RICCARDI FUNERAL HOME & ST. CHARBEL MONUMENT CO.

THE DIFFERENCE IS IN THE DETAILS

69 N. Main St. Cortland, N.Y.

LIFELONG CORTLAND NATIVE, **BRYAN M.** Riccardi saw a need several years ago to blend his N.Main Street business, Riccardi Funeral Home with the sales and installation of cemetery monuments and memorials.

Doing business locally and with someone with roots in the community is still very important to many families and that is something Riccardi himself takes pride in, "Local, privately owned, family businesses is who I look to first." Riccardi commented, also attention to detail is paramount with monument selection and service and that is something Riccardi has always taken great pride in with his funeral home operation. "It was just natural for me to move into cemetery monuments and memorialization, families like being able to sit with someone they know and trust, that's important to them and myself as well.

One convenient location, offering service with sincerity, dignity and respect.

Please, schedule an appointment to meet with us, and you will see.

TARSON POOLS & SPAS IS READY FOR 2020 SEASON

By Shannon Myers

WARM WEATHER IS FAST APPROACHING, and it is time to get your pool in order. Tarson Pools & Spas Cortland branch, located at 953 McLean Road, has received an exterior upgrade, an internal expansion, and is ready to help you with your 2020 needs!

Tarson Pools & Spas opened in 1943 at its original location on Burnett Avenue, it has expanded into seven locations and is the oldest and largest pool and patio business in Central New York. Tarson Pools & Spas offers a diverse array of top of the line products, including quality above-ground pools and custom in-ground pools, state of the art spas, patio furniture, game tables, and pool accessories. This, along with the fact that Tarson Pools and Spas offers proper insurance coverage to consumers, helps set this business apart from its competitors.

"We often get calls from consumers with price comparisons from other pool retail and servicers who offer lower pricing,"

said Robert Tarson Jr., owner. "What consumers don't know is that the recommended contractors are not always fully insured, which is a high risk to the homeowner. The most important types of insurance that are necessary to protect the homeowner are worker's compensation and general liability insurance. We carry these types of insurance, making our pricing a little higher, but adding immeasurable value for the consumer. This insurance protects the consumer in the case of worker injury or issues that arise from improper work."

Tarson Pools & Spas also has trained and certified staff for service. "We have CPO certified staff," Bob said. "CPO is a Certified Pool Operator class that our employees attend. They receive certification to acknowledge the build of the pool and both commercial and residential service work."

Get ready for lots of summer fun! Visit Tarson Pools & Spas at 953 McLean Road, for all of your pool care and maintenance needs. questions? Give Tarson Pools & Spas a call at (607) 758-3550. For information about its different locations or to check out all Tarson Pools & Spas has to offer, visit www.tarsonpools.com. Please call for hours.

FABIUS COUNTRY STORE

FABIUS COUNTRY STORE IS LOCATED on the corner of Route 80 and Ridge Road, in the village of Fabius, and shares its location with Fabius Bottle & Can at 7861 Main Street. We purchased Anna's Country Store when it closed in December 2016, moved to a more convenient location nearby, opened Fabius Bottle & Can immediately, and after two years of extensive renovations, our Grand Opening coincided with the parade on Memorial Day 2019.

The addition of the deck and ice cream windows compliments the store nicely, which also has groceries, coffee & breakfast to go, tobacco products, a deli, pizza, daily lunch specials, and a full menu for take out or to enjoy at our convenient outdoor picnic tables. Our phone number for take-out orders is 315-683-1061. Our Fried dough and fabulous pizza is becoming famous and is available daily!! We offer Soft-serve and Purity hard ice cream year round, along with handmade sundaes, ice

cream sandwiches & sliders, and quarts to take home. We also offer locally made products, such as maple syrup and honey. Our beer license status is currently "pending", so we expect to have beer available soon!!

With the onset of the COVID-19 pandemic, we changed up some of our products and began offering meats, more produce, hand sanitizer, and essentials that folks would need to remain in the community and stay closer to home. We also began supplying our local senior shut-ins with grocery order deliveries and began donating our premade soups and meals to those in need, along with milk, bread, and other items that we have an excess of. Anyone in need should feel free to contact us during this difficult time.

We are completely ADA compliant with a convenient ramp and bathroom facilities with a baby changing station. Outdoor seating is available on the deck or in the shade on the lawn. We invite everyone to come and see how we are doing, say hello, and relax on the deck with lunch, dinner, or an ice cream cone. We really enjoy serving the community and offering a classic country store environment, and we invite local vendors to stop in to offer their products. If you need something that we don't have, please let us know, and we will add it to our inventory.

Fabius Bottle & Can is also here to serve your needs, with convenient and free commercial and large load pickup for residents in nearby towns. We have a trailer with side drop doors for bottle drives for non-profit organizations, scouting groups, school fundraisers, or any group that wants to raise money, and we offer 6 cents per unit when using the trailer. Your redemptions may also be donated to many worthy local organizations. We have a fleet of enclosed trailers for convenient, free pickup service. Call us at 315-683-5500 or come and see us soon to arrange your fundraiser!!!

