## CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

DID YOU KNOW THE ANSWER to our question in the last issue of the CAT? Whom is Cortland County named after?

Cortland County was named after Pierre Van Cortlandt (1721-1814), the first lieutenant governor of New York. Van Cortlandt was born in New York City and was descended from Dutch settlers. King William III granted, by Royal Charter, an 86,000-acre tract of land along the Hudson River to Stephanus Van Cortlandt, grandfather of Pierre.

Pierre Van Cortlandt was an important asset to the Patriots during the Revolutionary War, serving in many capacities, including as a colonel, and later as a general, in the militia. He was a close friend of George Washington.

Pierre Van Cortlandt owned land in Cortland and other neighboring counties, and this was his direct connection to Cortland County. It is reported that he gave the bell which hung in the tower of the original courthouse, which was located on Courthouse Hill, overlooking the village of Cortland below.

## CREATURE FEATURE TURKEY TIDBITS

MOST PEOPLE KNOW A LITTLE about the Wild Turkey, including how the male bird is called a Tom or gobbler, and the female a hen. Other folks might even recall that the Wild Turkey was nearly hunted to extinction until restoration programs successfully reestablished it across North America. Today, let's explore a few lesser known facts about November's feathered icon.

Only male turkeys sport spurs and a beard -- but both genders have *wattles* (the fleshy red skin dangling under the chin) and *snoods* (an appendage hanging from the face). Studies have shown that the length of a Tom's snood is associated with health and can predict whether he will dominate a rival. Research also reveals that hens prefer Toms with longer snoods! During breeding season, Toms sometimes group up to woo hens, but only one male gets to mate.

In search of food and water, Wild Turkeys may wander several miles a day. Acorns are a favored food this time of year. When a turkey finds an acorn, it picks it up, stretches out its neck and swallows. The tough nut gets stored and softened in the bird's crop before passing on to the gizzard, where it is ground down by powerful muscles and tiny stones eaten to aid digestion.

CRT DOWNTOWN WELCOMES  
INTERNATIONALLY  
ACCLAIMED “TAKE3”

CORTLAND REPERTORY THEATRE PROUDLY PRESENTS the regional premiere performance of the internationally acclaimed musical trio TAKE3 for a one-night-only concert. This genre-defying group will be at CRT Downtown, 24 Port Watson St., Cortland on Saturday, November 11 at 7:30 PM. Tickets are \$35.00 for adults, \$33.00 for seniors (62 and up) and members of the military, and \$25.00 for those 21 and under. Groups of 4 can purchase a table for \$120.00.

With a flair for the wild and unexpected, TAKE3 brings the refinement of a rigorous classical music background and infuses it with rock-star charisma. Trained at the world's top conservatories, TAKE3 has expanded their repertoire from Bach and Beethoven to include hits from such familiar singers as Justin Bieber and The Beach Boys.

Known for their infectious and down to earth onstage personalities, this threesome leaves their indelible mark on captivated crowds around the country performing their arrangements of top pop hits, Americana, and their signature classical mashups. Past concerts have featured an eclectic mix that includes their interpretations of contemporary classics including Stand by Me, Yellow, Sweet Home Alabama, Despacito and Neil Diamond's America, as well as the rock-a-billy hit Orange Blossom Special, plus Flight of the Bumblebee, Unchained Melody, On The Road Again and the theme songs to Game of Thrones, The Witcher and Pirates of the Caribbean. The group has a successful YouTube following, with videos of their high energy performances.

The trio keeps a busy tour schedule, performing over 60 performances around the globe each season. TAKE3's comedic stories of their journey from scales in conservatory practice rooms to pop music in packed stadiums add to an unforgettable evening of stories and songs.

TAKE3 was created by violinist/vocalist, Lindsay Deutsch, Yanni's featured violin soloist, with whom she has toured throughout most of the 7 continents. Ms. Deutsch began her career as a classical soloist, performing concerts with symphony orchestras around the country. Ms. Deutsch has become an ambassador for the Violins of Hope project, performing on violins saved in the Holocaust in venues around the country. Ms. Deutsch can be heard throughout Netflix's popular show The Witcher and the Hulu series All About Pam.

## “INTO THE WILD(E) UNPACKED” NOVEMBER 19

3pm  
Trumansburg Conservatory of Fine Arts

THE 39TH ANNUAL FALL INVITATIONAL art exhibit “Into the Wild(e)” at Trumansburg Conservatory of Fine Arts closes with a gallery talk by curator Marina Delaney. Titled “Into the Wild(e) Unpacked”, Delaney will focus on the Oscar Wilde quotes included in the show — their meaning and continued relevance — as demonstrated in the paintings, sculpture and video installation on view.

The concept for this art show is an exploration of wildness in all its forms and each of the six participating artists — Mary Ann Bowman, Warren Bunn, Nicole Costa, Ben Marlan, Alice Muhlback, and William Roberts — bring elements of wildness to their work. Interspersed throughout the exhibit are quotes by Irish poet Oscar Wilde who championed “art for arts sake” at the end of the nineteenth century.

The talk will be followed by a closing reception. Free to attend. Gallery hours are Fridays, 10am-3pm and Sunday, 1-5pm through November 19.

