JERRY DELL FARM & FARM STORE PROVIDING ORGANIC AND LOCAL FOODS TO CORTLAND AND TOMPKINS COUNTIES

TARTED IN 1946 BY GERALD and Ardella Sherman in the Scenic hills of Dryden, New York, Jerry Dell Farm is still family owned and operated by Vaughn and Sue Sherman, along with their sons, Jeremy and Ryan Sherman.

 $Jerry\,Dell\,Farm\,has\,expanded\,by\,purchasing\,farms\,in\,Freeville$ and Groton, NY. Most recently, they acquired Lew-Lin Farm, which neighbors the original farm location in Dryden, NY. This new location will transition to organic farming within three years.

Together, the farms milk over 1000 cows each day. Keeping with their mission of producing fresh and local foods, the milk is processed at the local Byrne Dairy plant, located only miles away in Cortland, NY.

Jerry Dell Farm has been certified organic since 2000, which involves a rigorous certification process as well as annual reviews, completed by Northeast Organic Farming Association of New York (NOFA-NY). Since their certification, Jerry Dell Farm has also earned New York State's prestigious "Super Milk" award for outstanding milk quality and herd health.

Recognized as a 'Dairy of Distinction' for 15+ years, Jerry Dell Farm upholds a high standard of farming excellence.

Jerry Dell Farm has also been an active advocate for organic local produce and responsible farming practices. As proud members of the local community, Jerry Dell Farm has supported Farm-City Day and participated in Dryden Dairy Days. They also offer educational farm tours to many of the local schools and professionals from around the world.

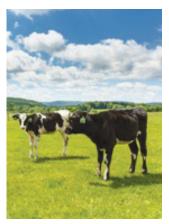

Jerry Dell Farm Store, located at the Freeville location, offers organic and natural meat, produce, eggs and cheese. The produce and milk is certified organic through Northeast Organic Farming Association of New York. All produce is grown within 3 miles by Ithaca Organics, owned by Trever Sherman. Visit www.ithacaorganics.com to sign up for the CSA. Jerry Dell Farm is also certified to sell raw organic milk to the public. Sign up to purchase raw milk at the store; pick up raw milk at the barn.

During the summer months, the farm store is open Monday through Saturday, 10-6. To learn more about Jerry Dell Farm and the farm store, visit www.jerrydellfarm.com.

TODAY IS ALL THAT MATTERS 'THREE GIFTS TO GIVE YOUR MOTHER'

If I had a Magic Wand and I could create the perfect Gift for You to offer to your Mother (whether she is alive or not) this Mother's Day it would be the Gift of Healing, Reconciliation, and Forgiveness. Combined, all three are the Gift of Understanding, which is Peace & Freedom.

Gift # 1; Healing; as a Coach and Counselor, I can tell you from sitting with many students and clients that everyone has unhealed business with their Mother - until they don't. Your Mother, exactly as she was, was likely a 'primary programmer' in your life. She was a programmer in that all of her beliefs, assumptions, and patterns were transmitted to You. The patterns anchored in Love were installed in You, as well as the programs rooted in her fears. As an adult, it is now your

responsibility to consciously examine everything you believe 'true' and to Questions your own assumptions and beliefs. Healing is the Art of returning to your memory of Wholeness, and that process requires an overhaul of sorting through what was given to you with the best intentions by your Mother (among others, of course) and determining for yourself what to keep as yours, and what to release. What uplifts and draws you closer to Love and what creates barriers within You between YourSelf & Love...?

Gift #2; Reconciliation; This is the Art and process of tending to any wounded aspects of YourSelf that you have perhaps ignored or hoped would just go away. They don't. They will show up in dynamics and interplays in your present relations seeking healing, and they are part of what sources our habits/patterns/addictions that we turn to to change the way we are feeling. Our unhealed wounds, Reconciled, free You up to live Connected, Purposeful, and with Awe in your life in the Present.

Gift #3; Forgiveness; Forgive everything that has passed. Your Mother, in all her Innocence, absolutely did the very best she could. When we live in the world of 'shoulda, coulda, woulda's' ('my mother should have been more supportive', or 'my mother could have parented me differently') we can only carry the weight of the judgment and criticism. The bottom line is that your Mother, only could have made the choices she did, because those are the choices she made, AND, everyone, without exception, is always 'doing' the very best they are capable of, at the time. This Awareness is what 'Understanding' truly is, the Heart of Forgiveness. It reveals to You the Innocence of both your Mother, and All Beings.

My mother was Wise for these three simple aphorisms that she imparted to everyone, daily;

- 'Keep the Faith'
- 'For God's Sake, Have Fun'
- 'Love So Becomes You'

I promise You, these 3 Gifts and 3 Aphorisms will serve You, for all your remaining days, in All your Relations. Test them for YourSelf, and Gift YourSelf, and All others, Freedom.

