Featuring the extremely popular music by the iconic group ABBA, the music and lyrics for this show are written by Benny Andersson and Björn Ulvaeus, with some songs with Stig Anderson, and the book is written by

Catherine Johnson. Performances of CRT's production will be held at the Little York Pavilion in Preble, and run from July 10 – 27 with evening show times at 7:30. This heartfelt, funny and vibrant musical continues to engage audiences around the globe. As Sophie's wedding day nears, she discovers that her father is one of three men. Against

her mother Donna's wishes, Sophie invites them all to the wedding to figure out which is "The One"! This enchanting musical about love, laughter and friendship is set against the gorgeous backdrop of the Greek islands and underscored by ABBA's timeless songs including Dancing Queen, Super Trouper, Gimme Gimme, Take a Chance on Me, The Winner Takes It All and of course the title hit. CRT suggests ordering tickets early, as this show is sure to be a sell out!

Mamma Mia! is directed by CRT's Producing Artistic Director Kerby Thompson, who won a SALT Award for directing last summer's production of Saturday Night Fever. Thompson has also gathered the same creative team behind Fever for this production: Bryan Knowlton will choreograph following his SALT nomination last year, and Shoshanna Seid-Green will music direct.

 $Starring \, as \, Sophie \, is \, Amanda \, Walker, who \, debuted \, at \, CRT \, last$ year as a Performing Intern in Fever, Newsies and Women in Jeopardy!. As Donna, Rebecca Mason-Wygal returns to CRT, after also appearing in last summer's Women in Jeopardy!,

again playing Walker's character's mother. Continuing from Legally Blonde is Woody Minshew as one of the possible "dads" Sam, and Kennedy Salters and Erica Wilpon as Donna's two best friends, Rosie and Tanya, respectively. Also Jeffrey Keller continues at CRT to play Sky, Sophie's fiancée. Making their CRT debuts are Jack Boice as Bill and Steven Bidwell as Harry, the other two "father possibilities". Appearing as Sophie's two best friends are performing interns Alexis Yard

> as Ali and Shealyn Kelley as Lisa. Also, Usman Ali Ishaq will appear as Pepper and Christian Henry will play

Numerous other actors who appear in CRT's Legally Blonde will also comprise the Mamma Mia ensemble, including John Neurohr, and Performing Interns Emily Britt, Cassidy Halpin, Madeline Hudelson, Steven

Martella, Blake Maxwell, Angela Syrett and JT Tully. Also featured in the ensemble are two local teen actors, Jack Cecere and Abby McGrath.

Stage Manager Kate Gulden heads the production and design team. The scenic design is by Nicholas James Schwartz in his debut, with costumes designed by Katharine Tarkulich, also in her debut. Matthew Webb returns as Lighting Designer after working on last summer's Our Town. Continuing their design work this summer are Props Designer Andrew Carney and Sound Designer Cory Kosman.

The "Friday Night Talk Backs" for Mamma Mia! will be held after the evening performance on July 12, at which a Q & A session with the actors, designers, crew and director will take place. Tickets are also on sale for the remaining productions in CRT's season, including the American classic comedy Born Yesterday, plus Sleuth, Million Dollar Quartet and the children's show The House at Pooh Corner.

The Finger Lakes GrassRoots Festival is a mission-based (501-c3) organization that works to nurture local artists and talent while reaching around the globe to bring world music and culture to new audiences, creating environments that inspire creativity and foster community building.

The festival is presented over a four-day period (Thursday-Sunday) on four stages, which run ridiculously long hours to accommodate the 80, some bands that play the festival. GrassRoots doesn't hesitate to bring you great music you've never heard of before. Every year wonderful new bands are discovered and presented along with many old and true friends. Check out the list of previous years artists for a general idea of what's in store for the future. To learn more about how the festival all began, please visit our History page.

