JM MCDONALD SPORTS COMPLEX

THE JM McDonald Sports Complex is a non-profit organization founded in September of 2004. The sports complex is an affordable, family-oriented facility that provides programming and events in a safe, recreational environment. The primary goal at the sports complex is to promote fun and healthy activity for both youth and adults.

Our facility includes an NHL regulation-sized ice rink for ice hockey games, figure skating, and public ice skating that is available from May to March. Year-round, the JM McDonald Sports Complex offers various sporting leagues, tournaments and clinics on our large turf field and on our smaller, boarded turf field. These leagues, tournaments and clinics include lacrosse, soccer, field hockey, baseball and softball. Leagues and tournaments are offered to both youth and adults, where clinics are geared more towards giving young athletes practice and experience in various sports.

The JM McDonald Sports Complex proudly offers our "Little Eagles Youth Sport Clinics" in lacrosse, soccer, field hockey and baseball. These programs include five sessions each at a low cost of \$45. The age range for these clinics varies by the sport, but are generally available for ages 3 through 15.

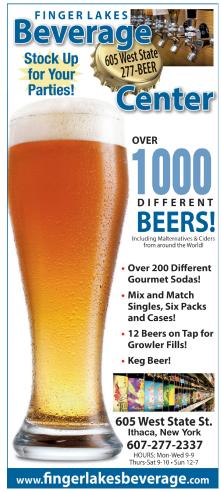

The JM also takes pride in their after school and summer camp childcare programs. The after school program, or CHAMP, is offered throughout the school year until 6pm. Once school is out, the summer camp program is offered Monday through Friday from 7:30am-6:00pm. Both of these programs are offered to boys and girls in grades K-6.

The sports complex also provides tennis rentals, batting cage rentals for both baseball and softball, birthday party reservations and much more! You can learn more about the JMMcDonald Sports Complex by visiting our website at www. jmmcomplex.com and following us on Facebook, Twitter and Instagram. HAPPY 4TH YEAR

By Shannon Myers

YATT MALCHAK KNEW FOR YEARS what he wanted to do as a career. His experience working as an auto detailer for four years at Sun Auto under his uncle, who ran Sun Auto Service department, prior to attending college for business management, was a major factor in the development of his interest in cars. He wanted to work with cars, but didn't have the desire to do anything mechanically, so he went into auto sales. Four years ago this June, he opened WXM Auto at 3968 US Route 11, where Route 11 meets East River Road just past the Port Watson St. bridge.

The sales aspect is what Wyatt like the best about his auto business. "I really like dealing with people and helping them get what they want," he said. He believes that his flexibility and laid back sales style is what helps set WXM Auto apart from other dealerships. "I don't try to be a 'salesman' or try to push things on customers. I am friendly, more than anything else, and let customers decide what they want. I am also more flexible than other dealerships when it comes to pricing,

and I will do anything that I can to make a deal work." He also stands firmly behind the vehicles he sells. "I want people

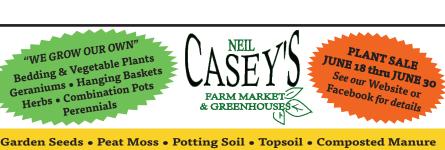

to come back because they've had a positive experience buying at WXM." he said.

WXM Auto also offers a wide variety of cars, trucks, and lawnmowersize to bulldozer-size trailers, at a price range from \$3,000 to \$17,000. If you are looking for a specific type of vehicle and it isn't on the lot, Wyatt will help you find it.

WXM Auto is open Monday through Friday from 9 am – 5 pm and on Saturdays from 9 am - 1 pm. Stop in and see what WXM Auto has to offer. If you have questions about vehicles or trailers, you can give Wyatt a call at (607) 218-6752, or find WXM Auto on Facebook or visit online at wxmauto.com.

THE COTTONTAIL RABBIT

Nottontail rabbits are common and prolific. There are $oldsymbol{\prime}$ several species, but we're most likely to see the eastern cottontail. While very familiar, there are some interesting things about them that you may not know.

Cottontail rabbits range in color from red-brown to gray, but all bear the signature "cotton ball" tail.

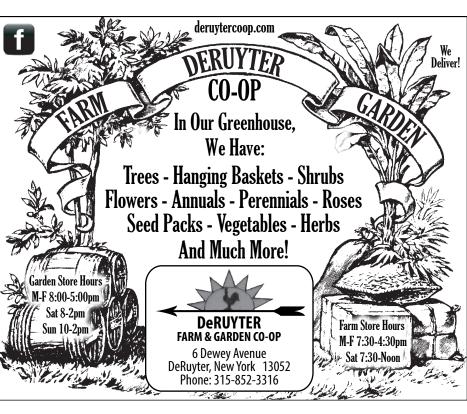

They usually feed at night, browsing on grasses and other plants -- and sometimes your garden veggies. In winter, when food is scarce, they eat tree bark, twigs and buds.

During the day, cottontails stay hidden from view in vegetation or burrows. They can remain completely motionless for several minutes or may flee in an erratic zigzag pattern to

Cottontails face many threats and predators. Roughly 85% don't survive their first year. Fortunately, they're incredibly prolific, breeding 3-4 times a year with each litter producing 3-8 kits! Young mature fast and are self-reliant after only 4-5 weeks. Because of this ability to populate so quickly, rabbits came to symbolize new life, and the legend of the Easter Bunny was born.

Cottontail rabbits are basically mute and communicate by thumping their back feet, but they can scream quite loudly if caught by a predator.
