CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

LAST TIME, OUR QUESTION FOR you was, what year did the Wickwire Brothers factory close?

The business closed its doors in 1971 after a long and successful run. The business had its start when Chester Wickwire acquired a carpet loom as trade against a debt owed to him at his hardware store on Main Street in Cortland. Chester was an enterprising individual, and he adapted the carpet loom to weave wire screen which he was then able to sell beginning in 1873. He did not invent window screen, but he was able to make it quickly and his business expanded to include other wire products.

At the height of its success, the Wickwire Brothers factory manufactured a quarter of the world's wire cloth. The business helped build the city of Cortland through the employment of immigrant workers. After nearly one hundred years, the business was purchased by Mid-States Steel & Wire Company (1968) but there was an employee strike that same year. In 1969, several buildings within the facility were torn down to modernize the factory. It was announced on February 11, 1971, that the plant would close, and a fire raged through the factory in September of that year, bringing the story of Wickwire Brothers to a close.

What year was Old Main at SUNY Cortland constructed?

COME SEE WHAT IS NEW AT THE 1890 HOUSE MUSEUM

37 Tompkins St, Cortland, NY
the1890house.org • info@the1890house.org • (607) 756-7551

WHETHER IT IS A TOUR of the Museum or an event in the newly renovated carriage house summer is a great time to check us out.

We are open for tours Thurs-Sunday. Come and see the home of Cortland's own industrialist Chester Wickwire. Chester built this home for his family; wife Ardell and sons Charles and Fredrick. The Wickwire family lived in this home from 1890-1973. Within these walls two young boys grew up and Fredrick the younger son then raised his own family here.

The 1890 House is renowned for its Belcher Mosaic Windows, its intricate parquet flooring(which has just been refurbished), and the fact that you can explore 4 floors and the turret while learning about the Wickwire family, life in Victorian times and beyond. The 1890 House also hosts paranormal tours and allows paranormal groups to book the House for their own investigations.

The 1890 House Museum and Carriage House is also a great place to host your family parties as well as small-medium events. New this year we have a new parlor space on the 3rd floor that may be used for book clubs, tarot readings, and even use for the healing arts. The space can be rented out on its own or as part of a rental of the downstairs Fernery/Sunroom.

So this summer when you are thinking of a great day trip remember the 1890 House Museum. Cortland has some great places to eat, shop and additional museums like the CNY Living History Museum and Suggest House Museum.

For more information about House tours or upcoming events: check out our website: the1890House.org. We are also on Facebook. For

information about hosting an event at the House please contact us by email, info@the1890house.org, or phone, (607) 756-7551. We hope to see you soon!

**CORTLAND COUNTY JUNIOR FAIR
JULY 9-13**

COME TO THE 70TH ANNUAL Cortland County Junior Fair held July 9-13th, and you will find young people and 4-H. We are committed to youth, agriculture, and showing off the best of Cortland County. You've seen photos of long-ago county fairs, when people from around the town would gather to show off and celebrate the town's main focus -- agriculture. Today, our fair remains a vibrant venue, changing to reflect the community, yet remaining a treasured annual tradition and attracting scores of new families, as well as faithful fair-goers.

Junior Fair offers exhibitors the opportunity to grow in many ways. Exhibiting helps youth learn to set goals and work toward them, develop confidence, gain a sense of achievement, and communicate effectively about what they have done. Today's fair reflects the evolving interests of youth in the world today. While many youth continue working with animals, growing things in their gardens, or refining their sewing and cooking skills, the options have expanded to other niches. Although the focus and scope have changed appreciably since its beginning seventy years ago, Junior Fair is still a monumental testimony to the creativity and dedication of young people in Cortland County, and the parents and volunteers who support and encourage their efforts. The Fair Queen contest, Barnyard Olympics, Animal Costume Class, and Market Sale always attract an appreciative audience for youths' efforts.

