# **CNY MAPLE FESTIVAL**

THE WINTER OF 1971 HAD been a cold and difficult one. The very first Maple Festival was scheduled for the end of March on the 28<sup>th</sup> and 29<sup>th</sup>. There were banks and pastures still under snow.

Whether it was "cabin fever" or "spring fever", we do not know, but something caused the whole world to come to the little Village in the Town of Marathon on that first Maple Festival weekend, fifty years ago.

Maple Festival organizers thought they were prepared. But, really they did not have anything to pattern after. No community near or far had tried to pull off such an event. They were reaching into a tool box that was empty, yet we know it was filled with common sense.

A tidal wave washed over the community that first day. All of the organizations that offered food sold out! Stunned, tired, excited, and

Providing families comfort during the toughest of good-byes...and giving pets the dignity they deserve on their final passage.

determined, volunteers went home to cook and bake more, while others motored to Cortland or Binghamton to get necessary items for the next day.

Fifty years ago our Maple Festival Pioneers were knocked off balance for a short period of time. Then, they seized the moment and dug right in to make sure the second day of the Festival was as good as the first.

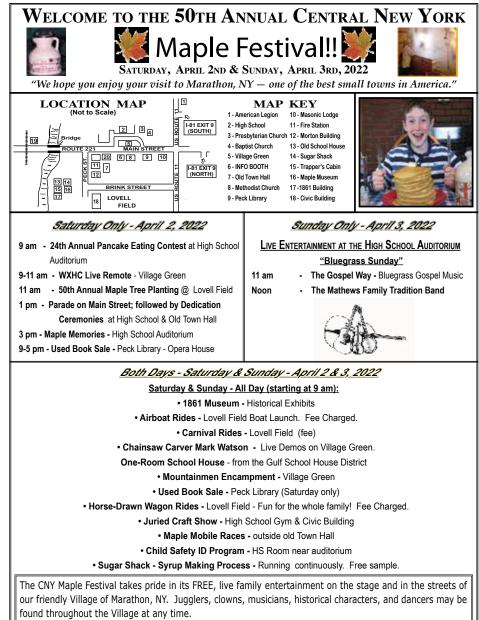

In that time, there was an Executive Director of the Cortland County Chamber of Commerce, and he praised the Marathon Community and its accomplishment in sponsoring the first Maple Festival. Ralph Jordan said "Your achievements have caused envy and bewilderment throughout Cortland County." Initially there were statements of "It couldn't be done" and "How can a community the size of Marathon pull off such a stirring performance?" but it was done, he said, "because your community was "tuned in" to an idea and "turned on" to what it could accomplish for your community...in other words you took up the challenge."

Mr. Jordan went on to say, "Communities must keep in mind that it takes do-ers to build what thinkers create."

The benefits the Maple Festival has brought to Marathon are numerous. The one ingredient worth more than the rest is pride in the community. There is a "can do spirit" too! Marathon people know

how to work together for the betterment of the community. We have raised two generations since that first Maple Festival. Our young people think there has always been a Maple Festival. Yes, we are a small town where big things happen! Marathon folks have Maple Festival stories. On Saturday, April 2, in the High School Auditorium at 3p.m. there will be time set aside for the do-ers, visitors, and guests to reminisce about their experiences over the years while attending or working at the Maple Festival. Former queens, Committee Chairs, pancake flippers and eaters, maple producers, and more will be welcomed to share their memories that day. You are invited to listen and learn. We are proud to tell the story of Marathon folks who dared to dream big and work hard to make the dream come true.

# **CONTENTO'S**

A FAMILY-RUN BUSINESS SERVING CORTLAND, Tompkins, and surrounding counties since 1950 with professional demolition, hauling, material processing and recycling.

### CONTENTO'S RECYCLING CENTER

We operate central New York's only construction and demolition debris (C&D) recycling center. C&D includes uncontaminated solid waste resulting from the construction, remodeling, repair, and demolition of utilities, structures, and roads. Our facility is open to commercial and residential customers. Please call the office for more information at 607-753-8136.

