CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

IN THE LAST ISSUE of the CAT, we asked if you knew when the Marine Midland Bank (now Tompkins Trust) was built. Did you know it was built in 1969? Previous to the modern structure you see today, there was an early house on that property which was removed to make way for Orchard Street and the building which would be known as the Calvert Block. The Calvert Block was built in 1873 and home to a variety of businesses over the years, including the Varsity, a popular hangout for teens.

The modern looking Marine Midland Bank was built in the Brutalist design and a significant departure from surrounding buildings on Main Street. Brutalist architecture emerged after World War II for a variety of reasons, one of which was the massive reconstruction of Europe post war. Brutalist architecture was simple and modern in aesthetic and relied on concrete and geometric designs. It was a rejection of decorative architecture of the past, such as the Victorian penchant for embellishment.

What was Brown Avenue originally called?

ITHACA DIRT RIDERS 52ND ANNUAL SPRINT ENDURO SUNDAY, AUGUST 18, 2024

IN THE EARLY 1970's, A small group of local off-road motorcycle enthusiasts came together to form the Ithaca Dirt Riders (IDR). It was their vision to provide some local trails and events for their club members and other to enjoy. A year later, the club chartered with the American Motorcyclist Association (AMA). With many of its member interested in the AMA sport of enduros, the club sanctioned its first event. This year is the 52nd anniversary of The Ithaca Dirt Riders Enduro! It will be held on Sunday, August 18 at 253 Andersen Hill Road, Berkshire, NY 13736 starting at 10:00 am. You can sign-up for the event from 4:00 pm to 6:00 pm on Saturday, July 17, and on Sunday morning, from 7:30 am to 9:00 am. The sprint enduro consists of three "loops" through fields and woods. It is a great experience for riders with many technical challenges for them. Riders can ride as young as 12 years old, if they have a bike with at least a 19" front tire. There are NO spectator fees, but there is lots of chances to see your favorite rider during the event. A food truck will be on hand on Sunday and there is free primitive camping! With the help of many volunteers and supporters, the Ithaca Dirt Riders have not only been able to host this local event, but many AMA national events over the years. IDR not only promote the sport of off-road riding, but also help the local communities.

SO, WHAT IS A SPRINT ENDURO? Enduros are a cross-country event, which not only requires speed and ability, but also endurance (hence "Enduro").

With a Sprint Enduro, the timekeeping element is not a factor. Fairly new to the enduro world in America, sprint

enduros allow competitors to race against the clock on wide, fast-flowing trails and grass track. They ride a small number of special tests multiple times throughout the day, trying to improve their times each ride. There is a time limitation to complete the required test section or tests. The rider with the fastest time to complete the loops wins.

Have you ever run a harescrambles? You may want to try a sprint enduro! You will have more "time in the seat" and less traffic in the woods. Give it a try!

To get a better understanding on enduros, go to: americanmotorcyclist.com/getting-started-in-racing/ You will be amazed at how much the riders have to do (and remember!) as they ride the course. For other local and national off-road motorcycling activities go to americanmotorcyclist.com, ecea.org or on Facebook, look for "AMA District 4 Enduro Championship" or "East Coast Enduro Association" for event information. You can also go to the AMA District 4 website at: amad4enduro.com. Entry fee is \$65.00 at the event, or \$62.50 if you enter on-line. You must join AMA and ECEA (East Coast Enduro Association) to ride. Pre-entries are highly recommended at: moto-tally.com/ECEA/Enduro/PreEntry.aspx. QUESTIONS? Contact: Norm Foley at normanfoley@yahoo.com.

