# THEE AMISH STRUCTURES - DRYDEN OPENING FOR THE SEASON APRIL 1ST

(607) 257-1070

SPRING HAS SPRUNG! Now is the time to get organized with a shed or garage from Thee Amish Structures. Whether it's a simple storage shed, or a large 2 story/2 car garage, we can help you customize a structure that will fit your needs and your budget.

Have a yard that needs that extra "something" or maybe you just want to entertain, we can help with that too, with a custom-built Gazebo. We offer a variety of sizes, with pressure treated stain or painted wood or vinyl. We also have a large assortment of bird houses and poly lumber furniture.

Are you renting a storage unit? Ask about our affordable Rent to Own program. You can purchase a quality, custom built Amish structure and your monthly payment would be about the same price as your rental unit, and the best part is the structure will be on your property, not across town and at the end of the term, YOU OWN IT!

Whether you order a customized structure or purchase one off the lot, your structure will give you the storage room you need for many years to come.

At Thee Amish Structure, we will help you solve your storage issues, while enhancing the beauty of your property.

Stop in and check us out!

We are located at 32 North St., in the Village of Dryden, next to Dunkin Donuts and across from Clarks Shurfine. Visit our website at theeamishstructures.com.

#### A FAMILY TREE WITH DEEP ROOTS

SHUTE'S WATER SYSTEMS AND SHUTE'S LaFayette Well Drilling has been a family-run business serving Central New York for more than 50 years, drilling wells, installing pumps and treating problem water.

Originally known as LaFayette Well Drilling, established in 1963 by Howard Shute, and brother-in-law, Warren Shetler, both the business and their reputation grew over the years. Shute continued on with the business after Shetler decided to pursue other interests.

Shute was then joined by his sons, Mark, Neil and Scott. Howard Shute retired at nearly 80 years of age while his sons continued the family tradition of providing safe and pure water to the community.

Today, Shute's Water Systems is run by Scott Shute and Matt Farkas, and Shute's Excavation is run by Todd Shute. Scott's wife Becky runs the office with Mark Shute's daughter Jill. The family attributes the majority of its continued success from recommendations it receives from satisfied customers.

Shute said many municipal water systems contain calcium and magnesium, which as "hard" substances, form scale and create problems in water heaters, dish washers and plumbing systems.

Water purification can include the removal of iron, sulfur, chlorine and bacteria in a chemical-free process. Softening the water is also important and has many benefits, not only for family members, but for plumbing systems and appliances too.

"Uncontaminated water is essential for good health," Shute said. "Foul-smelling or unusual odors from your water should make you question your water's quality and safety."

Many families throughout Central New York use well water as a source of drinking water and for all its household needs. Unfortunately, water containing hydrogen sulfide gas has a distinctive "rotten egg" odor which is especially noticeable when running hot water.

Shute said the danger lies in a gradual chemical reaction

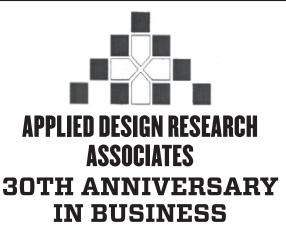

"Hydrogen sulfide gas will corrode plumbing metals such as iron, steel, copper and brass, and the exposed metal parts in appliances such as dish washers and washing machines" Shute said. "Also, corrosion of iron and steel pipes from ferrous sulfide, or 'black water,' that can darken everyday tableware, discolor copper and brass utensils and alter the appearance and taste of cooked foods."

Additionally, Shute said, sulfur water can make washing clothes more difficult.

Shute's Water Systems can assure customers that these hazards and more can be avoided or remedied using its time-tested, ecological systems

Shute's offers a free water analysis that will help lead to great-tasting and healthy water from the tap. Located in LaFayette, Shute's Water Systems can be reached at (315) 677-5552, or visit <u>ShutesWaterSystems.com</u>.

PPLIED DESIGN RESEARCH ASSOCIATES (ADRA) - architecture, Ainteriors and project management services, has been in business locally since 1988. As the principal NY registered Architect, I maintain an ardent commitment to developing creative, value conscious design solutions where client/user input remains priority one throughout the design process. ADRA's design team shares the collective belief that a truly successful design will enhance the quality of life for those who reside, study, work, or play within the facility.

ADR Associates brings the client extensive experience in the planning and design of new projects as well as creative solutions for the reuse of existing buildings. We are adept at developing ongoing rapport with client/user groups through our willingness to listen and flexibility in accommodating changing program requirements including a client's need for effective problem solving on projects that have critical budgetary constraints or stringent time parameters.

In June of 2007, ADRA further expanded its professional service capability by establishing The CedarBrook Group to offer an additional level of project management expertise for our residential and commercial clients. For the past two decades, the building industry has experienced significant growth in design-build firms that can effectively provide their clients with one-stop shopping for new homes and businesses. By having the design professional and builder collaborate in the design process, the overall project can be accelerated when the schedule is time sensitive. Client budgets can also be more closely monitored since the contractor can provide earlier input to the design process and suggest cost saving alternatives without diminishing project quality.