### CONTENTO'S DEMOLITION

We are a full-service demolition company that can perform on projects large and small with precision, safety, and efficiency. We have extensive demolition experience and have successfully completed numerous difficult and fastpaced projects. Services offered: selective and complete take-down, interior demolition, concrete demolition and

removal of driveways, foundations, pools, underground tank removals, contaminated soil removal, asbestos abatement and excavating. We are fully insured and bonded. Call us for a quote or fill out the demolition request form located on our website.

#### CONTENTO'S SCALE SERVICE

We are a New York State certified scale and are open from 7:00 am to 3:30 pm Monday through Friday should you need a truck or trailer weighed (small fee applies). We are open to anyone needing to dispose of ferrous and non-ferrous metals including refrigerators, air conditions, end of life vehicles and more. Call our office for updated pricing on scrapping your metal for cash.

### CONTENTO'S ROLL-OFF DUMPSTER RENTALS

We rent roll-off containers and do hauling all over Central New York. To request a dumpster rental, please call our office at 607-753-8136 or use the Container Request form located on our website. We require a deposit fee before any container will be delivered. Please keep in mind that a container may not always be available right away, especially during peak operating months.

Visit us at **119 Pendleton Street in Cortland.** Questions? **Call (607) 753-8136**, email us at <u>Info@ContentosNY.</u> <u>com</u> or check our website at <u>www.contentosny.com</u>.

# **RON'S BODY & PAINT** FOR EXPERT AUTO BODY REPAIR & SERVICE

### A FAMILY TREE WITH DEEP ROOTS

Shute's WATER SYSTEMS AND SHUTE'S LaFayette Well Drilling has been a family-run business serving Central New York for more than 50 years, drilling wells, installing pumps and treating problem water.

Originally known as LaFayette Well Drilling, established in 1963 by Howard Shute, and brother-in-law, Warren Shetler, both the business and their reputation grew over the years. Shute continued on with the business after Shetler decided to pursue other interests.

Shute was then joined by his sons, Mark, Neil and Scott. Howard Shute retired at nearly 80 years of age while his sons continued the family tradition of providing safe and pure water to the community.

Today, Shute's Water Systems is run by Scott Shute and Matt Farkas, and Shute's Excavation is run by Todd Shute. Scott's wife Becky runs the office with Mark Shute's daughter Jill. The family attributes the majority of its continued success from recommendations it receives from satisfied customers.

Shute said many municipal water systems contain calcium and magnesium, which as "hard" substances, form scale and create problems in water heaters, dish washers and plumbing systems.

Water purification can include the removal of iron, sulfur, chlorine and bacteria in a chemical-free process. Softening the water is also important and has many benefits, not only for family members, but for plumbing systems and appliances too.

"Uncontaminated water is essential for good health," Shute said. "Foul-smelling or unusual odors from your water should make you question your water's quality and safety." Many families throughout Central New York use well water as a source of drinking water and for all its household needs. Unfortunately, water containing hydrogen sulfide gas has a distinctive "rotten egg" odor which is especially noticeable when running hot water.

Shute said the danger lies in a gradual chemical reaction

"Hydrogen sulfide gas will corrode plumbing metals such as iron, steel, copper and brass, and the exposed metal parts in appliances such as dish washers and washing machines" Shute said. "Also, corrosion of iron and steel pipes from ferrous sulfide, or 'black water,' that can darken everyday tableware, discolor copper and brass utensils and alter the appearance and taste of cooked foods."

Additionally, Shute said, sulfur water can make washing clothes more difficult.

Shute's Water Systems can assure customers that these hazards and more can be avoided or remedied using its time-tested, ecological systems

Shute's offers a free water analysis that will help lead to greattasting and healthy water from the tap. Located in LaFayette, Shute's Water Systems can be reached at (315) 677-5552, or visit <u>ShutesWaterSystems.com</u>.

See its ad on the front page of this edition of the Cortland Area Tribune.

# **MIKE'S FISH TANK BIRTH OF LIVEBEARERS**

Pets a Plenty

Rte. 281 Cortland (across the street from Grand Union) GPS: 3925 West Rd. Cortland

Open 7 days a week

petsaplenty.biz • friskyy@hotmail.com • 607-753-9213

OR MANY TROPICAL FISH HOBBYISTS, their first experience with baby fish is often through livebearers.

Without much effort on your part, you may discover that the livebearers you brought home have given birth to a small batch.