MEMORIAL DAY IS JUST AROUND THE CORNER

LET VALLEY VIEW GARDENS RETAIL NURSERY help you make Memorial Day special as we remember those who have aided our nation. We have lovely combination pots that are perfect for honoring those who have served. Or plant a memorial tree to remember them as it blooms each spring time. We have shade trees and ornamental trees that are timeless commemoratives, as well as great enhancement to the beauty of your garden.

Spring is a wonderful time to plant fruit trees and blueberry bushes! Look forward to luscious fruit every year! Need a new landscape? Come and see the all healthy plants to choose from at Valley View Gardens! Gorgeous hanging baskets, flowering shrubs, trees or perennials will inspire you! Valley View Gardens Retail will help you spruce up the outside of your home just in time for the Spring/Summer season. Locally grown, superior quality edible fruiting plants, hanging baskets, annuals and vegetables are our specialty!

Good news! Valley View Gardens can once again perform landscaping as part of the ‘phasing in of services’ allowed by NYS during the Covid-19 crisis. We have been executing spring cleanups for nearly two months and are thrilled to add ‘design and installation’ to our landscaping services once again. Valley View Gardens will evaluate your property and provide a design and estimate for enhancing the beauty and value of your property. With over forty years’ experience in designing and installing beautiful landscapes, Valley View Gardens provides both expertise and quality plants to ensure your complete satisfaction. Valley View Gardens can advise those who need help planning their own projects. Finding the right plant for a particular environment is our strong suit!

Unfortunately, during this time of social distancing, the Cinnamon Apple Cottage continues to remain closed. We cannot wait until we can open the doors to our lovely shop and see our old friends again! Of course, when that time comes, we will protect our customers and workers by maintaining social distancing, wearing masks and sanitizing our hands in the shop. We love our customers and wish to protect them and our sales workers.

In the meantime, why not give the special people in your life a Valley View Garden GIFT CERTIFICATE that can be used in the nursery or gift shop when things are back to normal? They will be delighted to go on a shopping spree when this difficult time is over, exploring our quaint 10 room shop in the future or our nursery right now! Truckloads of stunning plants arrive weekly, including many new items and varieties!

Come on down to Valley View Gardens and check out our amazing stock! Give us a call (749-3130)! Valley View

Gardens is located at 3797 Luker Road in Cortland, opposite the Builder's Best Do-It Center! Looking forward to seeing you soon!

CREATURE FEATURE AMERICAN TOAD TRIVIA

THE CHUBBY AMERICAN TOAD MEASURES 2-4” long. It has rough skin in shades of brown, red or olive, with dark blotches and “warts” of varying colors. Its belly is white with black spots. It can be found in many habitats, including forests, backyards and gardens. Its thick skin helps retain moisture, allowing the toad to live in places too dry for most other amphibians. During a short breeding season each spring, it congregates in shallow ponds and streams, along river edges and in wet ditches. The male toad attracts mates with a melancholy, monotone trill lasting up to 30 seconds. During mating, the long strands of fertilized eggs anchor around submerged vegetation. Eggs hatch quickly, depending on water temperature, and the newly emerged tadpoles swim around together. They develop into toadlets within 70 days, at which time they leave the water for life on land. The American toad uses its tongue to catch and eat a multitude of insects such as flies, crickets, grasshoppers, slugs, spiders, worms and slugs. In fact, most of its prey is classified as agricultural pests. Toads are eaten by raccoons, snakes, hawks and herons. Unlike the poisonous cane toad (native to South America), the American toad is not dangerous to dogs; nevertheless, rinse your dog’s mouth thoroughly if it foams after picking up a toad. Lastly, don’t worry: you cannot catch warts from touching a toad!

MIKE'S FISH TANK POND SEASON

POND SEASON IS FAST APPROACHING. Be sure your water has warmed up a bit before adding pond fish.

We haven't had too many warm days and the water could be quite cold. Most of the pond fish available for sale are in water that's about 62 degrees. So if your pond water is really cold, let it warm up a bit before adding fish.

Also when adding pond fish, let the bag float for 5 minutes to equalize the temperature. But no longer than 5 minutes, longer can be bad for the fish.

Pond comets, sarras, koi and shubunkins are all good types of goldfish to put in ponds. I feed the pond fish flakes when they are small and move on to pellets as they get bigger. Remember just like an indoor tank, do not add too many fish to your pond too quickly, you are still waiting for a good bacteria which will eat the ammonia.

Always try to put your pond in a shady area. This will cut down on too much algae growing in your pond.

The fish farms always tell me that Memorial day is the official start of pond season.

SUMMER 2020 VIRTUAL MAINSTAGE

THE SHOW MUST GO...ONLINE!

AFTER CAREFUL CONSIDERATION OF THE continued impact of COVID-19, the Hangar Theatre has made the decision to replace all of our live artistic programming this summer with new, virtual experiences. We look forward to seeing how this crisis will lead to innovation, and how we will be able to continue serving the community and carrying out our mission.