OOKING FOR A QUALITY AND affordable insulation contractor for your next commercial or residential project? You're in the right place. We're Central New York's Spray Foam

Our team at Midlakes Insulation, Inc. specializes in spray foam insulation for commercial buildings and residential homes in Central, NY. We provide quality and affordable insulation and are recognized for our services in open cell spray foam, closed cell spray foam and loose-fill fiberglass. We are a fully licensed and insured company based in Union Springs, NY and guarantee our use of high-quality American foam products and workmanship. Most importantly, we believe in providing each of our customers with a positive and professional experience on every job that delivers complete satisfaction. Here's some of our proud customers:

I couldn't be happier with our choice to use Midlakes Insulation Inc. After researching insulation companies in the area, the cost comparison was what sold me. Zach and his crew were professional, and they explained every option clearly and easily. They did a great job insulating our garage. I would definitely recommend Midlakes Insulation, Inc. to

- Rob. Ithaca, NY

We hired Midlakes Insulation, Inc. to insulate our attic and we're so glad we did! The crew was friendly, polite and professional. They always kept us in the loop with their progress and went above and beyond to make sure the job was to our liking, guaranteed. They made us feel so comfortable when it came to explaining the best type of insulation, something we didn't know a lot about. We're 100% satisfied with their work and are hiring them again to insulate our commercial building that we own.

Jan and Paul, Union Springs, NY

#### **SPRING CLEAN YOUR MIND**

ERE'S SOMETHING NEW TO TRY for spring. How about a little spring cleaning for your mind? Attending to your mind is where your power exists. No matter what you're trying to achieve, from improving your health to becoming happier, it can begin in your mind. Do a mental reboot once in a while to give yourself a fresh outlook and a new perspective.

Step one; notice and adjust your mental conversation. More people fill their heads with negative thoughts and criticisms than positive thoughts. Realize that everyone experiences the "puppy mind" which happens when your thoughts hop around and lots of things pop into your mind. The key is that you don't have to believe every thought you have. Decide what to think about. Pay attention to your thoughts more. Stop and ask; Would you talk to your friends the way you talk to yourself? If not, work on shifting your thinking.

Next, find some place for connection. Being busy gets in the way of your friendship connections. Catching up, laughing, expressing, sharing and ultimately connecting can do wonders to reduce your stress level and improve your outlook. Friendships give us a healthy reminder that we're in this life together, make them a priority.

Then, write down things that are cluttering your mind. Grab a journal and vent. Notice the awesome things about your life, write down the annoyances and irritations. So as you spring clean your closet and put away your big sweaters, take some time to brighten up your mind so you can breeze through

#### **LONGSRUN CONSTRUCTION AND** LANDSCAPING, PLUS LLC

ONGSRUN CONSTRUCTION AND LANDSCAPING, PLUS LLC is a new business, multi-faceted, solely owned, in Southern Tier New York and Better Business Bureau accredited. We began with retaining walls and excavating as well as year round firewood and snow plowing and snow removal besides material hauling, then added lawn care. Since then very durable versatile floor toppings, both interior and exterior application, has been added. The material used for the topping can be clear or pigmented to offer an artistic sense. This includes numerous applications, hence the term versatile, such as in preserving or creating new countertops, patios, walkways, driveways, garage floors, basements, steps, swimming pools, and much more.

Our lawn care services incorporate much more than simple mowing. We mulch, fertilize, edge, trim, prune and trim shrubs and trees, besides their removal and planting. We do debris removal due to storm damage and otherwise. Hydroseeding and roto-tilling is also available. We do our best to manicure

We can beautify the rest of your property by solving drainage and contour problems, putting in or repairing retaining walls, and bulldozer work as well as any concrete work and restoration including foundations. We put in driveways and walkways, do road work, pressure wash, apply blacktop and concrete sealants. Your house may need roof work or a simple

gutter cleaning or other handyman services. We do that as

Longsrun Construction and Landscaping, Plus LLC is fully insured and provides quality services. There is no job to small for us. Call us at 607-206-4936 to discuss and schedule your needs with us.

#### **MIKE'S FISH TANK SERPAE TETRA**

 $\mathbf{T}$  he serpae tetra is a species of tropical freshwater fish of the characin family. It is native to the Amazon River drainage in Brazil, Peru, Paraguay, Bolivia and northern Argentina. The fish can be found in slow moving or still backwater including, ponds, small lakes, and streams. In the wild, it forms aggregations around vegetation and tree roots, and thrive when the water temperature is 78ish.

Serpae tetra can grow to be (2 in). They have very distinctive coloring with a red body and a black spot near their eye.

It is an omnivore and will feed on flake and blood worms.

Common to these fish is a 'sputtering' or 'twitching' style of swimming, in which their movements seem more spastic as opposed to other fish. Instead of swimming smoothly or for long distances at a time, Serpae Tetras move in relatively short spurts, unless stressed. This is their normal behavior and need not alarm aquarists.

These tetras are hard to sex. However, males are usually slimmer and smaller than females. They are a non aggressive species and do well in the community tank.