Depending on water conditions, temperature, and diet, some livebearers can have broods as often as every four to eight weeks. You can tell if a female is ready to give birth by her enlarged abdomen or a dark spot located near her anal fin.

The spot will turn darker as her delivery date nears. But you must be watchful because some fish will eagerly eat the newly born baby fish.

I have noticed that sometimes the fish do not eat the babies. Not sure why that is, but I have had baby fish here in tanks with bigger fish and they do not go after them at all.

They do make baby savers, which are small hanging nets or plastic boxes that you can put the baby fish into. This will prevent the adult fish or any fish in your tank from eating your baby fish. These savers are called breeder boxes or breeder nets.They are made in such a way that the box or net still has filtration and heat. Sometimes if you have a heavily planted tank, the babies will hide amongst the plants, but if seen by the bigger fish, they may get eaten.

The babies should be fed a quality food, such as baby brine shrimp, baby fish food, or quality flake food ground into a fine powder. Feed the fry small amounts several times a day. Maintain good water quality by performing regular water changes. Using water from your established aquarium is a great way to acclimate the fry to water conditions of their future home. In about 8 to 10 weeks, the babies should be large enough to release into the main aquarium. But be sure the babies have grown larger than the mouths of adult fish.

# **CORTLAND COUNTY TRIVIA** FROM THE CORTLAND COUNTY **HISTORICAL SOCIETY**

AST TIME WE ASKED YOU what the longest running festival in └ Cortland County is. If you guessed St. Anthony's Festival, you are correct! This tradition began in Cortland in 1905 to celebrate the Feast Day of St. Anthony of Padua.

 $St. Anthony of Padua \, Church \, did \, not open until 1917, but before$ that Cortland's Italian immigrant population celebrated the festival with services, a procession, and music. Today the festival is an eagerly anticipated community celebration.

How many World Series' did Truxton native John J. McGraw coach the New York Giants?

đ

# **CHAMBER PARTNERS WITH GUTHRIE TO OFFER FREE** SHOWCASE ADMISSION

The Chamber previously announced the return ▲ of The Showcase on April 2, 2022 at the JM McDonald Sports Complex from 10:00 to 3:00. Now Guthrie Medical Center has sponsored the Admission for all to attend free of charge. "The Showcase hasn't had free admission in over a decade and we're excited to partner with Guthrie to open the doors for our entire community", proclaimed Chamber President Bob Haight.

Guthrie approached the Chamber to see how they could make the offer, and the Chamber was pleased to work out the details. "We encourage everyone to experience the Cortland Showcase and because we don't want cost to be a factor in attendance, Guthrie is pleased to underwrite the admission fee to this year's event," said Jennifer Yartym, President, Guthrie Cortland Medical Center.

The entertainment for Saturday is lining up to provide a full day of family friendly events.

Booth registrations already include finance, senior living, non-profits, realestate, manufacturers, service, health care, business management, insurance, retail, automotive, and home improvement. Booths are still available, and registrations are coming in daily.

# **CHAMBER PARTNERS WITH CAYUGA MEDICAL CENTER TO OFFER FREE PUBLIC SKATING DURING THE SHOWCASE**

THE CHAMBER PREVIOUSLY ANNOUNCED THE return of The Showcase on April 2, 2022 at the JM McDonald Sports Complex from 10:00 to 3:00. Last week we announced our partnership with Guthrie to offer free admission.

Now we're excited to tell you Cayuga Medical Center has sponsored the ice skating so all may skate free of charge on Saturday April 2nd. "The Showcase has never had ice skating and we're excited to partner with Cayuga Medical to open the ice for our entire community with no charge", proclaimed Chamber President Bob Haight. "Skates are also available for all ages."

The entertainment for Saturday is lining up and we'll be announcing family friendly events and times very soon. Visit our website for updates or call the office.

Booth registration is going well but we still have some available including our discounted booth spaces for members.

Registration is now live at www.cortlandareachamber.com.