From May- August, we will offer five unique artistic virtual experiences as our 2020 Mainstage season! These new, virtual experiences, chosen for these times of change, include: a reading of The Skin of Our Teeth, by Pulitzer Prize winner and Our Town playwright Thornton Wilder; Uncommon Excerpts and Others, an evening of scenes and essays by Wendy Wasserstein; a sneak peek at Queens Girl In The World by Caleen Sinnette Jennings, and two other exciting events, TBA!

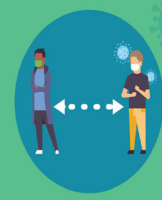

We will also be offering four free virtual KIDDSTUFF shows for young people (new adaptations of Twelve Dancing Princesses, The Velveteen Rabbit, The Magic Paintbrush, and The Emperor's New Clothes), virtual classes, a virtual Lab Company, and more! The best way to show your support is to make a donation or purchase a Virtual Subscription. We sincerely thank you for your continued support, and sticking with us through this difficult time. SALE OF FLAVORED E-CIGARETTES STATEWIDE AND ALL TOBACCO SALES AT PHARMACIES END MAY 18 IN NEW YORK STATE

Great step forward for New Yorkers’ health

THE SALE OF FLAVORED E-CIGARETTES ends in New York State on May 18, as does the sale of all tobacco products in pharmacies. These are huge steps forward in helping New Yorkers live free from nicotine addiction.

The new laws were passed as part of the state’s fiscal year 2021 budget. New York becomes the second state in the nation to restrict the sale of tobacco products in pharmacies.

“As we combat COVID-19, it’s never been more important to keep our lungs healthy,” said Jennifer Hamilton, Community Engagement Coordinator of the Tobacco Free Zone program, Cortland County Health Department. “These strong measures aid to reduce tobacco use and promote health, especially among our most vulnerable populations.”

Research shows that the flavors in e-cigarettes attract kids and the nicotine addicts them. Nearly 40% of high school seniors in New York State use e-cigarettes, also referred to as “vaping,” and 27% of all high school youth vape. According to the latest Cortland Area Communities That Care Youth Development Survey, 1 in 4 of all Cortland County high school students are vaping. This new law ending the sale of flavored e-cigarettes in New York State will protect kids from a lifetime of nicotine addiction.

“This is what we worked so hard to achieve,” said Homer seventh grader and Reality Check member Christopher Boylan. “We put in a lot of hard work and effort, and it feels good to know that we helped make this happen, and save other kids from the health problems these products cause.”

Selling tobacco products in pharmacies has long sent a contradictory message to consumers by offering tobacco alongside medicine or products for illnesses either caused by or made worse by smoking. That ends now in New York State. It also reduces the number of stores that sell tobacco products in every community, an effective way of supporting tobacco users who want to quit and reducing youth exposure to tobacco marketing. There is overwhelming evidence that the more young people see tobacco, the more likely they are to start smoking.

“These pieces of legislation are a move in the right direction. It’s also important to close any loopholes to prevent tobacco industry interference,” said Cortland City School District Resource Officer Robert Reyngoudt. “Hopefully the banning of flavored electronic liquids will reduce the appeal for children, and alleviate some of the burden placed on school districts dealing with youth use and addiction,” said Douglas VanEtten, Homer High School Principal.

Support available for New Yorkers who want to quit

For help quitting smoking or vaping, including free nicotine replacement therapy for eligible residents, individuals can contact a health care provider, call the New York State Smokers’ Quitline at 1-866-NY-QUITS or visit www.nysmokefree.com. Effective medications and counseling are covered by Medicaid and most insurance programs.

Tobacco Free New York State and Reality Check student groups around the state have worked tirelessly to educate local communities about the need to protect children from the billions of dollars of tobacco marketing in places where kids can see it. The statewide “Seen Enough

Tobacco” initiative is focused on putting an end to youth smoking and other tobacco use. The average age of a new smoker in New York is 13 years old, and 90% of adult smokers say they first tried smoking by age 18. Tobacco Free New York State, including the Reality Check student youth groups, is part of the NYS Tobacco Control Program.

About the NYS Tobacco Control Program

The NYS Tobacco Control Program includes a network of statewide grantees, including the Tobacco Free Zone program of Cortland, Tompkins & Chenango Counties, a grant held with the Cortland County Health Department, who work on Advancing Tobacco-Free Communities, which includes Community Engagement and Reality Check, the Health Systems for a Tobacco-Free New York, the NYS Smokers’ Quitline and Surveillance and Research. Their efforts are leading the way toward a tobacco-free society. For more information, visit TobaccoFreeNYS.org, TobaccoFreeNY.org and NYSmokeFree.Com.

PROPER MASK USAGE

In order for your mask to protect you and those around you, proper use is required! Cloth face coverings should:

- Fit **snugly** but comfortably against the side of the face
- Be **secured** with ties or ear loops
- Include multiple **layers** of fabric
- Allow for breathing without restriction
- Be able to be **laundered and machine dried** without damage or change to shape

Please remember **not to touch** the front of your mask. Be careful **not to touch your eyes, nose, and mouth**, and **wash hands immediately** after removing.
