TRIVIA QUESTIONS

See if you know the answer without looking it up!
Answers in the back.

1. April showers bring May flowers. What's one thing you should you replace on your vehicle in the spring?
2. Hit some potholes during the winter? What should you schedule?
3. Have salt on the road during the winter to combat snow and ice? What should you do in the spring?
4. Now that winter is over and you can hold a tread depth gauge without your fingers going numb—what should you check?!

CHECK OUT THE BUSINESS SERVICE GUIDE!

A Bit About The Cortland Area Tribune...

The Cortland Area Tribune, nicknamed The CAT, is a free bi-weekly newspaper offering affordable advertising rates since 2002. 24 to 32 pages per issue! Distributed every other Wednesday in Cortland, Tully, Lafayette, Groton, Homer, Dryden, Marathon, Whitney Point, Moravia and Ithaca. Each issue has a new theme to go with the season or suggested topics - such as DAD/GRAD, EASTER, CHRISTMAS, NEED FOR SPEED, PAMPER YOUR PETS, CAR CARE MONTH, BRIDAL and more!

The CAT's popular 4 pg pull-out biz/service guide only \$99/9 months per listing. Includes 1 FREE 1/16th pg black & white ad inside with new and/or renewed listings! Plus discounted advertising rates while listed in the biz/service guide. Biz are listed alphabetically by services. Pull color ads also available!

FREE online classifieds (articles for sale only) emailed - a gift to our readers!

Community events, local happenings, business profiles and more are featured in The CAT.

Front page advertisements include a FREE article and pictures printed inside about their biz! It's like getting 2 ads for the price of one!

Don't miss out! Inform the community about YOUR business! Folks are curious about what's inside The CAT - call or email for a rate brochure plus upcoming dates and deadlines.

TRAVEL GUIDE WILL ALSO BE ONLINE AT CORTLANDAREATRIBUNE.COM

BLOOMIN' FACTS BY JACKIE

SPRING IS A WONDERFUL TIME of year. We begin to hear the birds chirping. Daffodils and tulips start popping out of the ground. The grass changes to a shade of green. And bursting buds on many trees and shrubs begin to show the promise of a new season of color.

Gardeners know it's spring when it becomes apparent that the gardens and the lawns have had little maintenance over the winter. And a SPRING CLEANUP is definitely on the To-Do list!

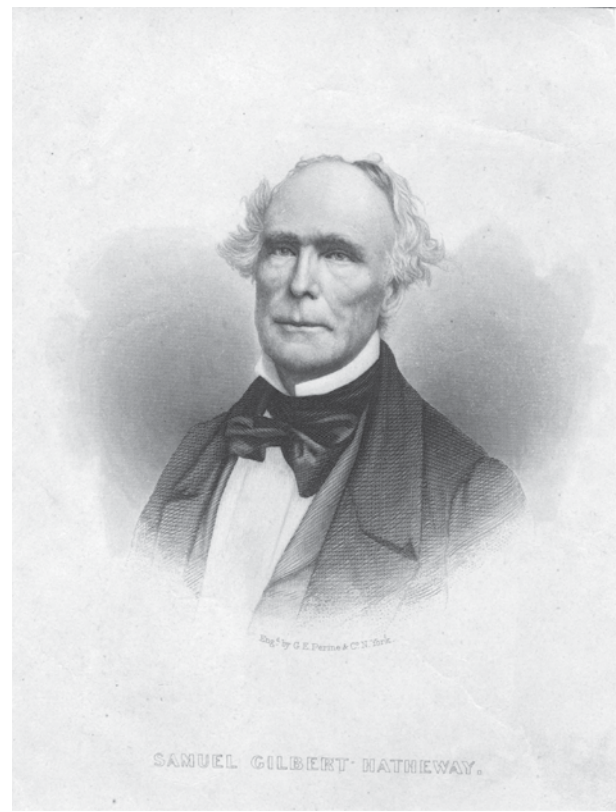

Spring cleanup suggestions:

1. Pick up any debris that has collected over the winter. Trash from neighboring disposal containers. The lost glove. Leaves that have blown back into the gardens.
2. The first chance you get, take a few minutes to walk through any planting beds, tree beds. Look for plants that may need attention. A perennial that has heaved out of the ground. Broken branches on a tree. Chewing by mice or rabbits and even deer browsing.
3. Pluck as many weeds that have established themselves over the winter as possible. This can

be done with a herbicide application or the old-fashioned way of pulling or digging.

