CORTLAND COUNTY DAIRY PARADE
TUESDAY, JUNE 7TH

Get ready for cow costumes, milk mustaches, wedges of cheese and milk cartons during the Cortland County Dairy Parade! Join us for the annual Cortland County Dairy Parade!! We have a bit of a change to the route this year because of construction on Main Street, so we will be marching the other direction! The parade will start near Pudgies Pizza and go to the Cortland County Fair Grounds... come enjoy a fun evening showing support for DAIRY!!! All school buses, heavy equipment transportation vehicles and trailers should unload on the parade route. These vehicles must be off the route and at their loading point, which will be the parking lot of the Cortland County Fairgrounds, by 6pm. All farm machinery and large trailers should be in place by 5:45pm! Parade drop off/line up begins at 5:30pm and all entries must be in place by 6:15pm for our start time of 6:30pm. Parade will start promptly at 6:30pm! Any questions, please contact Andrea or Tess at Cortlanddairy@gmail.com.

DRYDEN DAIRY DAY
SATURDAY, JUNE 11

"Cow-A-Bunga!" – Dryden Dairy Day is BACK! Join in the fun on Saturday June 11 for the 39th annual Dryden Dairy Day in Montgomery Park, Dryden. We will kick off the celebration with a Cow Chase 5K community run and parade starting at 9:30am, followed by a variety of activities (live animal display and Dan the Snake Man), music (including Dryden's own Fall Creek Brass Band), and vendors in Montgomery Park until 3pm. Learn more about the day's activities at DrydenDairyDay.org. or Follow us on Facebook

The event brings together local farmers, businesses, and organizations through their sponsorship, involvement, and cooperation. Dryden Dairy Day celebrates the many contributions the dairy farmer makes to our lives.

CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

Last time in the CAT, we asked if you could tell us what prosecuting Nazi war crimes has to do with Cortland. The Nuremberg trials were the military trials held after World War II by the Allied forces which would attempt to prosecute Nazi leaders for war crimes. The trials took place in Nuremberg, Germany with the whole world watching. But just what to do the Nuremberg trials have to do with Cortland?

Theodore Fenstermacher is the connection. Theodore Fenstermacher was a promising young attorney practicing law in New York City when he happened to have lunch with another attorney who was back from Nuremberg and looking to recruit additional attorneys for the legal team of the Allies. Ted decided to take this opportunity, and his wife, Nancy joined him. Nancy had majored in German at Vassar College and was a translator for the team. She also summarized an enormous number of German documents for the prosecution. He was one of 160 attorneys from four countries who worked to bring down Hitler's henchmen.

So how does this have anything to do with Cortland? Theodore and Nancy Fenstermacher moved to Cortland in 1948 when Ted joined the law firm of Lusk, Buck, Folmer, and Ryan. This firm later became Folmer, Ryan, Fenstermacher, and Yesawich. Ted and Nancy raised their family and remained in Cortland for the rest of their lives. They were involved in Cortland life and enjoyed living here.

Ted's commitment to the community lives on through the Fenstermacher Fund which is administered through the Central New York Community Foundation. Every year, the foundation invites applications from nonprofit organizations in Cortland County and awards a number of Bright Ideas grants to support the missions of these important organizations.

Do you know the name of a successful composer who was born in Scott?

ONCO FERMENTATIONS

397 NY Rt 281, Tully, NY • 315-810-4123
www.oncoferment.com

Welcome to ONCO Fermentations, Tully's very own brewery! The brewery was opened in March of 2019 by Brian and Erin Bullard and offers 12 taps of house brewed beers in a 2400 sq foot urban warehouse brewery with tasting room at the back of Applied Concepts on Route 281 in Tully. Since opening the couple has developed an outdoor beer garden and expanded into the remaining 3400 square feet available to them, well ahead of schedule.

The brewery is very family friendly and offers wine, hard cider, soda, and coffee along with beer.

Well received by the community, the company is already becoming a key asset to the Town of Tully and surrounding areas. ONCO has become a popular gathering space for residents and visitors offering live music weekly, community focused events and private party spaces.

