## CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

ORTLAND COUNTY USED TO HAVE a trolley system as a means of transportation for many years. Do you know what year that system was first developed? According to Trolley Days in Cortland by Richard F. Palmer, the system began in 1882 with the Cortland & Homer Horse Railroad. A four mile stretch of railroad track was installed between Cortland and Homer. The novelty of the modern transportation method was cause for celebration and was quite popular. For instance, from September 15 to October 1, 1885, a total of 6,181 passengers traveled the stretch. It took 45 minutes to travel one way.

By the 1890s, street railways were converting from horsepower to electricity, and in 1894, the Cortland & Homer Traction Company was incorporated. The rail system had been enlarged during the previous nine years, and the existing railroad line was completely replaced by 60-pound rail. The first electric streetcar ran on January 23, 1895.

Do you know for whom Tinelli's Hathaway House was built?

Which is why we're excited to be a sponsor for the first ever Cortland County Restaurant Week from March 18th - March 24th! Twenty-three restaurants are participating and we coulnd not be any prouder to support them. Many of these same restaurants shop our retail store, CP Foods Specialty

of wholesale restaurant size items like beef tenderloins, pork loins, seafood of all kinds, paper products, dried and canned goods. For large families, this means cost savings as well. We also have restaurant-quality desserts including our new line of Imported Italian Desserts from Bindi®. We've sampled them and wow are the good! They literally taste like Nona baked them at home. They're exceptional quality with delicious options like Tiramisu, Profiteroles, Ricotta Pistachio, Limoncello Mascarpone and assorted Sorbetto. Our staff is passionate about food and the legacy of CP Foods and are always available to help you shop our store. The meat department is of superior quality offering superior beef like Creekstone Farms® and Duroc Pork. A line of meat you cannot buy anywhere else in Cortland. And our Chef-Trained Butchers are always available to guide you in purchasing just the right kind of meat for your family and your budget. They even can trim and tie roasts and offer recipe suggestions. This may be why we were voted 2023 Finger Lakes Best Place to Buy Meat. And as we gear up for Easter, Passover and our famous, annual Thrill of the Grill, we invite you to stop in and shop where your favorite restaurant shops, 32 Owego Street. Store hours are Monday-Saturday 9am-6pm and Sunday 9am-4pm. Call to order your holiday roasts 607-753-6900.

Market, located at 32 Owego Street. We have a large selection

## **CJ MORSE PAINTING & CONSTRUCTION**

By Jaxyn Boyce

ESTABLISHED IN 1978, AT THE age of 18 as CJ Morse Painting until it expanded in 1985 into CJ Morse Painting and Construction, now operating for over 45 years. The owner, Carl Morse, gained his inspiration from his childhood, where he gained experience painting his family's historic Victorian, both exterior and interior. News of his work eventually spread to his neighbors, and from age 14, he painted an average of four to five houses annually.

Now, CJ Morse Painting and Construction can service all types of painting and staining needs, as well as light plumbing and electric work. In addition, they can help with carpentry and masonry needs or repairs. "No job is too big or too small", CJ Morse explains. CJ Morse Painting and Construction are proud of what they do and are dedicated to their customers, stating, "We stand by what we do." They offer senior and scheduling discounts with free estimates and highly recommend visiting their Facebook page, facebook.com/ CJMorsePaintingAndConstruction, where weekly projects are uploaded. CJ Morse Painting and Construction is located at 411 Butternut Drive in Newfield. They can be reached by phone at (607) 564-0620, or at their office number (607) 342-4516, and email at cimorsepainting@gmail.com.

#### NIGHTINGALE'S TULLY LAKES ACE HARDWARE 3 PAINT PROJECTS TO REFRESH YOUR HOME FOR SPRING

6 Elm Street in Tully (315) 238-7050

Litime or budget for a major renovation? Do it right with these three easy DIY paint projects that can each be done in just a day. "The seasonal transition from winter to spring is the perfect time to freshen up," says Sharon Grech, colour and design expert for Benjamin Moore. "If you're like me, you don't have unlimited time to devote to working on your home, which is why small weekend projects are perfect because they're quick, easy and affordable."

Hit refresh with paint. Nothing says refresh quite like bringing new life to a tired piece of furniture. A fresh coat of paint is the perfect solution to make old, dated furniture seem trendy and new. Look for pieces that have solid construction and interesting shapes. Grech says headboards, wardrobes, chairs and side tables are all great pieces to transform. If you are unsure of the condition of the furniture or how to paint it,

**NEW BUSINESS**

visit a local paint retailer like Nightingale's Ace Hardware to ensure you get the product that is right for your project.