# **1890 HOUSE MUSEUM BEGINS CAPITAL CAMPAIGN**

1890 HOUSE MUSEUM 37 Tompkins St. Cortland, NY 13045  $607.756.7551 \cdot info@the1890house.org \cdot the1890house.org$ 

THE 1890 HOUSE'S \$250,000 CAPITAL Campaign is underway and seeking donations from public and/or private donors with regard to making necessary repairs to the interior and exterior of the house. Several areas of the house have unfortunately fallen into disrepair due to roof leaks and

other unforeseen problems, and the Board of Trustees is now undertaking a Capital Campaign to try to restore luster to this beautiful Crown City jewel.

Marian Wickwire O'Connor, the last Wickwire to live at 37 Tompkins Street, died there in 1973. The Wickwire Residence and its contents were then sold at auction. A group of Cortland County leaders, including members of the Wickwire family, successfully campaigned to preserve the house, and it became a museum in 1975.

The mission of the 1890 House Museum states that it aims to promote and interpret the historical and cultural significance of this historic property to the public. The 1890 House seeks to collect, preserve, research, display, and interpret objects that promote local and national history of America's cultural heritage during the late 19th and early 20th centuries. It was the anchor of the Historic Tompkins Street District's entry on the National Register of Historic Places in 1974, and in 1984, it received its official NYS Charter to operate as a 501(c)(3)historic house museum.

As mentioned above, many of the rooms in the house are currently in need of restoration, with windows, ceilings, and walls that have been damaged due to natural deterioration and/ or other problems, such as roof leaks. Because of this, many aspects of the rooms are in need of repair or replacement. Some of the parquet floors and beautiful stained-glass panels need some TLC as well. If you are interested in helping out with the campaign, please visit https://the1890house.org/ for  $more \, information, to \, contact \, us, or \, to \, donate. \, Several \, \, donation$ levels are outlined on the web site's Capital Campaign page, but patrons may choose to enter/contribute any amount that works for them. Any amount is appreciated.

The Board of Trustees also encourages the public to stop in for a tour. The museum is open to the public as follows: Thursday through Saturday from 11:00am to 4:00pm; and on Sundays from noon to 4:00pm. Tours last approximately 60-90 minutes and cover Wickwire family history, servant life, and social customs of the late 19th and early 20th centuries. Group tours are also available. Tours will cover all four floors of the museum. We hope that you will stop by and see us soon!

# **DRYDEN SENIOR CITIZENS LUNCH** MARCH 28

THE DRYDEN SENIOR CITIZENS WILL meet on Monday, March 28, 2022 at the Dryden Veterans Memorial Home, Route 13, Dryden. # **ST JOHN MEMORIALS**

ST JOHN MEMORIALS STARTED ITS ROOTS IN 1929 IN MORAVIA NY.

90 years and 3 generations later it carries on the tradition of a full-service monument business supplying families with quality handcrafted memorials throughout Central New York.

Ty and Doreen St John, owners of St John Memorials have been running the family business since 1993, after Ty grew up in business and was taught the "old school way "by his grandfather, Howard who started the business in Moravia back in 1929.

Together they have combined old school and modern technology to create lasting family memorials and civic monuments while still being a full-service company.

Most monument companies don't do any of the hands-on work anymore, Ty explains, they are mainly a middleman, selling you the monument and ordering it from a manufacturer already lettered and designed. It comes in a box and the monument company delivers it to the location. The family has no recourse if something is wrong, without waiting months for a replacement if at all.

Another major flaw in having it done at a factory, is there are many monument companies with orders in and it could take months to get your memorial and they charge per design and letter so there is no set price. When we sell a memorial and tell you the price, it includes all the lettering, design work and delivery, no hidden charges, we feel that is the fair way to do business, the family shouldn't be charged because their last name is three letters longer than the average.

We design and engrave what we sell, along with offering onsite lettering such as a final date, in cemeteries across Central New York. We have a large display at our main office in Scipio, and after looking for some time, found a perfect location in Cortland to open a sales office to service our families in our eastern service area at 1027 NY-13 (Tompkins St.) Cortland.

Covid-19 has presented many problems for everyone, and the memorial business is no exception. We have had supply issues with getting the granite, stencils and glues to do the engraving just to name a few. Manufacturing in Vermont at the granite quarries is at an all-time backlog and for us to just get the blank granite has slowed considerably. I can't imagine a family waiting 8 months or longer to get their family memorial engraved at the factory.

