## 15TH ANNUAL WHITNEY POINT FALL FESTIVAL

**T**HE GREATER WHITNEY POINT COMMUNITY Planning Committee Corporation is pleased to announce that plans for the 15th annual Fall Festival are well underway. This year's festival will be held on Saturday, October 27th.

The entertainment line-up includes a wide variety of performers. Ron Cain, founder of Cain Magic Company, performs at libraries, schools, festivals, businesses and family parties throughout the state. Television viewers have enjoyed his work on the

PBS show "Pappyland," televised nationally on the Learning Channel, and "Saturday Showboat," produced by NBC's Syracuse affiliate. He belongs to the Society of American Magicians and the International Brotherhood of Magicians, which inducted him into its Order of Merlin.

Steve Tomecek, "The Dirtmeister", is the Executive Director and founder of Science Plus, Inc. Steve began his career as a geologist. In addition to still working as a scientist, Steve also has had interesting jobs as a science educator. He served as the Director for the Science Museum of Long Island and as Science Program Supervisor for the New York Hall of Science. He currently serves as the Science Advisor for Age of Learning, Inc. and as a writer for the National Geographic Society. Steve has written over 45 books for both adults and children. He recently appeared in Whitney Point as part of the Mary Wilcox Memorial Library summer program series.

J.P. Crandell, caricature artist, will be on hand to share his talents with Fall Festival attendees.

Kevin LaDue of LaDue Music Company, Whitney Point, will share acoustic guitar music and vocals in the TRA gymnasium as part of the Craft Fair. Meredith Kohn Bocek of The Harp Studio in Apalachin, and Curt Osgood, an accomplished hammer dulcimer player

from Binghamton will play in the "little" gym as part of the Triangle Quilt Guild quilt display.

The Stoutmen will be performing at Sparky's Pub and Grill at the Oakland Hotel. Their strong, straightforward singing of traditional songs is in the style of the Clancy Brothers & Tommy Makem, Dubliners, and Wolf Tones. They present a great mix of powerful rebel songs, jovial drinking songs, toe-tapping reels and beautiful Irish ballads.

The festival will include a craft and vendor fair. There will be many other activities, demonstrations, contests, and exhibits. There is sure to be something for everyone! Check [www.whitneypointfallfestival.org](http://www.whitneypointfallfestival.org) for more information.

*This project is made possible with public funds from the Chenango Arts Council's Decentralization Program, a re-grant program of the NYS Council on the Arts, with support from Governor Cuomo and the NYS Legislature.*

## AIELLO'S HISTORY

**T**HE AIELLO FAMILY MOVED TO America from Sicily, Italy. Calogero (Charlie) was born in the village of Partanna and Vincenzo (Vinnie) was born in Alba, in the Piedmont area of northern Italy.

Having grown up in and around restaurants and in Mama's always busy kitchen, the family moved to Whitney Point where Vito (Papa) opened Aiello's Ristorante in May of 1982 for his two sons to operate.

The friendliness of Whitney Point has allowed Aiello's to grow from a small pizzeria to the comfortable full service restaurant you enjoy today.

It is important to us that you know we use fresh herbs, spices, cheeses and imported 100% olive oil in our kitchen. The finest raw ingredients we can find assure you of the highest quality experience.

# Central New York LIVING HISTORY CENTER

Brockway Museum • Homeville Museum • Tractors of Yesteryear

WHEN FOLKS VISIT THE CNY Living History Center (4386 Rte 11 between Cortland and Homer, the old A.B. Brown building) they are ALWAYS surprised at how much history we have. The Living History Center has 3 separate museums in one, the Homeville Museum (remember Ken Eaton's museum in his home on Clinton St in Homer?), the Brockway Museum and the TOYS (Tractors of Yesteryear) Museum in the barn on the property. The Living History Center is open to the public Tuesdays through Saturdays from 10 AM to 5 PM. Because there is so much to see here you must purchase your admission before 4 PM or you can't begin to see it all. You can purchase a membership to the museum (if you purchase it AT the museum you can subtract the price of your

admission from the membership fee) and then you can visit as many times as you like for a year for just the price of the membership. You can check us out at [www.cnylivinghistory.org](http://www.cnylivinghistory.org) or [www.facebook.com/CNYLivingHistoryCenter](http://www.facebook.com/CNYLivingHistoryCenter) or [homevillemuseum.wordpress.com](http://homevillemuseum.wordpress.com)