Pets A Plenty is located in the Blockbuster Video Plaza, Rte 281 Cortland, 753-9213. Open 7 days a week. We now have a website. WWW. PETSAPLENTY.BIZ. check it out. I post care sheets, coupons, new animal arrivals, contests and more. Any questions, email me at friskyy@hotmail.com

#### STONEY RIDGE COUNTRY STORE

TONEY RIDGE COUNTRY STORE BEGAN in 2002 and was named after the large stone quarry next to the business, which was started in the basement of our parents' farm house in Seneca Falls. In 2016 a horse farm went up for sale along route 96 in Waterloo, about 15 minutes from where our store was located. After getting the approval from the town to build a retail facility and settlement on the property was finalized, we went to work excavating and preparing the land. When construction was complete—with the help of our family-we moved to our new 8900 square feet

location and the doors opened the first week of August 2017. In the fall of 2017, we began working with a friend to sell storage sheds, barns and garages that can now be delivered anywhere is New York State.

For 17 years we have served our local community by providing clothing, shoes, fabric, housewares, crafts, toys and much more. And with our new location we are happy to be serving our customers with better capabilities. Questions please call 315-220-8360. Come see us at 1019 NY-96, Waterloo, NY 13165. Like us on Facebook!

#### CNY MAPLE FESTIVAL

THE APRIL 6 & 7TH CNY Maple Festival kicks off on Saturday morning in the Marathon High School Auditorium with a Pancake Eating Contest. Participants in that contest not only get their fill of pancakes and maple syrup, they are successfully raising money for their favorite not-for-profit organization. Do you want your organization in the contest? Do you want to be a pancake eater?

Organizations that have a place at the pancake eating table - raise funds by soliciting pledges for every pancake their pancake eater, eats. All the money they raise, they keep! In fact the CNY Maple Festival pledges \$2 for every pancake eaten by the not-for-profit organization's pancake eater.

It is a fun way to raise much needed funds.

Here is how to enter: Write a postcard or letter to: Pancake Eating Contest, P.O. Box 291, Marathon, NY 13803; state the name, address, phone number and contact person of the not-for-profit organization; state the name, address and phone number of the pancake eater. Wait for the CNY Maple Festival to accept your entry, and when they do, begin raising funds in anticipation of the Pancake Eating Contest, to be held on Saturday, April 6th in the Marathon High School Auditorium at 9 a.m.

#### DISTRACTED DRIVING **DEADLY CONSEQUENCES** PRESENTATIONS AT **CORTLAND COUNTY SCHOOLS MARCH 26-29, 2019**

ISTRACTED DRIVING ADVOCATE AND SPEAKER Karen Torres is scheduled to speak to high school students at six county high schools the week of March 26-29, 2019. This visit is sponsored by the Governor's Traffic Safety Committee (which is funded by the National Highway Traffic Safety Administration (NHTSA)), the National Safety Council and the members of the Cortland County Traffic Safety Board. Torres will share with students that texting while driving is the leading cause of death and accidents among teens ages 16-20. Distracted driving, including talking or texting on the phone, eating, applying makeup, looking up music, even for a few seconds, could have devastating consequences.

- OCM BOCES Alternative High School; Grades 9-12, March 27, 2019, 10:00-10:45
- Marathon High School; Grades 7-12, March 28, 2019, 8:20-9:02 am
- Cincinnatus High School; Grades 9-12, March 28, 2019, 10:30-11:15 am
- Homer High School; Grades 9-12, March 29, 2019, 8:15-9:00 am

Torres will share a personal story about her father Patrick Mapleson, who lost his life 13 years ago when he was struck by a cement truck when the driver reached down for a fallen

> water bottle. Her father was a member of a State Department of Transportation road crew filling potholes on a highway. Karen knew this crash was 100% preventable and felt strongly she needed to do something. Traveling from high school to high school, she shares her father's tragic death with tens of thousands of students and adults during driver's education classes, school assemblies, peer leadership programs, church groups, rotary clubs and corporate organizations.

> Torres's presentation is a powerful approach to helping teens understand the deadly consequences of distracted driving. Sharing her father's story along with a well-designed, audiovisual presentation, keeps teens engaged and makes a true connection to their hearts and minds. The All4UDad presentation is approximately 45 minutes and is appropriate for high school students. Karen's story and information about her program can be found on the website: https://all4udad.com/

> Media partners are encouraged to attend this event, to interview Cortland County Traffic Safety Board members and to meet with Karen Torres while in the Cortland area March 26-29,

The Cortland County Traffic Safety Boards (CCTSB) is a county-wide association of county, city and state agencies, highway engineers, safety professionals, corporations and individuals who share common interest in traffic safety and injury prevention. Governor's Traffic Safety Committee (GTSC) awards Federal highway safety grant funds to local, state and not-for-profit agencies for projects to improve highway safety and reduce deaths and serious injuries due to crashes with funding from the National Highway Traffic Safety Administration (NHTSA). The National Safety Council (NSC) eliminates preventable deaths at work, in homes and communities, and on the road through leadership, research, education and advocacy.
