## THE HANGAR THEATRE COMPANY PRESENTS CHARLES DICKENS' A CHRISTMAS CAROL

THE HANGAR THEATRE COMPANY PRESENTS its second annual production of Charles Dickens' A Christmas Carol at the Hangar Theatre in Ithaca with public performances running December 2-23.

Featuring a delightful cast of local and national talent, enchanting period costumes, imaginative scenery, original live music, and the familiar Spirits of Christmas Past, Present, and Future, this retelling of Charles Dickens' classic novella brings a contemporary perspective to the story while remaining true to the time-honored tale of redemption and generosity that resonates during the holiday season.

Special Morning Matinees are available for group purchases on select days from November 28 - December 7. A FREE Community Performance is offered on Saturday, December 1 to ensure all can enjoy this holiday production. Patrons interested in the Morning Matinees and Community Performance are encouraged to contact the Hangar Theatre Box Office at for more information. During the December performances, Tuesday Talkbacks give audience members the chance to talk with actors, designers, and the crew about the show. Charles Dickens' A Christmas Carol is sponsored by Tompkins Trust Company (Premier) and Communique Design & Marketing (Associate). The United Way of Tompkins County is a Community Partner. The Hangar's year-round Partners in Flight are CFCU Community Credit Union and Cayuga Group; Partner in the Arts is Ithaca College. "...we welcome you, our audience," states Barakiva. "If you're returning from last year, we hope that you enjoy it even more, and I look forward to discovering what you were able to glean on second viewing. If you're new, we hope that Charles Dickens' A Christmas Carol at the Hangar Theatre becomes a holiday tradition for you, as it has for us." Tickets are available online at [www.hangartheatre.org](http://www.hangartheatre.org) or by calling 607-273-ARTS (2787). Tickets will also be available at the door based on availability, before each performance.
