love history just as much as we do! The museum continues to grow in many aspects each and every year, and our fifth year in business was an exceptional one. So we would like to give a special thank you to all of our visitors, members, and volunteers who constantly support us and allow us to bring history to life for all to enjoy! Also don't forget to keep an eye for our 2018 exhibit reveal because we have many more ambitious projects coming your way, so stay tuned!

DRYSHOD BOOTS MAKE DEBUT IN TIME FOR WINTER WEATHER

CONSUMERS WILL HAVE A NEW footwear option for working and playing in the coldest, wettest, messiest conditions out there. DRYSHOD Footwear International made its official launch on January 1 with focus exclusively on waterproof footwear for work and sport categories.

According to co-founder and product designer, Jim Donohue,

"with a name that literally means "dry shoes", we feel there is a unique opportunity to become the premier brand in the waterproof-footwear category within a very short time". The company will be introducing 16 new models all featuring waterproof constructions, premium insulating materials, breathable linings, cold-blocking outsoles and HYDROKOTE hydrophobic water-repellent coatings. DRYSHOD boots and shoes are guaranteed to keep your feet warm, dry and protected and will be available in Men's, Women's and Children's sizes.

As the former founder and owner of *The Original Muck Boot Company*, Jim Donohue pioneered waterproof "bootie-

style" rubber boots for farm, hunting and outdoor-sport applications. With recent advancements in waterproof materials and manufacturing techniques, Jim and his new partners feel this is the perfect time to launch a new footwear brand that utilizes those advancements to the fullest extent.

For more information, or to try a pair on for yourself- Shop the new selection of DryShod footwear at Nightingale's Tully Lakes Hardware, in the Village of Tully. Open 7 Days a Week.

February 8 – May 3 – 2018 Master Composter Training

Application Deadline: January Monday, 29 County Tompkins Cooperative Extension, 615 Willow Ave, Ithaca Ten in-depth classes and volunteer work train Master Composters, an enthusiastic group committed to

responsible promoting composting in Tompkins County. The training classes include both compost topics (i.e. bins, science & uses) and education topics (i.e. effective teaching, lesson planning). Members of the class also work on projects outside of class, and volunteer alongside previously-trained Master Composters. One project is to plan, organize and staff the annual Compost Fair, which will take place this year on Sunday, April 29. After training, Master Composters give back to the community through a wide variety of educational activities, or design their own. There is a \$60 deposit for the training, refunded in full after completion of volunteer hours. More info and applications are available at http://ccetompkins.org/ me or by contacting Adam Michaelides by email acm1@ cornell.edu or phone 607-272-2292.

Effect of filing:All persons having or claiming to have an interest in the real property described in the Petition arehereby notified that the filing of the Petition constitutes the commencement by the City of Cortland (the "Tax District") of a proceeding inthe court specified in the caption above to foreclose each of the tax liens therein described by a foreclosure proceeding in rem.

Nature of proceeding:This proceeding is brought against the real property only and is to foreclose the tax liens describedin the Petition. No personal judgment will be entered herein for such taxes or other legal charges or any part thereof.

<u>Persons affected</u>: This notice is directed to all persons owning or having or claiming to have an interest in the real property described in the Petition. Such persons are hereby notified further that a duplicate of the Petition has been filed in the office of the Enforcing Officer of the Tax District and will remain open for public inspection up to and including the date specified below as the last day for redemption.

<u>Right of redemption</u>: Any person having or claiming to have an interest in any such real property and the legal right thereto may on or before said date redeem the same by paying the amount of all such unpaid tax liens thereon, including all interest and penalties and other legal charges which are included in the lien against such real property, computed to and including the date of redemption. Such payments shall be made to City of Cortland, Administration and Finance, 25 Court Street, Cortland, New York 13045. In the event that such taxes are paid by a person other than the record owner of such real property, the person so paying shall be entitled to have the tax liens affected thereby satisfied of record.

<u>Last day for redemption</u>:

The last day for redemption is hereby fixed as March 16, 2018.

<u>Service of answer</u>: Every person having any right, title or interest in or lien upon any parcel of real property described in the Petition may serve a duly verified answer upon the attorney for the Tax District setting forth in detail the nature and amount of his or her interest and any defense or objection to the foreclosure. Such answer must be filed in the Office of the Cortland County Clerk and served upon the attorney for the Tax District on or before the date above mentioned as the last day for redemption.

<u>Failure to redeem or answer</u>: In the event of failure to redeem or answer by any person having the right to redeem or answer, such person shall be forever barred and foreclosed of all his or her right, title and interest and equity of redemption in and to the parcel described in the Petition and a judgment in foreclosure may be taken by default.

DEFENDER LOCKED AND LOADED

ROB HARVEY, BIG GAME HUNTER

When it comes to big game, bagging a trophy is long, hard work. So we designed a Defender to be as doggedly persistent as hunters like Rob Harvey in pursuit of their prize. Accessorized with a heavy-duty power tilt-bed and a removable winch mount, it'll be ready when you are.