ONCO offers a "cozy urban warehouse" tasting room with garage doors that open to the deck and beer garden, a large indoor event space/party room, front deck, and beer garden space offering visitors many options for seating and enjoying a relaxing day at the brewery. Dogs are allowed to visit on the deck and in the beer garden, which features an acre of table space and lawn areas for chairs, blankets, and play, along with three firepits.

There is a house food truck on site run by Kevin and Melissa Spinner of Spinner LLC and Naan Ya' Business, offering "159 concept" menu (for Tully's zip code 13159) that changes weekly. The menus include brunch every Sunday from 11-1, after which the week's main menu resumes. Anyone is welcome to purchase 159 food for to go or to enjoy on ONCO's premises even if beer purchases aren't a part of their outing. Reservations are not required (though a call ahead to the brewery for larger groups is requested).

The brewery is open Thursdays and Fridays from 4-9, Saturdays from 1-9, and Sundays from 11-6. Current hours for food service are Thursdays 4-8, Friday 4-8, Saturday 2-8, and Sundays 11 – 5 (brunch to lunch). Live music schedule, events, and 159 Menus are updated regularly on ONCO's social media and website, www.oncoferment.com.

CRT OPENS 50TH ANNIVERSARY SUMMER SEASON ON JUNE 8TH WITH "HAIR", THE TRIBAL ROCK MUSICAL

Cortland Repertory Theatre kicks off their 50th anniversary summer season at the Little York Pavilion in Preble with the CRT debut production of the tribal rock musical *Hair* with book and lyrics by Gerome Ragni and James Rado, and music by Galt MacDermot. Performances will run from June 8th - 18th with evening show times at 7:30 PM. Matinees are available on June 10th, 12th and 15th at 2:00 PM. Tickets may be purchased by calling 800-427-6160 or at the CRT Box Office at 24 Port Watson Street in Cortland. Tickets are also available through the CRT website at cortlandrep.org with ETIX, for a small additional charge. CRT cautions that ETIX is the only approved online ticket service; others charge significantly higher rates for tickets and are not approved by CRT. The GPS address for the Pavilion is 6799 Little York Lake Road in Preble.

Celebrating the sixties counterculture in all its barefoot, long-haired glory, *Hair* is a controversial, ground-breaking musical with a collection of songs that became radio hits including *Aquarius, Good Morning Starshine, Let the Sun Shine,* and *Easy To Be Hard.* As relevant today as it was when first produced in 1968, *Hair* examines what it means to be a young person in a changing world and explores ideas of identity, community, global responsibility and peace. CRT Administration cautions patrons that this production contains adult language, simulated drug use, brief full nudity and sexually explicit scenes. The show is recommended for adults and mature individuals under 18 years of age.

Hair is directed by Trey Compton, who won a 2019 SALT Award for *Legally Blonde*. He also directed last summer's *Honky Tonk Angels* and *The Complete Work of Shakespeare, Abridged* and previously *Rough Crossing* and *Sleuth*. Making their CRT debuts are Music Director Michael Maketa and Choreographer Leon Glover. Joining the creative team is former CRT Performing Intern Jahmar Ortiz, in the role of Director of Culture and Inclusion. Stage Manager Meaghan N. Finlay leads a talented design team including Scenic Designer Rozy Isquith (CRT debut), Costume Designer Jimmy Johansmeyer (in his 16th season), Sound Designer Cory Kosman (his second season), and Props Designer Jacob Foster. CRT's Production Manager Eric Behnke is Lighting Designer; Dana White, Jr. returns as Technical Director.