GrassRoots is the second to last weekend in July, which is also in many years the third weekend of the month (the exception being when there are 5 weekends in the month). It is held at the Trumansburg Fairgrounds in Trumansburg New York, located about 10 miles north of Ithaca NY on the west side of Cayuga Lake in the very scenic Finger Lakes region of central

For almost 30 years, the organization has served to both engage and give back to the local and regional communities in which it exists by providing financial and organizational support to impact positive change. It's all about having a grand time and generating a feeling of community, but the impact of GrassRoots expands far beyond that which occurs during the four-day festivals. grassrootsfest.org

QIGONG

ATELY, I HAVE BEEN TEACHING more QiGong (pronounced **⊿**'Chi Kung') than yoga. After 20 years of study of yoga, this new mode of movement, meditation and healing has become very interesting to me.

QiGong is a broad set of practices, attitudes, and choices that assist us with living a life in balance, with plenty of energy, and minimal anxiety, worry, fear or disease.

It's a process of active engagement in our own health in a way that shifts our experience of living to a life of choice, purpose

It is said that 'energy follows Qi (or Chi)' so when a mental shift happens, such as making a choice to start a new movement practice, or to meditate, or to seek healing for an area of the body, this awareness immediately moves energy along the pathway of our intention.

Think of the 'placebo' effect, where, when a patient believes they are receiving a helpful treatment, they get better. Or, if the patient believes that their Doctor believes they will get better, they do!

Whether or not you are conscious of it, you are 'practicing' every day, with how you use your body, how you engage with your breath, and how your mind and attention moves.

A conscious, new beginning, with a positive intention for your life and health does have an impact. Each day, you can choose, to take time to move your body, think positively, and meditate. In just 10-15 minutes you can feel better, with less anxiety and stress, and more energy.

Dear Family, Friends and Business Owners,

We would like to take a moment to tell you about our mother Sherry Kleine, who is in need of some support. Sherry was diagnosed with stage IV metastasis breast cancer that has spread to the bone. She has been undergoing chemotherapy treatments, which is the only option available to her at the present time.

Sherry (Quail) Kleine wife of 15 years to David Kleine, daughter of JoAnn and Hugh Quail Sr., sibling to many, mother of two, stepmother of three, grandmother and greatgrandmother of many. Sherry has been employed at Whitney Point Central School as a bus monitor for the last 14 years.

Sherry has conveyed unbelievable strength and optimism throughout this journey and still continues to remain positive. We as her family and friends, plan to hold a benefit to raise funds to help relieve some of the financial burden that Sherry and her husband Dave have endured.

The benefit will be held on July 20th at Lisle Fire Station. The event will take place from 12 to 4pm.

We are humbly requesting your consideration as we are in need of sponsors to donate auction items, raffle prizes and monetary donations.

Tickets are \$10 for adults and kids 10 and under are \$5 which include entry, dinner and music. Raffles, auctions and bake will also be available. Any other ideas are welcome.

Thank you in advance for your kind support and generosity.

MIKE'S FISH TANK POND HEAT

Every year people have issues with their ponds and summer heat. Here are a few things to help that.

Shade your pond from strong sun rays. Reducing sunlight keeps single-cell algae from blooming or turning your pond

Either a pond dye or pond netting can be applied over the pond during longer periods of high heat to lessen photosynthesis.

Add Pond Aeration to help stabilize water temperatures.

Aeration circulates top surface water with cooler low flowing Dissolved oxygen levels increase with aeration which means

your fish will stay active and healthy despite spikes in sun and temperatures. You can do 10% water changes to balance warmer and cooler

water temperatures. Removing and adding water can be done every 24 hours. Avoid sudden temperature drops. You want the water you put back to be similar to what you took out.

Cut back on fish feeding. During high heat time periods reduce high protein food intake so your fish will eat more algae which is easier to digest and will produce less waste.

Do not add ice cubes or cold buckets of water to your pond This may cool your water down but you risk making your pond fish sick. Sudden temperature changes can cause ick and other stress related diseases.

Add tall plants or small trees next to your pond so it will have more shade. This will help cut back on the sun reaching your pond directly.
