CELEBRATING THEIR 40TH YEAR

aiellosrestaurant.com

LOCATED AT 2677 MAIN STREET in Whitney point for the last 40 Years Aiello's Restaurant has been one of best locations within driving distance to find authentic Italian Cuisine. It has become the go to place for people who are seeking a fine dining experience in a small town. The Aiello's family have stayed true to their beginning by providing their customers take out service for both their fine dining offerings and now famous pizzas. Aiello's has a 40 year tradition of using only the freshest and best ingredients when preparing their dishes whether it is their Grade A Black Angus Meats, fresh herbs and spices, top notch mozzarella and even 100 imported olive oil. Always innovators, Charlie and Vinny

are always looking for ways to up their game. Whether it is a new recipe, or a fine cocktail there is always something in store. Aiello's Restaurant has always been a family affair. Their father Vito Aiello helped Calogero (Charlie) and Vincenzo (Vinny) open a small pizzeria in the community. Inspired by Mama's busy kitchen and being around restaurants they grew Aiello's from a small pizzeria it was to the premier fine dining establishment it is today. Through the support and friendliness of the people of Whitney Point they have been able to grow their reputation and reach far beyond the area. Now people come from all over Central New York and beyond to enjoy the Aiello's experience. As the years have passed and the Aiello's has grown, they have embraced ways to improve the entire customer experience. In March of 2020, they updated their website aiellosrestaurant.com and were the first local restaurant in Whitney Point to offer their own online ordering dine in or pickup. Additionally, they specialize in catering events large and small. You can see both their regular menu and catering menu on their website. Don't worry if you aren't tech savvy, you can still give Aiello's a call at 607-692-4114 to order to go, make a reservation or set up your next catering event. They are open 7 Days a week from 11 am to 9 PM (10 on Saturday and Sunday).

JOSIE'S JOURNEY

A FEW YEARS BACK I said goodbye to the sweetest dog ever, Josephine. For 12 years, she was my everyday boost of love and comfort. No matter what, I had my Josie girl. I was so fortunate to have been given the gift of such a special dog and knew that I had to find a way to honor her memory. In 2019 I formed a non-for-profit in her memory, Josie's Journey, a Canine Comfort Business. I can't think of a better way to honor her. Any of us who love dogs or any animal for that matter, know exactly what I mean when I say loving an animal is life changing. When we lose a dog, we feel like we could never love

another dog. I came across a sweet explanation by a 6-year-old that helped me better understand why it was important for me to fill my life with dogs and honor Josie's memory.

The boy said:

"People are born so that they can learn how to live a good life, like loving everybody all the time and being nice, right?"

"Well, dogs already know how to do that, so they don't have to stay for as long as we do."

Honoring Josie is the easy part, living without her is the hard part. I feel so fortunate to have a passion that not only helps me but helps others.

What is Josie's Journey? Josie's Journey is a Canine Comfort Service. **Our mission is** using the presence of canines to provide support, comfort and encouragement to individuals and/or groups during times of crisis and stressful situations.

Our vision is through the use of volunteers, grant funds, sponsorships and donations, canines will provide free comfort sessions.

Who do we serve? We are here to support anyone and everyone in need in our community.

Where do we provide comfort? We go where the need is. We want to hear from our community about what and where the need is. Some of our recent canine comfort sessions have been at The Child Development Center, JM Murray Center and The Child Advocacy Center.

How can you get involved? Volunteer to socialize and snuggle dogs. Become a handler/dog team and help us provide comfort sessions. We are also looking for anyone who may

MIKE'S FISH TANK

FISH TANK HINTS

Pets a Plenty

Rte. 281 Cortland (across the street from Grand Union)

GPS: 3925 West Rd. Cortland

Open 7 days a week

petsaplenty.biz • friskyy@hotmail.com • 607-753-9213

SOME SIMPLE HINTS FOR YOUR fish tank.

Try to feed fish 3 times a day, in the wild they are probably eating at least 3 times a day.

Don't worry about PH. The fish farms say fish will adjust, but they cannot adjust if you keep changing the PH.

Leave tank light off during the day, this will help you cut down on algae problems.

Tropical fish like temperatures of 78 to 80 and goldfish like colder water 50s and 60s.

Siphon your tank once a month, always drain from the bottom where food and waste settles.

When you take your fish home, only float the bag for 3 to 5 minutes. That is all it will take to equalize the temperature.

Ick is the most common fish illness, looks like salt sprinkled all over the fish. Caused by any type of stress to the fish. Treat it promptly with ick medicine and it should go away fast.

Don't overcrowd a new tank, go easy the first 4 to 5 weeks.

I hope these hints help you to have a happy healthy tank.

SUNFLOWER FESTIVAL

TO TELL THE STORY OF the Sunflower Festival, I have to tell the story of the farm. 20 years ago we were a working family dairy farm, farming

runs both sides of the family and we are proud to continue the tradition. From working dairy to market garden, pasture pork, beef, poultry our farm has struggled to redefine itself after the decision to stop shipping milk.

However a dream persisted. The dream to support our local community with wholesome foods and to bring the public to the farm has been one my mother avidly fought for. After years of us all having to find the how and why to make it all make sense, we made a decision. Now or never. My mom had been quietly growing more and more sunflowers to where last year was the largest patch yet and people simply driving by would stop to admire them. We decided to take the proverbial leap of faith, grow more sunflowers than ever and celebrate them!

We want to welcome our community to our farm for the first ever Sunflower Festival! We have

20+ local artisan crafters committed to vending, as well as a photographer who will be booking shoots to take place in the sunflower patch. There will be something for everyone, including fresh farm produce and a glimpse at a working farm! Mark your calendars August 20-21 from 10-4pm is The Sunflower Festival 783 Cutler School Road in Cortland, NY.

