CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

IN THE LAST ISSUE of the CAT, we asked if you knew the name of a forgotten village in Cortland which also has a street named after it. If you have ever wondered where the name "Port Watson" came from, then you are on the right track. We have a street (and a bridge) that are called Port Watson, but there is certainly no port to be found. Would you believe that there actually was a bustling port on the Tioughnioga River, and the surrounding village was called Port Watson? It is an interesting story that begins around 1800, when we were a part of Onondaga County.

The village of Port Watson was a planned development which roughly covered the area from Port Watson Street to Kennedy

Parkway. The area was divided into lots, and streets were laid out and named. By 1810 there were 25 houses and stores in Port Watson while there were 10-12 in the village of Cortland and 70 in Homer.

Positioned at the confluence of the east and west branches of the Tioughnioga River, Port Watson was full of promise. River navigation was the best way to transport goods over long distances, and the layout of the village was important to the success of the growing village. Docks and warehouses were built, and goods were brought in the winter via sleds and stored in warehouses until spring and better navigation weather. A sawmill was built in 1808, and a paper mill was built in 1820. A tannery was started in 1824, and a grand hotel was built which housed the post office.

The village flourished briefly, but the demise of Port Watson was slow and sure. As more dams were built further up the river, the flow was more and more restricted, and as such, river transportation was not as reliable as it had been. The opening of the Erie Canal in 1825, better roads, and the arrival of the railroad all contributed to the collapse of Port Watson. Eventually the village was absorbed into Cortland Village which became the City of Cortland in 1900.

MAIN STREET FARMS

By Jaxyn Boyce
3320 NY-215, Cortland
mainstreetfarms.com
(607) 218-2101

LOCATED AT 3320 NY-215, in Cortland, Main Street Farms began its operations in 2010. The Owner, Allen Gandelman, purchased the old Smith Gardens in Homer with plans to start a plant nursery and aquaponics farm. After pairing up with an old college roommate, Bobcat, they quickly expanded their business to the Community Supported Agriculture (CSA) program in 2013 with only 12 families. Today, Main Street Farms has 20 workers plus farmers who work on 60 acres of land and feed up to 400 families through the CSA program.

In total, more than 40 vegetable crops are planted, as well as cannabis that is used to produce both CBD and THC products. All vegetables are sold at the farmer's market in Ithaca, Syracuse, and Binghamton. Most of the CBD products are available for sale at local retail stores and online at headandheal.com. The adult-use cannabis brands are Florist Farms, Blotter, and Tune. These brands are only available at legal NY dispensaries.

Being a first-generation group of farmers and friends means they are not a traditional farm but one built from the ground up. Their mission statement includes selling the best quality certified organic products. Regenerative farming is another significant goal, strongly pushing for biodiversity, water cycle improvement, and strengthening the resistance in the soil. However, Main Street Farms is most proud of the customer service they provide.

Equally, in the past, they have hosted farm tours to interested individuals. Anyone interested in joining Main Street Farms can buy a share through the CSA program to enjoy fresh veggies all season. For more information, their website is mainstreetfarms.com, or by calling (607) 218-2101.

PSYCHIATRIC NURSE
PRACTITIONER

New office location in Cortland, NY
nicelee-hollenback4143.clientsecure.me
nhollenbackNPP@gmail.com

HELLO CORTLAND, I HAVE BEEN a Psychiatric NP for 12 years. I am opening a new office at the 1890 House Museum. I am also fortunate in my role on the Executive Board at the Museum. This last year we re-purposed an underused room at the House. This room is now available as a rental space for the community.

I have had a private practice in Ithaca, NY for 12 years. Upon working with the 1890 House I have come to really love the Cortland Community and I have begun to offer services. I will be in my Cortland office on Wednesdays. As a NPP I diagnose and treat mental health disorders like depression, anxiety, and ADHD. I am not a therapist but within the context of your sessions with me we will set treatment goals that include building coping skills, sleep hygiene, distress tolerance etc. based on your individual needs.

I work with ages 18-65 years old. Different age groups require different needs and specialization. I am sorry I do not work with individuals outside of these ages.

The only insurance I bill directly is Aetna. All others will be considered self pay. I am unable to take individuals with Medicaid or Medicare even if the client wants to pay out of pocket.

For additional information or to make an appointment contact me either through my website or email: nicelee-hollenback4143.clientsecure.me nhollenbackNPP@gmail.com.

I look forward to serving your community.