Heading the ensemble cast in the role of tribe leader Berger is Jeffrey Keller, who was seen CRT's *Mamma Mia!* and *Legally Blonde.* The pivotal role of Claude will be portrayed by Taylor Joseph Rivera, with Chelsea Hooker as Ronny, Jerome Stephen Manning as Hud and Thabitha Moruthane as Dionne, all making their CRT debuts. Mikey LoBalsomo, from last summer's *Shakespeare Abridged,* returns to play Margaret Mead. A number of CRT's 2022 Performing Intern Company members play key roles including Ryder University students Ellie Pearlman as Shelia, Maclain Rhine as Woof and Grace Brad as Jeanie, with Syracuse University student Ellie Kallay as Crissy. The tribe is comprised of Bree Ogaldez and Gabe Moses in their CRT debuts with returnee Abby McGrath (*Newsies, Mamma Mia!*) joining other Performing Interns including recent college graduates Dereck Atwater (Nazareth), Alissa Rojas (SUNY Fredonia), and Rashawn Sangster (SUNY Cortland) with current students Shaun Collins and Emily Madison (Syracuse), and Weston Pytel and Reese Stojanovski (Nazareth). Musicians for this production include Sam Forrester (Reeds), Dennis Goettel (Guitar), Gillian Kroll (Guitar 2), Herm Matlock (Trumpet 1), Jake Nicolini (Trumpet 2), Alex Van Tassel (Drums), and Dave Welsch (Bass).

CRT offers a "Friday Night Talk Back" after the evening performance on June 10th, with a Q & A session with the actors, director, designers and crew. Tickets are on sale for all of CRT's summer season, which includes *Over the River and Through the Woods, Kiss Me Kate, Agatha Christie's Murder on the Orient Express* and *Disney and Cameron Mackintosh's Mary Poppins.* For the younger generation, The Bright Star Touring Theatre will present three children's shows: *The Little Mermaid, Treasure Island* and *Upcycled Cinderella.* Visit www.cortlandrep.org for more information on all upcoming performances.

CREATURE FEATURE
FAWN FACTS

This time each year, it's good to revisit some facts about white-tailed deer fawns.

A tiny fawn often appears abandoned when we stumble across it laying on the ground with no sign of Mother around. This is rarely the case, however, and the doe is usually nearby. She leaves her fawn alone, returning to tend and nurse it. This behavior keeps it hidden from predators. The worst thing we can do is approach or touch the fawn which can result in it bolting away into danger or getting separated from its mother.

A newborn fawn also has a "freeze instinct" to escape detection. This, teamed with a nearly scentless, camouflaged coat, helps the defenseless baby avoid predators and marauding dogs. Ironically, the instinct to remain motionless can endanger the fawn, as it won't budge, even when haying equipment or other machinery bears down on it.

Until a bond is formed with its mother, a newborn fawn will follow any large, moving object; so that seemingly cute video of a fawn toddling after a child or dog is actually a sad situation, as the fawn is led away from the doe and into danger. The best care for a fawn is with its mother. Rarely is human intervention necessary – in fact, it often proves tragic. Remember: *"If you care, leave it there."*

Signs of legitimate concern include a fawn by a dead doe; visible injuries; curled ears (indicating dehydration); and incessant vocalizing. In this case, contact the **NYS DEC at (607) 753-3095, extension 247** for guidance.

Glofish are extremely popular these days. They are born brilliant.

They are not injected, painted or dyed. Inherited lifelong color does not harm the fish.Same care as any other tropical community fish. They are made from danio's, tetras and barbs so they do like a heated aquarium. I keep the temperature up around 78 to 79 degrees.Some of the led lights will make the glofish glow even more but they still look really nice under a regular fluorescent light.

They just came out with a glo beta, but they are very expensive. They also have glo sharks, but those are fairly expensive too. The danios and tetras come in green, pink, orange, purple,red and blue.Glo tiger barbs come in red and green and orange.

They also make glofish plastic plants and several glofish decorations that also

glo. Recently they come out with color changing plants, which change colors as the light hits them.

Glofish food is available now which helps keep their color vibrant.I am sure we will be seeing a lot more glofish items in the very near future.

PROGRESSIVE AMERICAN FLAT TRACK

WEEDSPORT SPEEDWAY JULY 2

The Progressive American Flat Track series is set to make its fourth-ever stop at Weedsport Speedway on July 2. The previous visits have proven popular with fans in central New York, drawing sellout crowds to observe its bar-banging action and unpredictable racing. But for those still uninitiated, two core characteristics should help explain the motorcycle racing series' popularity: Progressive AFT is both *historic* and *elite*.

The series brands itself as "America's Original Extreme Sport" and is justified in making such a lofty claim. It's among the oldest motorsports series in the nation. It traces its direct lineage back a century and has served to crown the "Grand National Champion" since 1954.

