DOVI MOTORS INC. CORTLAND, NY

263 Tompkins Street Cortland, New York (607) 756-2801 dovimotors.com

A Brief History of Dovi Motors

OVI MOTORS WAS FOUNDED IN 1948 by Tony Dovi Sr. as a full service repair shop and has operated from its current location since 1949. His 7 children and his wife were all involved in the business and in 1980 Dovi Motors incorporated with Phil, Tom and Joe Dovi taking the business into the second generation. The early 1980s marked a period of high growth for Dovi Motors. At that time Dovi Motors was a Lincoln/Mercury store. Great products like the Lynx and Topaz along with Dovi's reputation for great customer service proved to be a recipe for success. In 2008 the Ford franchise was acquired by Dovi Motors. Today, the 3rd generation is running the dealership. Right now if you buy a car it will like be from Joe's son Luke, Phil's son Jesse or Tom's son Tommy.

Key Ingredients to Our Success

"Treat others the way you would like to be treated" At Dovi Motors customer service is the corner stone of our business. Tony started the dealership as a full service repair shop, and quality vehicle repair continues to be a focus of our dealership. When one of the other shops in town can't figure out a problem with a Ford, it always ends up here and we always get to the bottom of it. Our customers are some of the most loyal in town and we are in the top of the nation for new sales customers who return for service.

At Dovi motors we offer an easy and enjoyable buying experience. If you walk on the lot to look at a vehicle nobody will chase you down trying to get you to buy a car that day. In fact, we don't currently have any non-family sales people. We give our best price up-front, we have one person to walk you through the entire buying process, and we only sell Ford's so we really know the product.

We are part of the community. We live here, shop here, and we are personally involved with the clubs, organizations and small businesses around town. We are a 3rd generation business in Cortland that is selling cars to the grand children of Tony's customers.

Save when you insure your home and auto with ERIE.

See what you might save. Call today.

THE BEST KEPT SECRET IN **CORTLAND COUNTY**

By Tabitha Scoville, Cortland County Historical Society

THE CORTLAND COUNTY HISTORICAL SOCIETY Was founded in 1925 and yet it is the best kept secret in the county! Our mission is to collect, preserve, and share the history of Cortland County, and we do this through our museum and research center. The Suggett House Museum, which was the home of the James Suggett family from the 1880s through the 1930s, showcases furnishings and artifacts from families who lived in our county from 1825-1890. There are so many fascinating things to see! The Kellogg Memorial

Research Center is where the magic of discovery begins! This is where we find the information to tell the stories

people, businesses, homes, and events from the past. We have diaries, letters, photographs, vital statistics, family files and genealogies as well as census, cemetery, town, church, and school records. This list barely scratches the surface of what is stored within the research center!

On March 17, 2020, we began to post daily to Facebook due to the COVID-19 pandemic. We have featured hundreds of photos, artifacts, and stories from Cortland County's past (and present), and we will be continuing to post frequently in 2021. You can see something new at least every other

Highlight Your Life Hair Salon

January 13-26, 2021

day! Perhaps we will share a story about your ancestors, and you will be inspired to learn more about your family tree. Genealogical research is one of our specialties and we can help you with your research!

Because of the pandemic, CCHS is currently closed to visitors. Because of this, we have been offering distance research instead. There is a fee for this service, but if you are a member of CCHS, the fee is waived. If you are interested in learning about your roots in Cortland County, give us a call at 607-756-6071 or send your request to us at info@cortlandhistory.org.

We will continue to share artifacts and stories virtually in 2021, but you can also expect to see a new children's history discovery center at CCHS this year! We are currently working on an interactive and fun place where kids will be able to learn about Cortland County's past. The opening will be dependent on the pandemic, but we are looking forward to offering this exciting new opportunity for kids.

As we continue to navigate our way through this new way of life, we will also be trying to develop some virtual programs, so stay tuned. We miss having folks come in for our popular Lunch & Learn programs and workshops, and we are looking at ways to resurrect them as a virtual experience. In the meantime, you can find our past programs on our YouTube channel (Cortland County Historical Society). Be sure to find us on Facebook, Instagram, and YouTube for now, and we hope to see you sometime in 2021!