CELEBRATES 10TH ANNIVERSARY

ARE YOU INTERESTED IN WALKING through history? The Central New York Living History Center is the place for you! Conveniently located at 4386 US Route 11 between Cortland and Homer, our three-component museum offer something for everyone. We like to pride ourselves on Trucks, Trains and Tractors, but there is so much more!

The Brockway Truck Museum is devoted to the history, furniture, carriages and the trucks produced in Cortland County from 1875 until 1977. These dependable, heavy-duty, diesel trucks and the local company history put this area on the map as Huskietown, USA. This museum also features a rotating collection of Brockway trucks. Do not miss the 1925 Brockway Fire Truck from Buenos Aires, Argentina.

For the train enthusiasts, The Homeville Museum will not disappoint. Model trains layouts will take you back to your childhood and the life-size display of the Lackawanna RR 2107

Engine with its original lights and working bell will truly amaze. Also featured in this unique museum is an extensive collection of Military Memorabilia dating back to the Civil War and as far forward as the modern day conflicts. For those interested in local history, information on the industries and sports from this area are on display. The majority of items in the Homeville Museum are from the private collection of the late Ken Eaton, a WWII Veteran and Civil War enthusiast.

Lastly, the Big Red Barn is the home of the Tractors of Yesteryears Collection. This multi-colored collection of vintage tractors and walk-behinds, promises to be some of the most-unique tractors that you have ever seen. In "Grandma's Kitchen and Parlor", you will find items that made up the heart of the home in years past.

Even with the pandemic, our exhibits have been updated, expanded and refreshed.

Are you planning a function? We have a variety of rental spaces available to accommodate your group. Our New Garden and Veranda area is ready for your outdoor parties. Indoor spaces are also available including our theater for group presentations or family movie night.

Are you intrigued? New and exhibits await. Come walk through history with us. We are open: Tuesday – Saturday, 10 AM – 5 PM, last admission is at 4 PM. Groups of 10 or more are welcome anytime by appointment.

For the most up to date information and weekend events, please phone: (607) 299-4185 or visit our Facebook Page or Website: www.cnylivinghistory.org

CREATURE FEATURE MOOSE

ALTHOUGH IT'S UNLIKELY WE'LL ENCOUNTER a moose in this neck of the woods, the Adirondack Region hosts around 600-700 of these magnificent animals. The moose is the largest member of the deer family. Male moose, called bulls, weigh between 600-1,200 pounds and can stand nearly 7 feet tall at the shoulder! Females, called cows, are smaller. Moose have long legs to help navigate deep snow and wade through water. A flap of skin called a 'bell' hangs under their throat. Only bulls grow antlers, which start budding in early spring; they turn bone-hard over time and can reach over 5 feet wide. Antlers are dropped annually between November-January.

Optimal moose habitat includes a blend of mature, mixed woodlands, open areas and wetlands that provide ample leaves, twigs, buds and aquatic vegetation. In winter, moose strip bark from young trees. In summer, they wade into wetlands, reaching beneath and even diving under water for plants. Wetlands also provide relief from biting insects and heat.

Moose breed in late September-October. As bulls compete, their sparring and shoving matches can escalate, causing injuries. Calves are born May-June and stay with their mothers until the following spring.

No predators of adult moose remain in NY State, but black bears, and more rarely coyotes, sometimes eat younger calves. Moose die from auto collisions and are susceptible to deadly parasites like brainworm. Winter ticks are the main cause for mortality in New Hampshire, where one moose can carry thousands of ticks, resulting in extreme hair loss, emaciation and death. Biologists are studying different ways to help moose populations combat winter ticks.

THE ARTS OFF MAIN FESTIVAL is a reimagining of the twelve-year-old Arts and Wine Festival being held August 6th from 10am to 5pm.

The parking lot behind the McNeil building, nestled between Main, Central and Church Streets will be transformed into a family-friendly celebration of Cortland's art and creativity, and downtown. The celebration will be free and complete with live music, performing artists, children's activities, vendors, wine tasting and craft beverages, and food from downtown restaurants.

Live music and entertainment will be performed throughout the day. Check our website for more details as we get closer to the event. cortlandartsconnect.org

There will be a Pinwheel Decorating Contest, with kits being handed out in the month prior to the Festival so participants will have a chance to use their creative talents. Prizes will be awarded for ages 5 and under, 6-8, and 9-12 year olds. Check our website for places to pick up the kits.

There will be an interactive chalk mural with festival goer's participation. Also a Chalk Artist will create a festival mural right before your eyes.

Patrons will be able to listen to great music from talented local performers while enjoying a glass of wine, or craft beverage, in the wine garden or enjoying food from downtown restaurants in our outdoor eating area. A Take Out Station will be set up to provide a spot for the delivery of orders from local restaurants. Tables and chairs will be provided on site.

CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

LAST TIME WE ASKED YOU if you knew where the famous "water cure" was located in Cortland County. The answer is Glen Haven, which is part of Scott. In the 1840s, a small sanitarium was established and called the Glen Haven House. The water cure was an extensive treatment using only water of varying temperature over the course of a day to treat all manner of ailments. A sample day included a combination of bathing in 72-84 degree water, walking, and a strict diet.

The water cure was very popular and attracted people from all over, including notables such as Elizabeth Cady Stanton, Amelia Jenks Bloomer, and U.S. President Millard Fillmore. The sanitarium gave rise to a cottage community and eventually the 250 room Glen Haven Hotel. By 1911, interest in the water cure had diminished and the city of Syracuse bought the property to protect its watershed. The hotel was demolished after purchase.

What Cortland Street was originally called Adams Street?