It's also universally regarded as the pinnacle of motorcycle dirt track racing anywhere on the planet. Its vibrant history continues to be added to each successive season, and it currently features a rivalry that is certain to go down in its annals.

Indian Motorcycle's Jared Mees stands as the reigning champion of its premier class, Mission SuperTwins presented by S&S Cycle. Mees' 2021 triumph was just the latest in a career that sees him rank among the very top in the sport's long history in terms of race wins and championships.

However, it was his first since 2018 with his younger rival Indian teammate, Briar Bauman, defeating him for top honors in 2019 and 2020. Not unexpectedly, their epic on-track battles have transformed what was once a mentor-protégé relationship into a bitter rivalry that only enhances the entertainment value of a showdown that already ranks among the series' best.

Mees and Bauman have combined to win the New York Short three times. Last season's stop proved to be pivotal, with Mees earning a win that would kick start the late-season flurry he needed to track down and overhaul Bauman in the title fight.

The challengers who hope to join them in battling for the 2022 crown rank as among the greatest riders on Earth, and the two support classes, Mission Production Twins presented by Vance & Hines and Parts Unlimited AFT Singles presented by KICKER, are loaded up with the next wave of talent primed to take the torch in the not-too-distant future.

Every stop of the Progressive AFT tour features plenty of attractions outside of the racing to keep fans entertained, including vendors, live music, and a dedicated "Kid's Zone." This year's edition of the New York Short Track is set to be all that much more special with a Fourth of July weekend fireworks display and up-close access to the riders and their equipment via a Paddock Pass Upgrade.

THE SHOPPES AT JOHNNY APPLESEED

As we come into the month of June, The Shoppes At Johnny Appleseed are so delighted to be celebrating their upcoming anniversary of being in business for five years. "Looking back to that first day, it feels surreal but also satisfying to know how far we have come and all that has been accomplished in five short years," said Erica Gilmore.

Owners Florence and Erica Gilmore, were inspired by the traditional co-op system where many creative ideas mesh into one living space, but at Johnny Appleseed the vendors and artists do not have to work. This makes being a vendor at JA easier and more accessible for the enterprising individual who is still working a traditional job but want a creative outlet for their product.

According to Florence, the most satisfying part of running a business is the satisfaction of seeing an idea take shape. "When we opened, we had just four vendors. Over the course of the next year, it increased to 24, and by the end of our second year we had over fifty! We have seen so much improvement in the merchandise, and we have a better idea now of how we want to appeal to our growing demographic."

This year alone, The Shoppes have added more jewelers, along with fused and stained-glass artists, and recently have added a local furniture manufacturer from Syracuse to the expansive space. "To have someone come into the store and say, do you have kitchen tables, and to be able to reply yes, is very gratifying," added Florence, considering furniture is what we were once known for."

Inside the Shoppes and open each Weekend is The Apple Kitchen, run by Patrick Gilmore. "Some of our most popular menu items in The Kitchen are The Monte Cristo Sandwich, or our in-house special soups, like the Turmeric Coconut Chicken over rice, or on hot weekends customers love our Gazpacho with homemade croutons," said Gilmore. The Apple Kitchen also offers desserts like Carrot Cake and Apple crisp, along with NYS craft beers and wines.

"As we continue to grow and expand, our vision for the future involves watching the Shoppes continue to reshape

and flourish with each new and different vendor. We plan to utilize the Apple Kitchen for parties, banquets and catering opportunities," said Patrick Gilmore. The Apple Kitchen is an indoor/outdoor eating space with spacious seating, and a fantastic country setting that can accommodate up to sixty people.

The Shoppes are celebrating their fifth anniversary with an open house, June 11 and 12, with storewide sales, live music outside the Apple Kitchen and free gift raffles.

Shoppers can enjoy vendors selling primitive, handmade, glass, jewelry, women's clothing, candy, toys, cat and dog products, vintage housewares, artwork, antiques, furniture, garden items, a great selection of vinyl records and so much more!

According to Vendor Pamela Sadlon-Clements, who owns and operates The Lucky Lab and has her products for sale in over seven CNY locations, "The Shoppes were the first venue to show my work and being part of the collective allows me the exposure I need at a great value." Clements sells "Lab themed" attire, home and outdoor accessories for Lab lovers everywhere, as well as personalized made to order embroidery.