Special events planned by the Cortland County Agricultural Corporation will include a dairy cattle birthing educational area on Friday and Saturday—come and learn about a baby calf being born! Other attractions include the Ag Awareness tent, a bike giveaway, antique tractor pull and display, pie social, veggie car races, pedal tractor contest, midway rides Wednesday through Saturday, bands Sydney Irving and Mojo Band on Friday and Jake Desormo on Saturday, and of course—fireworks!

We'll see YOU at the Fair, July 9-13th!

Reminder: The Cortland County Junior Fair is a youth fair that is an alcohol and tobacco free event.

For more information on the fair, volunteer opportunities, or the 4-H Program in general, please contact the 4-H Office in Cortland County at 607-391-2660, or visit: cortland.cce.cornell.edu/4-h-youth or facebook.com/CortlandCounty4HProgram. For information on the Cortland Junior Fair visit: facebook.com/pages/Cortland-County-Jr-Fair/ or cortlandfair.com.

on a hilarious and touching journey that proves it's never too late for romance. This laugh-filled comedy cleverly explores relationships between people in their golden years, and how the invisible bonds of family often tie our hearts tighter than any love affair.

The Last Romance is directed by Cortland's own Mark Reynolds, who has previously directed at CRT the award-winning production of *Newsies*, as well as *Kiss Me Kate*, *Born Yesterday*, the record-breaking production of *Footloose*, *Kitchen Witches* as well as many productions in the SUNY Cortland Theatre Department, where he is also the Costume Designer. CRT's Production Manager Eric Behnke will oversee all technical aspects of the production, and Stage Manager Jordan Simon makes her CRT debut with this show. *The Last Romance* design team is comprised of Shelley Barish (scenic), Shanie Hollenbeck (costumes), Kate Wecker (sound), Samantha Weiser (lighting) and Elizabeth Reaves (properties). Sophie Harrington joins the production as Assistant Stage Manager, and Sarah I. Lifflick is the Technical Director.

CRT returning actors Richard Daniel as Ralph and Mary P. Williams as Carol join newcomers Dori May Ganisin and Nick Capodilupo in this production. Previously at CRT, Daniel was seen in 2022's *Over the River and Through the Woods*, as well as *Agatha Christie's Cards on the Table*, and as Ben Franklin in *1776*. Williams was also seen in *Cards on the Table*, as well as in *Six Dance Lessons in Six Weeks*, *Making God Laugh*, *A Murder is Announced* among others. Ganisin has performed in numerous productions in the Binghamton area, and Capodilupo is a Vocal Performance major at Ithaca College. A play with music, this show features Capodilupo's strong operatic voice, as he plays the character of the younger version of Ralph.

CRT offers a "Friday Night Talk Back" after the evening performance on June 21, at which a Q & A session with the actors, director, designers, and crew takes place. Tickets are available for all of CRT's upcoming summer productions including *Jimmy Buffet's Escape to Margaritaville*, *Wait Until Dark*, *Disney's Beauty and the Beast*, and the Bright Star Touring Children's Theatre production of *Storybook Tales*. Tickets are also available for CRT's "Sounds of Music" concert series to be held on every Wednesday in September, including "Close to You: The Music of the Carpenters", "Tapestry Unraveled: The Music of Carole King", "Jefferson McDonald's Great Balls of Fire" and "How Sweet It Is: Steve Leslie Sings James Taylor". Visit www.CortlandRep.org for exact times, dates, and additional information.

CRT PRESENTS REGIONAL PREMIERE OF JIMMY BUFFET'S "ESCAPE TO MARGARITAVILLE"

CortlandRep.org

CORTLAND REPERTORY THEATRE GIVES THEIR audiences a "License to Chill" with their third production in the theatre's 53rd annual summer season when they present the regional premiere of *Jimmy Buffet's "Escape to Margaritaville"*. Written by Greg Garcia and Mike O'Malley, with music and lyrics from some of Jimmy Buffet's classic tunes, this "ray of tropical sunshine in musical form" will run at the Little York Pavilion from July 3 – 12, with evening shows at 7:30 PM. Matinees are available on June 5, 7, 9, 10 and 12 at 2:00 PM. Tickets may be purchased by calling 800-427-6160 or by visiting the CRT Box Office at 24 Port Watson Street in Cortland. Tickets are also available through CortlandRep.org with ETIX, for a small additional online charge. CRT cautions that ETIX is the only approved online ticket service; others charge significantly higher rates for tickets and are not approved by CRT. A 4% technology fee is added for all credit/debit card sales. As an incentive, this fee will be waived if paid by cash, check or gift card. The GPS address for the Little York Pavilion is 6799 Little York Lake Road in Preble.

