CLN MERCANTILE

7849 Main St., Fabius 315-683-1011

LN MERCANTILE IS ONE OF the smallest local businesses with humble origins, yet we take pride in our effort to carry on a big local legacy. Not only has our location served as a cornerstone of shopping convenience and delicious food in the community for over a century, but it also has always been a place where you can find warm smiles and welcoming hearts. The current owners, Charlene and Mike Nicholas, have continued this tradition since they invested in the business over four years ago.

Many consider the Mercantile to be the best general country store around. We offer the freshest and tastiest homemade baked goods, lunch and dinner specials, soups, Mike's Famous Chili, sauces, condiments, deli subs and sandwiches, and a phenomenal breakfast selection.

However, there are a few aspects of our business that make us quite unique. A vast array of antiques, collectibles, and other cool vintage finds await your discovery as you browse our cute little shop. If you need an event catered, we can help with that, too! We also do our best to reciprocate the support our local

community and businesses so graciously extend to us – many of our vegetables, herbs, syrups, honey, even our coffee, and other services or products are locally sourced.

The Mercantile is all about good finds, food, friends, and memories. You will experience the best customer service, most likely a few laughs, and can even enjoy a beer or two taking advantage of our on-site consumption license. As Char says, "It's like going to grandma's!", but even better.

AVE YOU EVER GONE TO a big box store and been completely f 1disappointed? Are you looking for something original but won't know it until you see it? EMERGENCY BROADBAND BENEFIT

What is the Emergency Broadband Benefit?

Point Broadband is proud to participate in the Emergency Broadband Benefit (EBB) Program. You may be eligible for up to \$50/month toward your Internet service. This is a federal program designed to ensure eligible households can stay connected if they are struggling to pay for Internet service during the Covid-19 pandemic.

How It Works

Qualifying households receive a \$50 monthly credit to help pay for Internet service. This benefit will provide millions of Americans with access to critical services like telemedicine, education, employment, social services, banking, email, shopping, news, emergency information and so much more.

The program is available in every US state and territory and tens of millions of Americans qualify. If even one person in a household receives, qualifies for, or participates in any of the below-listed programs, that entire household is eligible for the EBB program.

- Medicaid
- USDA School Breakfast/Lunch Program
- Pell Grant Funding
- Federal Public Housing Assistance
- Supplemental Security Income (SSI)
- Veterans and Survivors Pension Benefit
- Lifeline Program
- Tribal Programs for Residents on Qualifying Tribal Lands

Households that have experienced income loss during the pandemic and meet certain income requirements are also

eligible under the program. This program is only available for six months or until funds are no longer available, so customers are encouraged to sign-up and determine eligibility as soon as possible. Program enrollment opened May 12.

Am I Eligible?

If you qualify for the Emergency Broadband Benefit, then simply enroll in the program. Other qualifying criteria include a household member's qualification for the Lifeline program (such as Medicaid and SNAP), free and reduced-price school lunch program, or if the household experienced a substantial loss of income since February 29, 2020.

CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

'N THE LAST ISSUE, WE asked if you knew what Cortland street was originally named Weatherwax Street. The answer is Bement Place, but why the change? The best answer we can come up with is that B.F. Weatherwax owned land in that vicinity of the city and the street was named after him. The street is shown on the 1888 map of Cortland, but it is never listed in a single city directory.

Here is the little bit we learned about Benjamin F. Weatherwax. In an obituary for his son Harry, we discovered that the family moved here in about 1882. Benjamin was a Methodist clergyman for several years and about a year before his death, "he became the leader of a new sect called 'The Little Flock,' according to his obituary. His wife was named Amanda and they lived at 12 Argyle Place. He had gone out to feed his chickens after church but did not return as he should have, so Amanda went and found him lying face down in the chicken yard. He was brought inside where he died not long afterwards. He and Amanda are buried at Cortland Rural Cemetery.

Weatherwax Street did not become Bement Place until September of 1961. We did not find Bement Place listed in a directory until 1964. At that time Albert J. Bement was listed as living there. We were unable to find any information about Mr. Bement.

THANKSGIVING IS RIGHT AROUND THE corner, so what better $oldsymbol{oldsymbol{\perp}}$ time to talk turkey – or, better yet, sing a fun tune that celebrates the Holiday Season's favorite bird. You can sing the lyrics of this silly, lighthearted song to the melody of "My Darlin' Clementine." Make sure to share it with your young children or grandkids, who are sure to get a kick out of it. Some misconceptions that are out there:

Fish only grow to the size of their tank..Not really true. Most fish are still going to grow to their normal size. People are constantly upgrading to larger tanks because their fish got too

I hear fish only need to eat once a day. Fish in the wild are eating all through the day. Swimming burns a lot of calories so you need to feed 3 to 4 small feedings a day if you want healthy long lived fish.

What about bottom feeders, there really is no fish that will clean the bottom. Bottom feeders really means the fish tend to hang at the bottom and eat as the food floats down. Once the food sits at the bottom awhile, no fish will eat it. Some people think bottom feeders eat the waste at the bottom of the tank, fish do not eat waste. To get out waste and excess food, you need to siphon the bottom with a siphon tube usually once a month or so.

Also when it comes to lizards, a lot of people say they feed 1 or 2 crickets a day or they just feed once a week. Keep in mind, lizards in the wild eat daily and they don't just eat 1 or 2 insects a day. To have a healthy lizard, Feed 5 or 6 crickets a day or mealworms. But feed daily.

A lot of people put algae eaters in newly set up tanks. Remember they eat algae. New tanks do not have algae. When you see green algae in your tank, then that's the time to get your algae eater. They will do better if there's algae to eat.

Some people do water changes weekly, that's probably ok if small amounts, but if you are doing big water changes weekly, you could lose some of your good nitrifying bacteria. Usually 25% water change once a month is perfect.