CREATURE FEATURE NORTHERN PIKE

ORTHERN PIKE ARE AGGRESSIVE FRESHWATER carnivores that 🔰 stalk the lakes and rivers of the U.S., Canada, Russia and parts of Europe. These toothy, submarine-shaped ambush predators attack just about anything they can fit into their mouths, commonly targeting other fish a third or even half of their body size. Where forage is plentiful, northern pike can exceed 40 inches in length. Studies analyzing the gut contents of "northerns" show that perch top the menu, followed by shiners, burbot and suckers. They cannibalize smaller pike and also eat birds, waterfowl, small mammals, frogs, leeches and insects.

In late winter, pike move to spawning areas, typically shallow bays with good sun exposure and weed stands from the past year where an in-flowing creek is especially attractive. Spawning occurs soon after ice-out in early spring. Newlyhatched pike are eaten by waterfowl, perch and other fish species, and those hatched in flood plains are sometimes stranded when water levels drop.

Anglers target pike on open water and through the ice.

Aggressive strikes can be triggered using live bait, jigs, spoons, suspending cranks, in-line spinners, spinnerbaits and plastics. Studies show that larger female pike produce more robust young, so releasing big fish helps support a sustainable fishery. Anglers should avoid holding pike vertically, which may damage their vertebrae.

MIKE'S FISH TANK BLACK MOORS

HAVE A LOT OF customers who love goldfish and why not, they are easy to care for, they don't mind it being cold and they do not get sick very easily. One of the favorites is the black moor, black scopes, and black butterfly. All are black with subtle differences.

The black moor is a telescope-eyed variety of fancy goldfish that has a characteristic pair of protruding eyes. It is also referred to as popeye, telescope and dragon eye in China. Black Moors have deep bodies with long, flowing finnage, along with the characteristic protruding eyes.

They are veiltailed and possess metallic scales with a velvet like appearance. Young Moors resemble bronze fantails. Their black coloration and eye protrusion develop with age. They can grow up to a length of 10 inches and do not lose that velvet like appearance with age. The lifespan of a moor is 6 to 25 years. The fish can range in coloring anywhere from a lighter grey to a dark black, but most Black Moor goldfish don't stay pure black forever and many of them change colors from a rust color underbelly to orange splotches. Although their eyes are large, their vision is generally poor. Black moor goldfish are popular because their black color sets them apart from the more common gold color. Black moors do well with other fancy goldfish varieties. Other colors of the telescope family are the red, red-white, calico, chocolate, brown, blue, bronze, lavender, chocolate-blue, and tricolored. Black and white moors are called panda moors and are more rare and cost a bit more. Black moors do sometimes throw normal-eye offsprings, and they are black also.

Another variation of the black moor is the black butterflyfish. They look like a moor but have a longer triple tail that is gorgeous. They too are more rare and can cost a bit more.

Pets A Plenty is located in the Blockbuster Video Plaza, Rte 281 Cortland, 753-9213. Open 7 days a week. We now have a website. WWW. PETSAPLENTY.BIZ. check it out. I post care sheets, coupons, new animal arrivals, contests and more. Any questions, email me at friskyy@hotmail.com

PREPARE YOUR VEHICLE FOR COLD WEATHER

You wouldn't head out into cold weather without bundling up, and your vehicle faces similar challenges as the temperatures drop in our area. Take the time to check out these cold weather tips to prepare your car or truck for winter – your vehicle will run longer and more efficiently.

What You Can Do

- Make sure you have a heavy-duty ice scraper and snow brush in your car or truck.
- Cold weather reduces tire pressure, so check your tire pressure often. See your Owner's Manual for directions and details.
- In severe winter temperatures, you may have to change the grade of your engine oil. Check your Owner's Manual for the viscosity grade recommended for your vehicle's engine.
- Check your wiper blades. Cold temperatures can make blades brittle, and ice on the windshield can cause nicks in the blades, decreasing performance and visibility.
- If you're planning a trip, take a blanket, extra-warm clothing, a collapsible shovel, a bag of road salt and an extra windshieldwasher fluid. Plus bottled water.
- Put on snow tires! Check your Owner's Manual for details and recommended practices.

The change of season is a great time to have your service center technician inspect or check the following areas:

Antifreeze

A quick and simple check of the coolant will tell immediately how much protection it will deliver in colder temperatures.