### About the Conservatory

The Trumansburg Conservatory of Fine Arts provides affordable opportunities for exposure to the arts through education, collaboration, performance and exhibition, thereby enriching the quality of life in our community. The Conservatory is supported in part by grants from Tompkins County Tourism, The Nelson B. Delavan Foundation and the Community Foundation of Tompkins County. Additionally programming at TCFA is made possible by the New York State Council on the Arts with the support of the Office of the Governor and the New York State Legislature. **A FAMILY TREE  
WITH DEEP ROOTS—  
CELEBRATING 60 YEARS!**

SHUTE'S WATER SYSTEMS AND SHUTE'S LaFayette Well Drilling has been a family-run business serving Central New York for 60 years, drilling wells, installing pumps and treating problem water.

Originally known as LaFayette Well Drilling, established in 1963 by Howard Shute, and brother-in-law, Warren Shetler, both the business and their reputation grew over the years.

Shute continued on with the business after Shetler decided to pursue other interests.

Shute was then joined by his sons, Mark, Neil and Scott. Howard Shute retired at nearly 80 years of age while his sons continued the family tradition of providing safe and pure water to the community.

Today, Shute's Water Systems is run by Scott Shute and Matt Farkas, and Shute's Excavation is run by Todd Shute. Scott's wife Becky runs the office with Mark Shute's daughter Jill. The family attributes the majority of its continued success from recommendations it receives from satisfied customers.

Shute said many municipal water systems contain calcium and magnesium, which as "hard" substances, form scale and create problems in water heaters, dish washers and plumbing systems.

Water purification can include the removal of iron, sulfur, chlorine and bacteria in a chemical-free process. Softening the water is also important and has many benefits, not only for family members, but for plumbing systems and appliances too.

"Uncontaminated water is essential for good health," Shute said. "Foul-smelling or unusual odors from your water should make you question your water's quality and safety."

Many families throughout Central New York use well water as a source of drinking water and for all its household needs. Unfortunately, water containing hydrogen sulfide gas has a distinctive "rotten egg" odor which is especially noticeable when running hot water.

Shute said the danger lies in a gradual chemical reaction

"Hydrogen sulfide gas will corrode plumbing metals such as iron, steel, copper and brass, and the exposed metal parts in appliances such as dishwashers and washing machines" Shute said. "Also, corrosion of iron and steel pipes from ferrous sulfide, or 'black water,' that can darken everyday tableware, discolor copper and brass utensils and alter the appearance and taste of cooked foods."

Additionally, Shute said, sulfur water can make washing clothes more difficult.

Shute's Water Systems can assure customers that these hazards and more can be avoided or remedied using its time-tested, ecological systems

Shute's offers a free water analysis that will help lead to great-tasting and healthy water from the tap. Located in LaFayette, Shute's Water Systems can be reached at (315) 677-5552, or visit [ShutesWaterSystems.com](http://ShutesWaterSystems.com). Everyone at Shute's Water Systems wishes our friends, family and customers a safe and Happy Thanksgiving.

# ITHACA ROTARY LAUNCHES 31ST ANNUAL SHARE THE WARMTH

Collection of warm winter clothing ends November 20

THE 31ST ANNUAL SHARE THE Warmth campaign has kicked off, with more than 20 collection sites throughout Tompkins County.

Donations of clean, new or gently used winter clothing will be collected, sorted and distributed across the area by volunteers

from the Ithaca, Dryden and Trumansburg Rotary Clubs; Cornell University; Ithaca College; Finger Lakes ReUse; and Catholic Charities of Tompkins/Tioga.

Share the Warmth was initiated by the Rotary Club of Ithaca in 1987 on the Cornell campus and was expanded in 1993 throughout the county. The donated clothing is distributed by Catholic Charities of Tompkins/Tioga free of charge to individuals who need the clothing for the winter.

The familiar red box collection bins can be found at locations around Tompkins County, including: Agway True Value Home Center (Cayuga Mall), BorgWarner Morse Systems (Warren Road); CFCU Community Credit Union (Main Branches), Cornell University (various locations around campus), Island Health & Fitness (Taughannock Boulevard and Community Corners), Ithaca College Campus Center, Ithaca Community Childcare Center (579 Warren Road), Kendal at Ithaca, Kinney Drugs in Dryden, Northeast Pediatrics & Adolescent Medicine, P&C Fresh, Seneca Place (inside Tioga St. entrance), Shur-Save in Trumansburg, Triphammer Marketplace (near Ithaca Bakery), United Way of Tompkins County (313 N. Aurora St.) and the YMCA.

Clothing will be accepted at each location for a five-week collection period, ending on November 20. The donations will be picked up by Finger Lakes ReUse, sorted by Rotary volunteers, and readied for distribution through the Samaritan Center of Catholic Charities. Distribution will take place November 8 – 19, Monday – Friday, 9 a.m. to 4 p.m.

All winter clothing in good repair is accepted. There is a special need for children’s outerwear, including sweaters, coats, snow pants, boots, hats, scarves, and gloves/mittens, as well as blankets. Adult warm clothing is needed as well. Each article of clothing donated should be clean, new or gently used.

The Rotary Club of Ithaca meets every Wednesday at 12 noon at Coltivare, 235 S. Cayuga St. The public is welcome to attend. To learn more about Rotary, please visit [www.IthacaRotary.com](http://www.IthacaRotary.com).