Audiences are encouraged to slip on their parrot shirts, slide into their flip flops, and set their watches to island time to prepare for this "cool" summer musical. The Pavilion will be transformed into a tropical paradise where love and laughter are the keys to "growing older but not up." The story takes place on a Caribbean Island, where Tully Mars is the "mayor" of the Margaritaville resort - a part-time bartender, part-time singer, and full-time charmer who's got beach life all figured out. That is, he thinks he does until a beautiful scientist comes to the island and sends his life into a tailspin. This bubbly, free-and-easy score features Jimmy Buffet's classics, including *Cheeseburger in Paradise*, *Fins*, *Volcano*, *It's Five o'clock Somewhere* and many more.

CRT's Producing Artistic Director Kerby Thompson is at the helm for this show, having previously directed CRT's *Xanadu*, *Mamma Mia!*, *Saturday Night Fever*, *1776* among many others. Aisling Halpin, who made her professional acting debut at CRT back in 2008 in *The Best Little Whorehouse in Texas*, makes her CRT choreography debut. Shoshana Seid-Green, Music Director and Keyboards 1 player, returns having also worked on *Xanadu*, *Mamma Mia!* and *Saturday Night*

Fever. CRT Production Manager Eric Behnke will also serve as Lighting Designer. Stage Manager Claire Young leads the production and design team, comprised of Rozy Isquith (scenic), Angie Andrea (costumes), Kyle Jensen (sound), and Elizabeth Reaves (properties). Mackenzie Seewagen is Assistant Stage Manager, and Sarah I. Lifflick is the Technical Director.

Most of the principal actors in this production are making their CRT debuts. Recent Penn State graduate Nick Brogan will star as Tully Mars, with Brooke Melton, who holds a Masters in Vocal Performance from NYU set to play Rachel, the scientist who shakes up his life. SUNY Cortland rising senior Olivia Goodman will play Tammy, Rachel's best friend, with Caleb Miofsky, who recently graduated from Missouri State University, playing Tully's best friend, Brick. Another graduate of Penn State, Amirah Joy Lomax, debuts as Marley, the "boss" of Margaritaville, and Jason Thomas Sofge, seen in CRT's production of *The Full Monty* and in *The Queen of Bingo* at CRT Downtown, will play island "hanger-on", J.D. Belmont. University Musical Theatre student Xander Benton will play Jamal, Margaritaville's all-around handy man. Many other roles and ensemble members will be filled by CRT's 2024 Performing Intern Company, including Nazareth College students Maxwell Bass, Jaiden Leo Riley and Ally Wolfe, Syracuse University students Alyssa Beaulieu, Matthew Dodaro, Thomas Locke and Gillian Stoltz, Rider University student Madison Winkler, and Ithaca College student Eli Vanderkolk. Recent SUNY Cortland grad Titania Padro joins the CRT ensemble for this show.

Musicians for this production include Dan Skidmore (guitar 1), Kenneth Meyer (guitar 2), AC Muench (bass), Brian Dunlap (reeds), Joshua Symborski (trumpet) and Dr. Ben Cantrell (drums/percussion).