MIKE'S FISH TANK PONDS

 ${f P}^{
m OND}$ season fast approaching. Most pond fish breeders say that Memorial day is the official kickoff of pond season.

You want your water to warm up a bit before adding your fish. Fish that have been inside may not be ready for that chilly water yet. When you do take your pond fish back outside, be sure to float them in a bag BUT ONLY for only 5 minutes. This will help them adjust to the cooler water.

Avoid Overstocking the Pond. To maintain healthy fish and clear water, do not overload the ecosystem with too many fish. For a new pond, a good rule of thumb is one inch of fish per square foot of surface area. Once the pond is built, pond owners can add a few fish at a time over a 30-day period, allowing time for the pond and filter to be biologically ready to support the additional aquatic life. A mature pond can support two to three inches of fish per square foot. If your fish population exceeds these guidelines, you may need to increase the size of your filter. The following are good fish for ponds.

Comets, one of the most popular types of goldfish, have long slender bodies and are typically solid orange and metallic in

Koi:are ornate cousins of the carp family and can be easily identified by their whiskers. Their vivid coloration, striking patterns, longevity and impressive size make them popular pets. I have a koi at Doug's fish fry restaurant. When I put him in their tank, he was like 3 inches long, now he's huge and around 13 years old.He just doesn't like other fish in with him. But normally koi are fine together especially in ponds.

FROZEN OCEAN **MOTORSPORTS FACILITY**

ROZEN OCEAN MOTORSPORTS FACILITY BEGAN IN March of 1987, when the Denman family carved the track out of their back pasture fields. For more than 30 years, Bill Denman and his sons put their blood, sweat, and tears into making Frozen Ocean one of the greatest motocross tracks in the country.

On Bill Denman's 80th birthday, he passed the torch to Ryan Walczak. Ryan first rode the challenging course as a young teen. It was actually the first track he ever practiced on. Now, with the help of his wife Jessica, friends, and family, he will assist the Denman's in continuing the legacy of Frozen Ocean.

Currently, the facility sits on 66 acres overlooking Skaneateles Lake and the surrounding Finger Lakes area at 4415 Vanderstouw Road, Auburn. There is a challenging Night Cross track, a Super Cross track, a practice track for 50cc riders, an off-road track for ATVs and side x sides, and a clay oval for go-kart racing. Frozen Ocean is a full-service facility with a pavilion, flush toilets, concession stand and merchandise for sale.

Frozen Ocean also hosts "mud bog" family friendly events for all ages with free wagon and fire truck rides

throughout the day. They also have a concession trailer at all events and live bands most of the time. Anyone who comes for an event weekend can also camp for no additional cost.

CNY LIVING HISTORY CENTER

F YOU ARE FAMILIAR WITH the CNY Living History Center and $oldsymbol{ol}}}}}}}}}}}$ displays and exhibits once a year. We are unique in many

aspects, one being that we house three different museums each catering to three different aspects of history and all three of them change once a year, which takes a lot of time and effort. This year we are taking extra efforts to build on the creativity we had last year with our exhibits. Get a glimpse below into what our exhibits are going to be like!

The red barn in our lot houses our TOYS, or Tractors of Yesteryears, collection along with "Grandma's Kitchen and Parlor." Together these two sections symbolize what everyday life was like on in your typical rural household hold in a time past. This year on our main floor we have a tractor display that we are calling, "You Saw It Here First!" The idea behind this display is to showcase some tractors that had were designed to have a significant feature, something that made changes to tractor manufacturing or improved farming efficiency. In "Grandma's Kitchen and Parlor," we have a main display describing how butter was made back when it made at home. This section helps the visitor picture what life was in

The Homeville Museum struck gold this year with one donation from a local resident. It was a diary from a Japanese soldier describing his final days on the Makin Islands and the final days of World War II. This diary will be brought to life with a full-scale, cave display and true to life mannequin all with translations from the diary in Japanese as well as English. Another special display we have planned for this year commemorates Cortland County's ace, General Levi Chase. We brought in his grandson Bill Chase to curate and build the display for us making it one our most unique displays to date.

If you attended last year's National Brockway Truck Parade, then you maybe saw one or two of the trucks we will have on display for this year! Our curators with the Brockway Truck Preservation Association look back to the previous year's truck show registrations to see which ones they would like to bring back for the new display. One notable new truck for this year is a 1923 Brockway Torpedo Firetruck. Similar to the "El Viejo," Firetruck that is on permanent display, it showcases all the old mechanisms and tools necessary for firefighting in the early 20th century. We also have a truck from the Ralph G. Smith Transportation Company station out of West Chester, Pennsylvania that would haul thoroughbred horses to famous races such as the Kentucky Derby.

All of these displays talked about in the article plus others that have not been mentioned will be unveiled on Saturday, May 19th! In the meantime, you can find out more about us and the CNY Living History Center on our website at www.cnylivinghsitory.org and follow us on Facebook and Instagram!