4. Now is a great time to prune. Do some of the plants look overgrown? Maybe they are too tall and beginning to hamper your view. Any plants growing so close to the house restricting air movement and even scraping on your siding? Is any plant growing so wide that it is encroaching on another plant's space? Do any of the plants have branches that are crossing and literally rubbing a sore on both branches? Some plants may have what we call "straight-ups"...ie smaller branches either growing "straight up" from the base of the plant or a new shoot on a branch but headed for the stars! All of the above are signs to PRUNE!
5. Some plants like Magnolia and Rhododendron have already set their buds for the season. It's best to prune these as little as possible, being careful not to take away from this year's floral outburst.
6. Get out any leaves that blew back into the gardens late fall early winter. Cut back or pull out any dried perennial foliage remaining from last season. If you have pansies still growing from last year, they should pop back into color soon. Let's leave them! However, other annuals that provided you so much color last season will not come back and now is the time to discard their remains.
7. If you deer protected some plants with burlap, those can be uncovered as soon as possible to help get light and circulation to the plant. Remember the deer are still looking for food anywhere. If you uncover too early, your plants could be their next midnight snack!
8. Wait until you see some new growth before starting to fertilize.

If you need help with your spring cleanup, call the SPRING CLEAN-UP EXPERTS at Little York Plantation. Whether you're a DIY'er and need a little advice or in need of DFY, call Little York Plantation! We look forward to being of service to YOU!

CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

DO YOU KNOW FOR WHOM Tinelli's Hatheway House was built? This is the question we asked you in the last issue of the CAT—how did you do? It was built for early Cortland County settler Samuel Gilbert Hatheway. Hatheway was born in Freetown, Massachusetts and came to this part of the state soon after the Military Tract was opened, moving to Cincinnatus in 1805. Hatheway owned thousands of acres of land and was quite influential in Cortland County. He was active in politics and served as a member of the New York State Assembly, a senator in the New York State Senate, and a congressman in the United States House of Representatives. Hatheway was a Major General in the New York Militia from 1823-1858, and he served as a justice of the peace in Solon for 48 years.

Major General Hatheway built his stone house in 1844 after a fire destroyed his existing home. The Hatheway Homestead was added to the National Register of Historic Places in 1978.

Which of the towns in Cortland County is named after a Greek poet?

CREATURE FEATURE ANGRY BIRDS

SOMETIMES, WHEN A BIRD COLLIDES with one of our windows it's not by accident, especially during spring and early summer. Rather, the birds are attacking their own reflection which they think is an intruder in their territory. As much as I love our feathered friends, this behavior seems to support the term, "bird brain."

According to the avian experts at Audubon, robins and cardinals are especially notorious for attacking their reflections. I can vouch for this, because last spring there was a robin that repeatedly bonked one of our windows; and this year we had a cardinal picking fights in the same window. While this territorial behavior is not directly harmful, it does distract birds from other necessary behaviors such as feeding and nesting and also wastes precious energy. As well, the constant thump-bump noises are annoying for us to hear.

To deter birds from banging at your windows or car mirrors, you need to block or minimize the reflection. Installing screens helps, as does directing a bright light out the window. Temporarily soaping the window with bar soap works too, or you can simply apply window decals to the outer surface of the glass. For cars, hang a plastic bag or a hand towel over the side mirrors -- just don't forget to remove them before you drive off! Rest assured, this type of bird behavior is temporary and typically wanes in 3-4 weeks.

And what about my cranky cardinal? I drew an owl face on a paper plate and taped it to the window. So far, it's working to stop the feathered fisticuffs!

Article & photo by Margie Manthey

A VOLUNTEER WITH A MISSION HARRY COLEMAN DWYER MEMORIAL PARK

MEET HARRY COLEMAN A RETIRED union mason who has spent the last five years of his retirement volunteering his masonry skills to Dwyer Memorial Park in Preble. Harry

is a skilled mason who retired from his 40 year career doing brick, block, concrete and stone work.

