FIREWORKS – JULY 2ND AT DARK

Groton Fire Department and Ambulance

We will be hosting the show in a field between Clark Street & Lick Street, north of 222 and south of Old Stage Road. The field will NOT be accessible to the public. Fire personnel will be the only ones in the field. The show will be visible throughout most of the town. There will not be a ground show this year, so look to the Northeast. Hopefully you can all see the show and celebrate the birth of this great nation. We are stressing social distancing and not having large gatherings. We want to put something on for our community but want everyone to be safe. (7/5 rain date)

We Come To You!

Tarson Pools & Spas opened in 1943 at its original location on Burnett Avenue, it has expanded into seven locations and is the oldest and largest pool and patio business in Central New York. Tarson Pools & Spas offers a diverse array of top of the line products, including quality above-ground pools and custom in-ground pools, state of the art spas, patio furniture, game tables, and pool accessories. This, along with the fact that Tarson Pools and Spas offers proper insurance coverage to consumers, helps set this business apart from its competitors.

“We often get calls from consumers with price comparisons from other pool retail and servicers who offer lower pricing,” said Robert Tarson Jr., owner. “What consumers don’t know is that the recommended contractors are not always fully insured, which is a high risk to the homeowner. The most important types of insurance that are necessary to protect the homeowner are worker’s compensation and general liability insurance. We carry these types of insurance, making our pricing a little higher, but adding immeasurable value for the consumer. This insurance protects the consumer in the case of worker injury or issues that arise from improper work.”

Tarson Pools & Spas also has trained and certified staff for service. “We have CPO certified staff,” Bob said. “CPO is a Certified Pool Operator class that our employees attend. They receive certification to acknowledge the build of the pool and both commercial and residential service work.”

Get ready for lots of summer fun! Visit Tarson Pools & Spas at 953 McLean Road, for all of your pool care and maintenance needs. questions? Give Tarson Pools & Spas a call at (607) 758-3550. For information about its different locations or to check out all Tarson Pools & Spas has to offer, visit www.tarsonpools.com. Please call for hours.

THE FIGHT SANCTUARY

IT HAS BEEN NO EASY road, but Professional Athlete Michael DiOrio has finally made his way home. Throughout the past 7 years there have been many highs and lows all leading to Marathon, New York. Marathon has a new hidden gem tucked behind the beautiful upstate maples, just across from the creek, is a small garage that Michael DiOrio has newly named The Fight Sanctuary. Martial arts rescued Mike from addiction and now he finally has a place to give back. He has tried many times to open locations around Cortland but all his efforts fell through with no place to train kids. That never seemed to get Mr. DiOrio down and he highlights his career with an appearance on Bellator MMA, spending 30 days in Africa doing a reality TV fighting competition and even boxed on Golden Boy. He kickboxed the number 5 guy in the world to a decision. After an amazing career he found peace coaching his 11 year old step daughter Olivia and her friends. The gym is private but Mike has a huge heart and usually helps anyone in need. For information or to make an appointment and details about The Fight Sanctuary: Call Michael DiOrio 607-651-4829 or email Mdioriumma@gmail.com.

CREATURE FEATURE TURTLE NEST SUCCESS BECOMING CRITICAL

RIGHT NOW, TURTLES ARE WANDERING in search of mates, territory and places to nest, so be extra vigilant while driving, especially near water. If you encounter a female turtle laying eggs, keep pets away and don't get too close. When stressed, she might abandon laying, causing her to become egg-bound and die. A majority of all turtle nests are pillaged by many predators. In a perfect world, this doesn't threaten their populations; because in undisturbed habitats, adult turtles can live a very long time. Longevity is necessary to replace themselves within the population. However, with thousands of adult turtles being killed on our roads each year, many species native to New York are now in decline. So clutch success is increasingly important. While it's tempting to move a turtle or its eggs to a safer location, this can cause more harm than good. You can, however, place a nest guard over turtle eggs laid on your property. Using these predator-resistant, weighted cages can be beneficial when done right, but disastrous if not. Be sure to research the correct way to construct and monitor the guards to ensure the eggs and hatchlings are helped, not harmed.