Kids LOVE our Homeville model railroad displays and can work all of the lights and powered toy parts of the exhibit. EVERYBODY loves our 1925 Argentina Brockway Fire Truck in our Brockway Museum, it was driven 17000 miles up to Cortland by 4 firefighters in order to get a new one. The truck was then driven in many of our local volunteer firefighter parades in the 60's and 70's. Our antique tractor collection is a special favorite of anyone who grew up on a farm or has a family connection to agriculture, we also have our farm home display we call "Grandma's Kitchen" that showcases farm home life in previous

generations. We think our museums are world class entertainment here in our hometown, please come and see if we are correct.

## FRENCH DISTILLERS & ALCHEMISTS (FDA)

10 Walker Ave. Lisle, NY 13797

A NEW CRAFT DISTILLERY IS open at the head of the Finger Lakes Winery, Brewery, and Distillery Trail. Newly built, French Distillers & Alchemists (FDA) includes a still-house, rack house and tasting room. Located at 10 Walker Avenue in Lisle, New York, the distillery is just off NY State Route 79. FDA, notably, is the first, and only, distillery to open in Broome County since the end of the 1920-1933 Prohibition Era.

FDA is the brain child of native son Phil French, who one might say has simply expanded a family legacy. Published in 1651, "The Art of

Distillation" was authored by family member John French. This was the first how-to book on the subject available in the English language. In the early 1800's, Dr. Selphonious French, another family member, settled the land now occupied by FDA. Today, Phil's son and brother are key crew members at FDA.

Phil teamed up with long time friend and fellow entrepreneur Larry Berger to learn the art and create the business. It took a few years to complete the training, the plan, and to build and equip the facility. Contrary to popular belief, it is still illegal to distill without a Federal License, but by January 2016, all State and Federal Licenses were in place and production was underway. The tasting room opened the following May.

Dedicated to making small batch, hand-crafted whiskies, FDA uses locally grown grains including corn, rye, wheat and malted barley. The crew carries out the entire small batch process of mashing, distilling, barrel-aging, and bottling. Mash is cooked and fermented before being distilled. This produces "low wines," which are then distilled a second time. This double-distilling technique allows for tight cuts which separate the fore shots, heads, hearts, and tails ensuring that the hearts are very clean. The hearts are then aged in oak barrels until ready for bottling. The spirits are then ready to sample and buy in the tasting room. FDA products are increasingly available in a growing number of area liquor stores, eateries, and bars as well.

FDA's most popular whisky is "Otselic" NY Bourbon, however their "Nanticoke" NY Rye is not far behind. They produce whisky made primarily from wheat called "Wylde Side" and the "Ladies of Lisle" is a spirit made to commemorate the 100th anniversary of the first women to vote in New York State which took place in the Village of Lisle. Their young whiskies include "Lilah's Lightning" the "Village Idiot". All of these whiskies are pleasantly smooth and flavorful with a variety of interesting notes such as vanilla, cinnamon and honey — definitely worth trying.

FDA is open every day of the week, from 10 a.m. until 5 p.m.. You can visit, sample, purchase, and view the art of the process at the French Distillers & Alchemists Still-House and Tasting Room, 10 Walker Ave, Village of Lisle, NY.

A family business with over 25 years of towing and auto body repair service experience!

Our staff and management are committed to restoring your vehicle to its pre-accident condition. We are professionals, who have the training and knowledge to properly inspect and repair your vehicle.

Ron's Body & Paint provides collision repair and auto body restoration for all makes and models of automobiles. We'll work directly with your insurance provider to manage the complete processing of your repair.

Although automotive designs have changed a lot, sometimes it's what you don't see that really counts. In fact, most new designs are supported by structural detail that can only be serviced by the most high-tech of new technology employed by Ron's Body & Paint.