I am in constant communication with my wholesalers and have been to Vermont numerous times last year buying inventory to stay well stocked on our most popular monuments. I am proud to say that we have the largest display in the area and this year will be no exception,

We are open by appointment throughout the winter and invite you to call so we can set up an appointment at your convenience to discuss your needs for Spring delivery. This assures that we have plenty of time to have the granite completed to be delivered when the weather permits. We have quite a number of orders for this Spring and it is best to start the process as it does take time to do drawing approvals and order the granite if we don't have it in stock.

Our main office phone is 315-364-8266 to arrange an appointment in Scipio or at our Cortland office. If you would rather email, we can be reached at stjohnmemorials@yahoo. com or on our Facebook page.

# **SPRING HAPPENINGS AT NIGHTINGALE'S TULLY LAKES HARDWARE**

6 Elm St., Tully • (315) 238-7050

PRING IS RIGHT AROUND THE CORNER and Tully Lakes Hardware N is gearing up to stock the supplies you'll need to get ready to jump back into outdoor projects! Located right in the Village Plaza, Nightingale's has everything from traditional hardware to lawn and garden supplies, a pet department, animal feeds (Nutrena and Keystone), spring seed starting kits, and more!

What's New at Nightingale's

Maple Syrup Making Supplies are In - Tree taps, sap line, sap buckets, and syrup jars are in stock and ready for the annual Springtime tradition.

Chick Raising & Poultry Supplies - Thinking of raising new chickens to add to your flock or starting a new one? Nightingale's carries poultry supplies, feeders, waterers, heat bulbs, poultry fencing, and Nutrena & Keystone Chick starter. (Please note: Nightingale's will not be hosting baby chick days in 2022)

Garden Seeds & Growing Kits - Livingston Seeds and Paige Seeds have arrived, along with seed starter kits, Miracle Grow soils, and starter pots to get those flowers and vegetables started.

Now Ordering with ACE Hardware - Nightingale's is excited to share that they will be ordering more and new products from ACE! Customers can expect to see an increasing number of new ACE products on the store shelves as we move thru Spring and into Summer (along with their old standbys). Look forward to the same staff & service you have come to knowbut with some new expanded departments and products filling the store!

ACE Rewards begins Mid March - As part of the ACE network, Nightingale's will begin offering customers a chance to sign up for ACE Rewards starting mid-month. Customers that have an existing ACE rewards card can then use it at Nightingale's. Don't have one yet-it's easy to sign up for a new reward card! A great way to get extra savings and coupons redeemable on your favorite hardware purchases.

Benjamin Moore Paint is Coming Soon! - Another new addition to Nightingale's shelves this Spring will be new lines of Benjamin Moore Paint. Keep an eye out for the new paint selections to hit the shelves this Spring!

### **CREATURE FEATURE FISHING LEAD FREE PROTECTS WILDLIFE**

s both a lifetime angler and a devoted conservationist, on wildlife, especially loons, eagles, swans and other aquatic birds. It takes just one tiny lead sinker to kill an adult loon,

and lead poisoning from fishing tackle is a major cause of loon mortality.

Lead is invisible to wildlife. Loons are often poisoned when they accidentally pick up pieces of lost lead tackle instead of pebbles, which are swallowed to help digest food in the gizzard. The lead gets absorbed quickly but the loon dies slowly, suffering painfully for 2-3 weeks before succumbing to the neurotoxin. Loons and eagles also ingest lead when they catch or scavenge a fish that has swallowed tackle, or has a broken line and tackle attached.

Lead continues to pile up in the environment where it threatens wildlife and water quality, too. Only partially banned in New York, literal tons of lead tackle products are still sold. Yet, there are many high performing, non-toxic alternatives available that don't poison wildlife and pollute water - quality products made from tungsten, steel, tin, bismuth, metal composites, glass and even ceramics (photo). They are pricier than lead, but aren't our natural resources and wildlife priceless? When retailers and anglers commit to going lead free, costs will come down.

Please help protect vulnerable wildlife and our natural resources by pledging to **fish lead free.** 

Margie Manthey

# **APRIL IS NATIONAL VOLUNTEER MONTH**

THE RED CROSS IS EXPERIENCING the worst blood shortage in over a decade.