Twenty two beautiful hand laid cobblestone or brick cooking fireplaces, some with warming ovens, were built in the park back in 1950. Through the years they had deteriorated to the point where 9 of them were unusable and the rest were in extremely poor condition. Harry made it his mission to rebuild them all at no cost to the county taxpayers. Dwyer Park is county owned. It has been a daunting task consisting of hard labor, honed skills, imagination, devotion and perseverance.

Each fireplace is unique with no two being the same. Harry has torn them down one by one and has reconstructed them using as much of the original stones as possible and filling in with stones found by volunteers. He has all but two of them completed and will work on those this season along with the brick base of the flagpole. He has also repaired all the laid stone bases to the park lights.

One can find Harry at the park most mornings working his magic. People love to stop and talk with him, bring him a cup of coffee or a cold drink and marvel at his skill. While keeping them close to original he has replaced all with new flues and added firebrick, to the interior cooking areas, bluestone on the top sides and small patio stones in the front.

For more information on Dwyer Memorial Park and Harry's work go to the Friends of Dwyer Park Facebook page.

FROZEN OCEAN MOTORSPORTS FACILITY BEGAN in March of 1987, when the Denman family carved the track out of their back pasture fields. For more than 30 years, Bill Denman and his sons put their blood, sweat, and tears into making Frozen Ocean one of the greatest motocross tracks in the country.

On Bill Denman's 80th birthday, he passed the torch to Ryan Walczak. Ryan first rode the challenging course as a young teen. It was actually the first track he ever practiced on. Now, with the help of his wife Cynthia, friends, and family, he will assist the Denman's in continuing the legacy of Frozen Ocean.

Currently, the facility sits on 66 acres overlooking Skaneateles Lake and the surrounding Finger Lakes area at 4415 Vanderstouw Road, Auburn. There is a challenging Nighterross track, a Supercross track, a practice track for 50cc riders, an off-road track for ATVs and side-by-sides, and a clay oval for go-kart racing. Frozen Ocean is a full-service facility with a pavilion, flush toilets, concession stand and merchandise for sale.

Frozen Ocean also hosts "mud bog" family friendly events for all ages with free wagon and fire truck rides throughout the day. They also have a concession trailer at all events and live bands most of the time. Anyone who comes for an event weekend can also camp for no additional cost.

Like and follow their Facebook page for the most up to date info and details about all events and schedule. (Frozen Ocean Motorsports Facility) and frozen-ocean.com.

The friendly and knowledgeable staff at Frozen Ocean are here to ensure that every visitor has a great time and everything they need. Frozen Ocean will remain a family oriented place where everyone can come to have fun. The Walczak family invites you to come out to Frozen Ocean as we continue to improve and expand our offerings on an already extraordinary track! Call 585-721-6316 with any questions.

We are excited to start our 8th season running the track and we are excited to have another concert and mud bog plus also added two Night Cross races to the schedule this year and we will be having our first ever rodeo event.

Race Day Phone: 607.849.7889

Thunder Mountain Speedway is located at 91 Hunts Corners Rd, Center Lisle, NY. It's about an hour drive south of Syracuse, NY or 30 minutes north of Binghamton, NY. The track is just minutes from I-81. Fans should exit I-81 at the Whitney Point exit 8, follow Rt 79 west to Center Lisle, NY, turn right on Church Road. From there follow the road roughly three-quarters of a mile and the track will appear on the hill to your left. For GPS use the following address: 91 Hunts Corners Rd, Richford, NY.

