# TARSON POOLS & SPAS IS READY FOR 2020 SEASON

By Shannon Myers

ARM WEATHER IS FAST APPROACHING, and it is time to get your pool in order. Tarson Pools & Spas Cortland branch, located at 953 McLean Road, has received an exterior upgrade, an internal expansion, and is ready to help you with your 2020 needs!

Tarson Pools & Spas opened in 1943 at its original location on Burnett Avenue, it has expanded into seven locations and is the oldest and largest pool and patio business in Central New York. Tarson Pools & Spas offers a diverse array of top of the line products, including quality above-ground pools and custom in-ground pools, state of the art spas, patio furniture, game tables, and pool accessories. This, along with the fact that Tarson Pools and Spas offers proper insurance coverage to consumers, helps set this business apart from its competitors.

"We often get calls from consumers with price comparisons from other pool retail and servicers who offer lower pricing," said Robert Tarson Jr., owner. "What consumers don't know is that the recommended contractors are not always fully insured, which is a high risk to the homeowner. The most important types of insurance that are necessary to protect the homeowner are worker's compensation and general liability insurance. We carry these types of insurance, making our

pricing a little higher, but adding immeasurable value for the consumer. This insurance protects the consumer in the case of worker injury or issues that arise from improper work."

Tarson Pools & Spas also has trained and certified staff for service. "We have CPO certified staff," Bob said. "CPO is a Certified Pool Operator class that our employees attend. They receive certification to acknowledge the build of the pool and both commercial and residential service work."

Get ready for lots of summer fun! Visit Tarson Pools & Spas at 953 McLean Road, for all of your pool care and maintenance needs. questions? Give Tarson Pools & Spas a call at (607) 758-3550. For information about its different locations or to check out all Tarson Pools & Spas has to offer, visit <a href="https://www.tarsonpools.com">www.tarsonpools.com</a>. Please call for hours.

CORTLAND WALK-IN CARE

Monday through Friday

8 a.m. to 8:30 p.m.

Saturday 8 a.m. to 2 p.m.

For a "walk-in" sick visit using telemedicine, call 607-299-7676.

# See your provider from anywhere, with a video visit

Guthrie's Cortland providers in primary care, specialties and walk-in care can now see patients through video visits, so you can stay safe at home and still receive the care you need. See YOUR provider, the doctor who knows you and your health history, using our secure electronic medical record system.

Telemedicine visits are covered by Medicare, Medicaid and most commercial insurance plans. Guthrie will not be collecting co-pays at the time of the visit. Depending on the specialty, providers are able to see patients for a variety of visits, including:

- Check-ups
- Routine follow-ups
- Sick visits
- Surgical follow-ups

To schedule a telemedicine visit, call your provider's office.

# **WORKER BEE** LANDSCAPING & LAWN CARE

ICHAEL FARNSWORTH, OWNER OF WORKER Bee Landscaping **V** ⊥and Lawn Care is ready to begin his seventh season as a self-employed landscaper. After spending 35 years in the printing and publishing industry, Farnsworth's last employer went the way of many newspapers around the country and

"I needed something to do," Farnsworth said. "I had to travel a bit for the newspaper and would often see lawn care people working outside mowing grass and mulching or planting, and was always a little envious because they looked tan and healthy, and weren't locked to a desk."

He bought some basic equipment on a limited budget in the Spring of 2014, and put an ad in the local pennysaver.

"The phone started to ring," Farnsworth said. "I had about 20 steady lawn mowing customers my first season, and did some weeding, cleanup and mulching for customers."

Most all those mowing customers he got his first season are still with him. He said he uses the same customer service skills he learned in 35 years with printing and publishing.

"Just like when I worked in my former career, I would do all I could to keep appointments, or call if running late, be pleasant and honest," Farnsworth said. "That, I think is the key to building and keeping customers."

Worker Bee Landscaping and Lawn Care has grown in size as a result.

 $\hbox{``I'm still a small business, and do most the work myself, except}$ for the larger landscaping jobs, then I get some help."

Farnsworth does a lot of Spring cleanups this time of year, including picking up fallen branches and lawn repair mostly from snow plow damage, then when the ground finally dries up a little, he is asked to re-edge flower beds, weed and mulch for many of his customers.

"It's always a rush this time of year to get these types of jobs done," Farnsworth said. "Because when the grass is ready to mow in early-to-mid May, I get super busy with that."

Worker Bee also provides trimming of bushes and small trees in addition to weeding, seeding, planting and mulching. It has also built retaining walls for customers, rebuilt and repaired existing sidewalks and patios, in addition to designing rain Farnsworth's business has grown each year since he started, but he wants to stay small so he can still do most the work himself and be at every job site whether working alone or with

"I truly love this work, I should have started it 20 years ago when I was a younger man," Farnsworth said. "It's great working outdoors, and good exercise too!"

Farnsworth, who is turning 62 in May said he hopes to continue the work for several years as long as he's physically

"I feel great right now," he said. "Never better!"

Farnsworth can be reached by phone at (315) 506-3032, or  $thru\ email\ at\ workerbees yracuse@gmail.com.$

# MIKE'S FISH TANK PLECOS

FIRST LET ME SAY, I hope everyone is well. This is a crazy time we are going through. We are still open 7 days a week but our hours have been changed a little bit. If you go to our website, our new hours are posted. We still have a lot of nice fish, animals and supplies.

Hypostomus plecostomus, known as a sucker fish, is the scientific name for a type of freshwater tropical Central and South American fish belonging to the family Loricariidae. They are large algae eaters, and to differentiate them from

small algae eaters, they are often referred to as Plecostomus, often abbreviated as plecos. They are extremely popular in aquariums for their ability to clean tanks by eating algae growth and even dead fish. These friendly natured fish can typically be purchased when about 2 to 3 inches and may grow up to 24 inches if space is adequate. Plecos are omnivorous, but in the wild feed nocturnally mostly on plant material. During the day, their unusual eyelids block a lot of light out of their eyes, but they are most active at night. Quite often in the home aquarium, they hide during the day, behind the filters or heaters and do all of their algae eating at night. Plecos can roll their eyes within their sockets, given the appearance of winking. Plecos are usually skittish and quickly hide whenever they sense danger. Plecostomus live in tropical freshwater and have been found in tropical ponds. They exist throughout South America. Although the pleco is a known algae sucker, it may require more than tank algae. It can be fed algae wafers, zucchini, cucumber, lettuce and peas. Some may even eat flake food and shrimp pellets.

Plecos may become more aggressive with age and are best kept individually in tanks. In fact larger plecos may start to eat small fish, and may stop eating algae altogether. There are a huge variety of plecos, some being very rare such as the zebra pleco and blue eyed pleco.

Several species are sold under the name plecostomus with very subtle color differences.

I am always asked if plecos can go in with goldfish. Remember goldfish like cold water and plecos like warm water. I do have customers who mix the two and it does work sometimes. One thing I have noticed is that some plecos try to attach to and suck on bigger orange goldfish. This is a stress to the goldfish and can kill them so beware if you mix plecos with bigger goldfish.

Pets A Plenty is located in the Blockbuster Video Plaza, Rte 281 Cortland, 753-9213. Open 7 days a week. We now have a website. WWW. PETSAPLENTY.BIZ. check it out. I post care sheets, coupons, new animal arrivals, contests and more. Any questions, email me at friskyy@hotmail.com