CRT offers a "Friday Night Talk Back" after the evening performance on July 5, at which a Q & A session with the actors, director, designers, and crew takes place. Tickets are available for CRT's remaining summer productions including *Wait Until Dark*, *Disney's Beauty and the Beast*, and the Bright Star Touring Children's Theatre production of *Storybook Tales*. Tickets are also available for CRT's "Sounds of Music" concert series to be held on every Wednesday in September, including "Close to You: The Music of the Carpenters", "Tapestry Unraveled: The Music of Carole King", "Jefferson McDonald's Great Balls of Fire" and "How Sweet It Is: Steve Leslie Sings James Taylor". the right time, saw it into lumber, and dry it, the decay process stops, capturing that beauty – we call it spalting. Timing is the trick. Sawn too soon, it's just stained and spoiled. Sawn too late, it's punky and unusable. But sawn at just the right time... well, see for yourself. The pictures show what spalted maple looks like. Isn't it fantastic?

Now you know...“rotten” wood can be beautiful.

A fellow craftsman once said “If we're going to cut a tree down, then make sure what we make out of it is the very best we can make out of it. Keep the spirit of the tree alive.” Amen to that.

Craig Vollmer owns and operates The 1812 Shoppe – Custom Woodworks located in Marathon, Cortland County where he builds finely crafted furniture, home décor, and novelties from wood.

I BET YOU'RE WONDERING, “HOW can that be?” Well...I'll tell you.

But first...did you know that maple trees are the most abundant tree in Central NY. They tower majestically above, branches spread wide as if waiting for an embrace. You've seen their leaves transform every autumn as they turn from green to vibrant shades of red, orange, and yellow. They're mesmerizing. I admire their beauty, but I equally admire their beauty within.

Their lumber is creamy white with various shades of brown heartwood and is used to make exquisite furniture and wood products. But the forest has a little-known secret. Something special happens when a maple tree dies or is cut and left in the woods. It rots. Now, that's not really that special, or surprising. What is special is what happens from the time it dies or was cut to when it truly rots. Decay fungi colonize the wood and begin the decay process. During the first stage of decay the wood becomes beautifully streaked and discolored. If you salvage the tree or log at

By Jaxyn Boyce

SHUTE'S WATER SYSTEM AND WELL Drilling has been a family-operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you." There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent

construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a four-generation business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

CREATURE FEATURE THE GOOD GUYS

DESPITE THEIR OFTEN CREEPY VIBE, we know that many insects are highly beneficial to the environment. Some “bugs” are also helpful to people. **Dragonflies** (and damselflies) are among the good guys!

Sure, dragonflies can look intimidating, clouding the air in masses and zipping about erratically or hovering on loud, crackling wings. Truth be told, dragonflies are our friends. Consider this: each adult dragonfly eats thirty to hundreds of mosquitoes a day. They also hunt other pests like wasps, midges, and flies, which are caught—and often eaten—on the wing. Dragonflies rarely bite people; so when they hover around you, don’t be alarmed. Instead, think of them as your personal body guards, protecting you from blood-thirsty mosquitoes and other nasties that DO bite or sting.

Dragonfly larvae, called *nymphs*, live in the water before they take to the skies as adults. Each nymph has six jointed legs, prominent eyes, and a large, modified lower jaw that can be extended using hydrostatic pressure to capture unsuspecting prey. In other words, they look sci-fi caliber freaky (they also breathe through their butts, but I digress)! Bizarre appearances aside, these young dragonflies-to-be are also beneficial to their ecosystem and pose no threat—unless you’re a mosquito larva or other tiny aquatic organism!

Three cheers for dragonflies!

ST. JOHN MEMORIALS

ST. JOHN MEMORIALS HAS BEEN serving families with all their monument and engraving needs for over 96 years.

They are a full service memorial company, offering family monuments, civic memorials, and veteran monuments throughout Central New York, doing all the designing and engraving in their shop in Scipio Center and on site.

We are proud to have the largest monument display and inventory in the area, offering over 500 memorials in stock.

Being that we do our own designs and engraving, we have control that other companies don't have in the area by having quicker turnaround times and reasonably priced domestic and imported granite by not having to pay or rely on a manufacturer to produce a loved one's memorial.

If you are in need of our services you are invited to stop by one of our offices, 1027 Tompkins Street (one block south of Footie Freeze) or Route 34 in Scipio Center, or call 315-364-8266 to set up an appointment. Our office hours are Monday-Friday 10-4 and Saturday 9-1.