RON'S BODY & PAINT

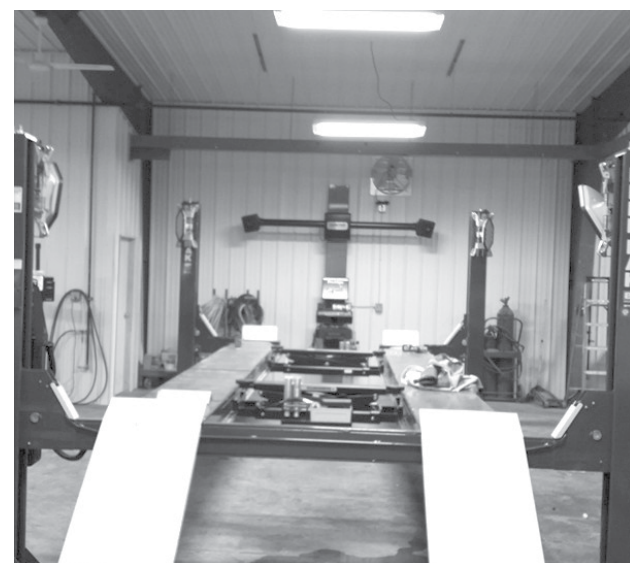

By Jaxyn Boyce

362 NY-13, Cortland
(607) 662-4543
ronsbodypaint.com

LOCATED AT 362 NY-13 IN Cortland, Ron's Body and Paint has been in business since 1989 when Ron Stanley, the owner, first opened. The original location, 31 Cortland Street, in Marathon is still open for business as well. Ron's Body and Paint is a family-operated business with the help of Ron's wife, Mary.

For over 34 years, they have helped service cars of all types and damages, including collision, dent, frame, weather, and paint repair. Also, there is custom painting, bodywork, frame straightening, scratch removals, any touch-ups, and or insurance work needed. In addition, there are winching, wrecker, and flatbed services, accident removal, plus emergency roadside and 24-hour towing assistance. Ron's Body and Paint is known for its great customer service and the affordable and quality work it produces.

To learn more, their website is ronsbodypaint.com. They also can be reached by phone at (607) 662-4543.

ANNIE OL THYME AT THE CNY MAPLE FESTIVAL

NEW TO THE MAPLE FESTIVAL Stage "Annie Ol Thyme" will perform both days of the CNY Maple Festival, April 13 & 14. Their performance is in the auditorium of the Marathon High School, noon on Saturday and 1 p.m. on Sunday.

The Annies met in the early 2000s through mutual friends and jam sessions in the Ithaca area. They realized they had something special with the mix of their voices and Annie Ol Thyme was created.

Trish Engelhard grew up in a music loving family in Fairmont, WV. Appalachian voices, strings, and folk musicians have influenced her over the years.

Nora Starr grew up in Elmira, NY. Her family, and a transistor radio (LOL), were the most influential in her music tastes. Her motto has always been "Foot Stompin' Fun"

Lisa Ann Wright is an award-winning singer/songwriter born and raised in rural upstate New York. Her music is described as "Compassionate, deep and sometimes snarky."

WHO IS EATING PANCAKES?

WHEN THE NEWLY CROWNED MAPLE Festival Queen, drops a sap bucket on Saturday morning April 13th in the Marathon High School Auditorium, the Annual Pancake Eating Contest kicks off the 52nd Annual CNY Maple Festival.

Pancake Eaters will be downing pancakes for their favorite Not-For-Profit organization. Hot steamy pancakes will be served 3 at a time.

Who is eating pancakes this year? Returning champions Kristen Gregory who is sponsored by MAVAC (Marathon Area Volunteer Ambulance Corps) and Dan Cross who is sponsored by the MCS Trap Shooting Club will both return.

In last year's contest they tied with 21 pancakes each. "We didn't think it was fair to ask them to eat a few more to break the tie" laughed the Coordinator Connie White, "so they both are invited back for another try."

Also in the contest: the Cortlandville Fire Department with Laurie Begendorf seated at the table for them; the Preble Food Pantry has Michael Scott on deck for them; the Seven Valley Health Coalition has Sam Carlton eating for them; the Chenango River Theatre is sending their director Zach Curtis; MCS Class of 2025, Justin Baez is hoping to become the "Pancake Prom Prince"; the MCA (Marathon Christian Academy) Preschool has local businessman Garry Lynch at the table for them; The Chapel Church in Cortland has Dalton Shadle eating pancakes for the "Back To School Backpack Program"; and the Tioughnioga Chapter of the DAR is sponsoring Laurie Tebbe who is a Marathon historian.

The contest allows a variety of organizations to raise funds for their special projects. "This is our way of giving back to the area organizations in the communities that have supported our Maple Festival" said Maple Festival Co-Chair Paige Parker. "The Maple Festival also gives a pledge to the organization for every pancake eaten. We pledge \$2 a pancake."