Amaze with an accent wall. Feature walls are a great way to make an impactful change to a space. "Many people think accent walls need to be very bold and vibrant hues, when they can be neutral to create a more cohesive and harmonious feel," says Grech. Explore painting the fifth wall, otherwise known as the ceiling, for a unique and modern look that can add dimension to a space.

Front door décor. The front door has the ability to instantly create an inviting impression before guests enter your home. "Applying a fresh coat of paint to your front door is a great DIY project that can be done quickly and can invigorate the look and feel of your home," says Grech. "Because it's so easy, you can even change your door colour seasonally." Benjamin Moore's Aura® Grand Entrance collection, inspired by European enamel finishes has more than 42 curated colours.

For more information, visit Nightingale's Tully Lakes Ace Hardware in the Village of Tully. Open 7 days a week, Nightingale's is a proud supplier of Benjamin Moore Paint.

WATER SYSTEMS WATER TREATMENT **PUMPS** • WELLS LaFayette, N.Y. Phone (315) 677-

By Jaxyn Boyce

CHUTE'S WATER SYSTEM AND WELL Drilling has been a family-Operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you."There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent

construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a fourgeneration business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

#### **CREATURE FEATURE GONE FISHIN'**

TEW YORK HAS A STATEWIDE open season for most  $oxed{1}$  kinds of panfish including yellow perch, crappie, bluegill, and other sunfish species. Spring is a great time to hang out your "Gone Fishin" sign, especially since the ice season was a bust on many area lakes.

Pan-fishing isn't just for kids! It's fun for anglers of all ages because these feisty fish can keep the action going when larger-sized gamefish seem to have "lock jaw." Panfish may be small, but they have BIG attitudes and appetites. You can entice the bite with petitely profiled jigs, spinners, and even minicrankbaits; of course, live bait like earthworms, crickets, or mealworms fished under a bobber work just fine, too.

As a life-long angler and passionate conservationist, I've switched to lead-free tackle to prevent deadly lead poisoning in loons, eagles, diving ducks, and other vulnerable wildlife. Safer alternatives include tackle made from tungsten, steel, tin, bismuth, and glass, among others. I've had great success catching panfish using 1/8 ounce Tin Man shad darts tipped with tiny curly-tailed plastic grubs. For ease of casting, I use an ultralight rod-reel combo spooled with 2-3 pound test line. Twitched and bounced, the darts really appeal to hungry panfish, making for some lively outings—and they also appeal to ethical anglers who want to support wildlife and clean natural resources. A double win!

Visit **dec.ny.gov** for up-to-date fishing regulations, including seasons, sizes and catch limits. Also, check out **fishleadfree.org** for a listing of online retailers who sell lead-free tackle. Tight lines!

Offers valid in the U.S.A. only between December 19, 2023 and March 31, 2024. The conditions may vary depending on your location and this offer is subject to termination or change at any time without notice. This offer is not refundable, exchangeable or transferable (including from one dealership to another), cannot be redeemed for cash, credit or other products of equivalent value and cannot be combined with any other offer of rebate. Null where prohibited by law. While supplies last. Eligible units are all new and unused 2023 Defender HD10 and HD9 models (Excluding CAB models). †Rebate of up to \$2,000 on eligible Can-Am SSV models. Consumers who purchase an eligible model during the promotional period are eligible up to a \$2,000 rebate. †Rates as low as 1.99% APR (Annual Percentage Rate) for 36 months. An example of monthly payments required over a 36-month term at a 1.99% APR is \$28.64 per \$1,000 financed. An example of a monthly payment with \$2,160 down, no rebate, an APR of 1.99% for 36 months at an MSRP of \$21,599 is \$556.70/mo. Total cost of borrowing is \$602.14 with a total repayment obligation of \$20,041.24. Down payment may be required. Other financing offers may be available. Minimum and maximum amount financed may vary. Not all buyers will qualify. Higher rates apply for buyers with lower credit ratings. Other qualifications and restrictions may apply, depending on the participating financial institution(s). BRP is not responsible for any of the financing terms and conditions. Offer subject to change without notice. Financing promotions void where prohibited. See your BRP dealer for details. BRP recommends that all SSV drivers take a training course. See your dealer. SSVs can be hazardous to operate. Never exceed the SSV's passenger capacity. All SSV models are meant to be used by drivers of age 16 and older. Ca