By Jaxyn Boyce

SHUTE'S WATER SYSTEM AND WELL Drilling has been a family-operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you." There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent

construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a four-generation business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

NEW LIFE AT AN OLD WAREHOUSE

465 North Rd Freeville
 (607) 844-5662

WHETHER YOU RECALL IT AS the "Home Necessities warehouse" or the "old Pepsi place," most Dryden locals will know the exact location of what is now known simply as "The Warehouse" at 465 North Rd in Freeville.

Now home to long time Dryden business, The Second Knob Gifts & Antiques, and the new Global Thrift & More store as well as a handful of local crafters/vendors/resellers, The Warehouse is a no frills, unique shopping experience. Shana Karn, owner of The Second Knob Gifts & Antiques, partnered with Nancy Bell, owner of the warehouse and Global Thrift & More and her staff to bring The Warehouse to life—and to make it a fun, affordable place to shop, thrift and browse all while supporting small, local businesses and vendors.

Karn, who is a lifetime community resident and owner of The Second Knob Gifts & Antiques, which is a multi-faceted business itself—offering online auctions, estate sales, studio and natural light photography, is no stranger to thrifting, repurposing, or reusing. Pre-Covid, Karn and her father (who was her business partner) ran flea markets at their old shop—just a couple of miles down the road!

Nancy Bell, longtime Marathon resident, is no stranger to multi-faceted businesses either; she is the founder of not-for-profit Mayor Potential and Green Cleaning Pro cleaning company. Bell, like Karn, got into the thrifting and reuse business with a parent.

Both Bell and Karn, who share an entrepreneurial spirit, are confident that The Warehouse will soon become a destination for people outside of the community, too—with plans already in place for large outdoor flea markets June-October (beginning June 8th,

2024), which will bring in vendors from across Central New York, while expanding available vendor space inside The Warehouse, too. But potential plans stretch well beyond flea markets and vendor space, with Bell hoping to eventually find additional ways to connect with the community and garner community support and interest in visiting The Warehouse for fun, family-friendly and educational events and offerings.

The Warehouse is currently open Thurs-Sat from 10am-3pm, with flea markets kicking off on June 8 from 9am-4pm and being offered on the second Saturday of every month June-October. Both businesses accept appointments outside of regular business hours, for donations to Global Thrift or for consignment to The Second Knob. Call or text: (607) 844-5662.

For now, both business owners are enjoying the new shopping venue and the many supportive customers and compliments it brings in while brainstorming ways for the venue to build a solid foundation for the future.

1764 Route 392, Cortland (Virgil), NY

I AM LOCAL TO THE TOWN OF Virgil. I was raised here and am now raising my family here. We don't have much for families to do here outside of Greek Peak/Hope Lake Lodge Resort. I wanted some place affordable for families to be able to enjoy time together. I myself love ice cream so I thought I would share my love with others. With the help of my entire family, we made it possible to build and open Mountainside Cones & More, where I hope to spend many years making people happy, even if it's just for a moment. The older boys are working there and the younger children love to see other kids and spend much of their time there playing with the guests. We have a little area inside "The Kid's Corner" just for the kids. We have

coloring books and a few games inside for families to enjoy while visiting, and we are working to add some outdoor games as well. I love seeing people enjoying the space, the smiles, laughter and conversations, not to mention our amazing views! You can follow us on Facebook and Instagram as well as search us on Google for current hours. Currently we are open Monday thru Friday 3:00-9:00, Saturday 2:00-9:00 and closed on Sunday. Come check us out at 1764 Route 392, Cortland (Virgil), NY 13045 and keep watch for upcoming additions to our menu and change in our hours.

CREATURE FEATURE DETERRING DEER

WHILE MOST GARDENERS ARE HAPPY to share the fruits of their labors with foraging birds and valuable pollinating insects, sacrificing beautiful blooms and precious plants to white-tailed deer is where they draw the line. Many times I have lost a season's worth of buds, flowers, and foliage to browsing deer. This can be discouraging as well as costly. The good news is that there is a long list of attractive annuals, perennials, shrubs and other types of plants that are resistant to our nibbling neighbors. As you consider additions to your garden or yard this spring, check out some of these deer-resistant plants, just a sampling of the varieties available today.

Allium, Astilbe, Beebalm, Boxwood, Coneflower, Floss Flower, Fringed Bleeding Heart, Butterfly Bush, Catmint, Dusty Miller, Japanese Painted Fern, Japanese Sedge, Juniper, Lady's Mantle, Lamium, Lavender, Lily of the Valley, Marigolds, Monkshood, Pachysandra, Peony, Russian Sage, Snapdragon, Spirea, and Verbena.

Research your selections to better ensure they are hardy for your zone and that they will receive the recommended