Performing April 14th at the CNY Maple Festival, at 1 p.m. in the Marathon High School Auditorium

Q & A WITH THE 1812 SHOPPE CUSTOM WOODWORKS

716-237-0880
the1812shoppe.com
the1812shoppe@gmail.com

CRAIG VOLLMER IS A CRAFTSMAN and the owner of The 1812 Shoppe located in Marathon, NY, who recently relocated his business to Cortland County.

Q: What does 1812 stand for?

A: The War of 1812. My dad started The 1812 Shoppe in 1970 in Sackets Harbor NY, where a historic fort from the war is located. He refinished, repaired, and reupholstered furniture, but always dreamed of building furniture. That dream went unfulfilled before his untimely death. I kept the name to honor his legacy, while creating my own.

Q: How long have you been a woodworker?

A: About 30 years, but if you count the early years tinkering as a kid it's more like 45.

Q: Did you go to school for woodworking?

A: I am mostly self-taught, learning a lot from my dad and from wood shop class in high school. When my real passion started, I feverishly read every magazine or book I could find

and watched every show on television, learning from other experts and a lot of practice. I have since learned to develop my own designs and plans and now study more about historic styles, architecture, form, and composition to help inspire my designs.

Q: What kind of products do you make?

A: I make a wide range of products that includes bedroom furniture, dining tables, accent tables, shelving, cabinets, chests; home goods/decor like cutting boards, candle décor, clocks, wall art, lamps; and novelty items like Bluetooth speakers, memorial urns, keepsake boxes, and chess boards. I also take old salvaged, vintage, or odd items and repurpose or incorporate them into a unique wood product.

Q: What kind of wood do you use?

A: I mostly use domestic hardwood lumber—walnut, maple, cherry, oak, ash, butternut, elm, beech, birch, and hickory, including figured exotics in those species, but I can get softwoods like pine or imported species if a customer wants it for their project. Much of my lumber comes from sustainably harvested or salvaged logs and trees that I selected and had sawn to my specifications, that are dried for many years before use.

Q: How do you manage quality in your work?

A: Wood is a tricky medium. It has natural inherent flaws and is sensitive to moisture and temperature. I go to great lengths to minimize the chances of product or part failure. I select the right lumber, stabilize it, and meticulously mill it. I employ the most appropriate joinery and techniques and make sure my client understands the options and their pros and cons. I use a range of finishes to bring out the color, grain and character of the wood. My goal is for most of my products to last forever.

Q: Do you sell retail or just do custom work?

A: Both. I build custom pieces, but I also design and build my own products that I sell retail locally, at craft shows, over the internet from my website, and ship to customers.

Q: Will you build custom projects from pictures people present to you?

A: Yes and no. I get these requests frequently. Sometimes it helps the customer communicate their style preferences and what they are looking for. Some products are common, and I am glad to build them as is. But, if it is something that is clearly unique, I will not steal someone else's design and take credit for it – whether for my own products or for a custom piece. Instead, I will use it, or an element of it, for inspiration and work together with my customer to design a different version of it.

Q: How can people connect with you?

By Jaxyn Boyce

SHUTE'S WATER SYSTEM AND WELL Drilling has been a family-operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you." There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent

construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a four-generation business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

MIDWAY SALES CELEBRATING 35 YEARS

3106 US Rte 11 Lisle, NY
(607) 692-2180
midwaysalesny.com

CELEBRATING THEIR 35TH YEAR, MIDWAY Sales is a third generation run small business located in the small town of Lisle, New York. Midway Sales boasts a large selection of both indoor and outdoor furniture for every room in your home, porch, or backyard. Far from just interior options, they offer a vast majority of outdoor lawn decor from windmills, wishing wells, birdhouses/feeders, and bridges to structures like sheds, gazebos, cabins, dog kennels, chicken coops, greenhouses, children's play houses, and pavilions. Looking for a bedroom set, office furniture, a dining room table, or something to spruce up that living room? Midway Sales has you covered with a one stop shop for all your needs. Stop on in and check out their 10,000 square showroom, displays, and shed inventory at 3106 US Rte 11 Lisle, NY 13797. Their lot is fully stock with same day pickup as well as custom ordering. Look them up online at midwaysalesny.com, Facebook, or Instagram, or call them at (607) 692-2180 for more information.