Auto Battery

Very cold weather saps the cranking capability of batteries, and a marginal one that did the trick in the summer may not start your car when the temperature drops. Have the battery inspected and replace it if the cold-cranking amps aren't sufficient – it'll be easier in the long run than a couple of jump-starts on a freezing January morning. If you are in need of a new battery or just want to have yours checked, visit a service center near you – visit one of the advertisers in this edition.

Belts & Hoses

Extremely cold temperatures can increase the chance of failure for worn or cracked belts and hoses. Have them inspected and replaced as needed.

Tires

Cold temperatures can reduce the air pressure in tires, so making sure the tires are properly inflated can enhance fuel economy and prolong the life of the tires. Also, be sure to have the tread wear inspected. For drivers in our area that sees ice and snow in the winter, adequate tire tread often means the difference between an easy commute and a tire-spinning ordeal – or getting stuck in the snow.

Windshield Wipers

Winter brings precipitation, be it rain, snow, sleet or all of the above. Have your vehicle's wipers inspected for normal operation and have the wiper blades replaced if they smear, streak or are making noise. You'll also want a full reservoir of washer fluid for the winter.

One More Thing...

Our roads are routinely salted - have your car washed often throughout the winter. It will ward off rust and protect the finish of the exterior paint and wheels.

CLN MERCANTILE

7849 Main Street, Fabius, NY (315) 243-0731

REAT NEWS! CLN MERCANTILE WILL be participating in "Chillin in 'Cuse Together - Chili Cook Off" January 30th at Heritage Hill!!! This is very exciting for us to be contending with such great local names. If you know anything about Mike's Famous Chili and want to see us gain some more recognition for our signature chili, check this event out. Maybe even consider purchasing a ticket to reserve your own tasting table and put your two cents in the judging! All proceeds are going to support local restaurants during these difficult times. This is a wonderful event highlighting the camaraderie of a local community that surrounds and supports one another. We'd like to see you be a part of it, too! Let us know if you'd like an invitation.

OREO COOKIE DESSERT

Crush as fine as possible, 35 Oreo Cookies, Put them in a bowl, Mix 1 stick of melted butter and stir until all pieces are covered. Spread in a 9 X 12 pan and put in freezer until step 2 is done.

In a bowl, Mix on High for 5 minutes (until smooth), 18 oz of cream cheese, 1 cup of confectioners sugar and six oz of cool whip. Spread over cookie crust and put in freezer till step 3 is done.

Mix 1-1/2 cups of milk with 1 box french vanilla instant pudding mix and beat till thick, spread over cream cheese mixture.

Mix 1-1/2 cups of milk with 1 box of Chocolate Fudge instant pudding mix and beat till thick, spread over vanilla pudding mix carefully.

Spread 6 oz of cool whip over the top and garnish with your choice, crushed oreos, cherries, nuts etc.

Enjoy!!!

MAC N CHEESE MY WAY

Preheat Oven to 375

Cook 1 lb Elbow Macaroni about half way Drain (Do not rinse) 1 stick melted Butter Wisk in 1/4 c Flour Cook for about 20 - 30 seconds 2 c. Milk

Wisk in till thickened

Add (Save about 1 cup of the grated cheeses for the top)

1 Jar Bertolli Alfredo Sauce (this is for flavor)

6 oz grated 5, 6 or 7 X Sharp Cheese (I get mine at Dewitts

4 oz grated sharp cheese (any brand.. This tones the sharpness down just enough)

1/4c grated or shredded Parmesan Cheese Stir until this this is all melted together Add the Elbows to the sauce, Pour into a baking pan Sprinkle the 1 cup of reserved cheeses over the top

Bake 20 minutes covered then 20 minutes uncovered

Enjoy a creamy bubbly Mac n Cheese. You can also add Broccoli, Lobster or anything you might like that will go with this.

JTM RUCK CLUBS TUESDAY WORKOUT JANUARY 19

Tuesday, January 19 at 6PM to 7:30PM Beaudry Park Scammell Street, Cortland

MOME JOIN US FOR A fun and free workout. Everyone is invited, but please bring a mask. We will keep our distance to help follow procedure.