The Homer Community Blood Drive will be held Saturday, April 9th, from 8am to 1:00pm, at the Homer First United Methodist Church, 16 Cayuga Street.(Enter parking lot via Central Park Place on the other side of village green).

A Double Red Cell Collection unit will be available at this drive for type A-,B-,AB-, and O.

You may still donate after receiving a COVID-19 vaccination. Knowing the name of the manufacturer is critical in determining your blood donation eligibility. All individuals at blood drives must wear a face mask regardless of vaccination status.

For a limited time all blood donations will be tested for COVID-19 antibodies and sickle cell trait screening.

Donors - get good night's sleep, hydrate, and streamline your donation experience and save up to 15 minutes by visiting RedCrossBlood.org/RapidPass to complete your pre-

donation reading and health history questions on the day of your appointment.

Area Rugs

Soaker Mats

Remnants

As a thank-you, all who come to give blood April 1-18 will receive an exclusive Red Cross T-shirt, while supplies last.

Anyone who wishes to donate should call and make an appointment at 1-800-RED-CROSS or go to: www. redcrossblood.org

Plan ahead. If all appointment slots are filled, we may not be able to take walk-in donors.

ARMERS, RURAL LANDOWNERS, AND LOCAL government  ${f F}$  officials are invited to attend the 2022 Tompkins County Agriculture Summit to hear updates from agencies whose work funds, supports or impacts our area's agriculture and rural communities. Presenters at this year's summit include representatives from the USDA Natural Resources Conservation Service, USDA Farm Service Agency, Cornell University Department of Biological & Environmental Engineering, New York Soil Health Initiative, Tompkins County Soil & Water Conservation District, and Cornell Cooperative Extension Tompkins County (CCETompkins).

The 2022 Tompkins County Agriculture Summit will be a hybrid meeting with both online and in-person attendance possible, to be held Wednesday, March 23 from 11:30am to 3:00pm. Lunch and registration will start at 11:30am with the presentations to begin at 12:15pm. Zoom participants are invited to join the meeting at 12:10pm. Presenters will discuss funding opportunities, the latest soil health research, results of the CCETompkins Enviro-Benchmarking survey and more.

Advance registration for the 2022 Tompkins Agriculture Summit is required. Please visit http://ccetompkins.org/ Ag-Summit to register. Lunch will be provided for inperson attendees and a \$10 contribution is requested. Zoom attendance is free. If you are unable to attend but would like a recording of the meeting, please register and you will receive a video link a few days after the event.

The 2022 Agriculture Summit is organized by CCETompkins and the Tompkins County Agriculture & Farmland Protection Board, with support from Tompkins County Farm Bureau and Farm Credit East. Questions about the Summit may be directed to Jenna DeRario, Payment for Ecosystem Services Educator, Cornell Cooperative Extension Tompkins County, at jd965@cornell.edu or (607) 272-2292 voicemail #282.

BRP reserves the right to discontinue or change specifications, prices, designs, features, models or equipment without incurring obligation. Some models depicted may include optional equipment. BRP recommends that all SxS drivers take a training course. SxSs can be hazardous to operate. Never carry passengers on any SxS not specifically designed by the manufacturer for such use. Carefully read the vehicle's operator's guide. Follow all instructional and safety material and observe applicable laws and regulations. SxSs are for off-road use only, never ride on paved surfaces or public roads. For your safety, the operator and passenger(s) must wear a helmet, eye protection and applicable protective clothing. Always remember that riding, alcohol and drugs don't mix. Never engage in stunt driving. Avoid excessive speed and be particularly careful on difficult terrain. Always ride responsibly and safely. See your authorized BRP dealer for details and visit can-amoffroad.com.

Local Primary Care Providers. Large Specialist Network.

# One Reason.

# You are at the center of all we do.

Guthrie's 23 primary care providers in Cortland and Tompkins counties are part of a large network of physicians and advanced practice providers, including more than 250 specialists across a 12-county region. From yearly check-ups to complex conditions, our providers are passionate about providing high-quality care.

We do all this for one reason – You. Your health is our top priority and is the reason we commit to excellence every day.

Experience the Guthrie commitment for yourself at one of our Cortland or Ithaca locations. Make an appointment with a provider today.