Johnny Appleseed is open Wednesday through Sunday and is wheelchair accessible. You can view a list of current vendors at johnnyshopp.com.

SHUTE'S WATER SYSTEMS

A FAMILY TREE WITH DEEP ROOTS

SHUTE'S WATER SYSTEMS AND SHUTE'S LaFayette Well Drilling has been a family-run business serving Central New York for more than 50 years, drilling wells, installing pumps and treating problem water.

Originally known as LaFayette Well Drilling, established in 1963 by Howard Shute, and brother-in-law, Warren Shetler, both the business and their reputation grew over the years. Shute continued on with the business after Shetler decided to pursue other interests.

Shute was then joined by his sons, Mark, Neil and Scott. Howard Shute retired at nearly 80 years of age while his sons continued the family tradition of providing safe and pure water to the community.

Today, Shute's Water Systems is run by Scott Shute and Matt Farkas, and Shute's Excavation is run by Todd Shute. Scott's wife Becky runs the office with Mark Shute's daughter Jill. The family attributes the majority of its continued success from recommendations it receives from satisfied customers.

Shute said many municipal water systems contain calcium and magnesium, which as "hard" substances, form scale and create problems in water heaters, dish washers and plumbing systems.

Water purification can include the removal of iron, sulfur, chlorine and bacteria in a chemical-free process. Softening the water is also important and has many benefits, not only for family members, but for plumbing systems and appliances too.

"Uncontaminated water is essential for good health," Shute said. "Foul-smelling or unusual odors from your water should make you question your water's quality and safety."

Many families throughout Central New York use well water as a source of drinking water and for all its household needs. Unfortunately, water containing hydrogen sulfide gas has a distinctive "rotten egg" odor which is especially noticeable when running hot water.

Shute said the danger lies in a gradual chemical reaction

"Hydrogen sulfide gas will corrode plumbing metals such as iron, steel, copper and brass, and the exposed metal parts in appliances such as dish washers and washing machines" Shute said. "Also, corrosion of iron and steel pipes from ferrous sulfide, or 'black water,' that can darken everyday tableware, discolor copper and brass utensils and alter the appearance and taste of cooked foods."

Additionally, Shute said, sulfur water can make washing clothes more difficult.

Shute's Water Systems can assure customers that these hazards and more can be avoided or remedied using its time-tested, ecological systems

Shute's offers a free water analysis that will help lead to great-tasting and healthy water from the tap. Located in LaFayette, Shute's Water Systems can be reached at (315) 677-5552, or visit ShutesWaterSystems.com.

You are at the center of all we do.

Guthrie is bringing more high-quality care options to Cortland and Tompkins counties. The $30 million Guthrie Ithaca City Harbor location and $10 million Renzi Cancer Center at Guthrie Cortland Medical Center are state-of-the-art facilities designed with patient safety, comfort and privacy in mind.

GUTHRIE

We do all this for one reason – You.
Your health is our top priority and is the reason we commit to excellence every day.

JOSIE'S JOURNEY

LENDING A CARING PAW

Owner, Tammy with Josephine whose legacy lives on through Josie's Journey

JOSIE'S JOURNEY is a 5013C nonprofit serving the Cortland County area. Our Mission is to use the presence of canines to provide support, comfort and encouragement to individuals and groups during times of crisis and stressful situations. Through the use of volunteers, grant funds, sponsorships and donations, Josie's Journey will provide a free of charge Canine Comfort support session to individuals during times of crisis.

DID YOU KNOW THAT **CANINE COMFORT DOGS**

- ACCEPT YOU FOR WHO YOU ARE, HAVE NO JUDGEMENTS AND NO EXPECTATIONS
- HAVE A CALMING PRESENCE AND LOWER STRESS LEVELS
- PROVIDE MUCH NEEDED DISTRACTION FROM STRESSFUL SITUATIONS
- LOWER BLOOD PRESSURE, REDUCE HEART RATE AND CREATE IMMEDIATE RELAXATION RESPONSES