(607) 753-6161

CORTLAND REPERTORY THEATRE CLOSES THEIR 53rd summer season with a three-week run of the popular musical "Disney's Beauty and the Beast". This production will run from July 31 - August 17 at the Little York Pavilion, with evening performances at 7:30 PM. Matinees at 2:00 PM are available on August 2, 6, 7, 11, and 14. This exciting and heartwarming show boasts music by Alan Menken, lyrics by Howard Ashman and Tim Rice, and a book by Linda Woolverton. The original Broadway production was directed by Robert Jess Roth, and was originally produced by Disney Theatrical Productions. The original music supervision and new arrangements are by Michael Kosarin, with dance music arrangements by Glen Kelly and orchestrations by Danny Troob.

Tickets may be purchased by calling 800-427-6160 or by visiting the CRT Box Office at 24 Port Watson Street in Cortland. Tickets are also available through CortlandRep.org with ETIX, for a small additional online charge. CRT

RON'S BODY & PAINT

SUMMER AND THE HOT WEATHER is here! Planning a road trip?! Schedule your vehicle for new tires and a tune up or an oil change before you hit the road! Call Ron's Body & Paint in Cortland for all of your automotive services at 362 Route 13 to schedule your appointment at the Cortland location 607-662-4543. Since 1989, Ron Stanley and family have been offering the absolute finest in contemporary automotive services at their one-stop vehicle service center in Marathon at 31 Cortland Street (607-849-6898) and both locations are providing the same great services Ron's Body & Paint has been known for. They are also a Tesla Certified Repair Shop! Why would you ever need to call Ron's Body & Paint? Here are five reasons to call!

One: they are the largest body shop in the area, and the place to call for body and paint work done using a state-of-the-art downdraft paint booth and waterborne paint. Plus, loaner cars are available.

Two: they are a full-service center that handles everything from brakes, inspections, and oil changes.

Three: 24-hour towing for all vehicles, tractors, and heavy and light vehicles. Complete with AAA roadside service.

Four: they have 35+ years of experience, featuring mechanics who are all licensed.

Five: because they are a locally-owned business with 2 locations to serve you. Ron's Body & Paint, on Cortland Street in Marathon, and on Route 13, across from Elm Tree Golf Course in Cortland.

And of course, your satisfaction is always guaranteed. ASK RON ABOUT A LOANER CAR WHILE YOUR COLLISION REPAIR WORK IS DONE!

Follow them on Facebook! Check out their specials on their website ronbodyandpaint.com

cautions that ETIX is the only approved online ticket service; others charge significantly higher rates for tickets and are not approved by CRT. A 4% technology fee is added for all credit/debit card sales. As an incentive, this fee will be waived if paid by cash, check or gift card. The GPS address for the Little York Pavilion is 6799 Little York Lake Road in Preble. Adult tickets range between \$38.00 - \$42.00. Youth tickets (22 and under) are available for \$25.00 each, or as a Youth Flex Pass, which contains two tickets for \$40.00. CRT also offers an Educators Discount night on Thursday, August 1 for active teachers, faculty and school staff who may purchase two tickets for \$60.00. Saturday, August 3 is "40-Below Date Night", when individuals between the ages of 18 - 40 may purchase two tickets for \$50.00. Also, a limited number of side seats, if still available, may be purchased for \$10.00 on Opening Night, July 31. These tickets will be sold starting at 4:30PM, the day of performance only and must be purchased by cash in person at the CRT Box Office, 24 Port Watson Street, Cortland.

A "tale as old as time", and based on the Academy Award-winning film, this stage adaptation includes all the wonderful songs and characters that made the movie so popular. The story tells of Belle, a young woman in a provincial town, and the Beast, who is really a young prince trapped under the spell of an enchantress. If the Beast can learn to love and be loved, the curse will end, and he will be transformed into his former self. But time is running out - if the Beast does not learn his lesson soon, he and his household will be doomed for all eternity. The wonderful score includes the songs "Be Our Guest", "Belle", "Gaston", and of course the title song.

"Disney's Beauty and the Beast" is directed and choreographed by Barbara Hartwig, whose work at CRT was previously seen in the choreography for CRT's "West Side Story". Hartwig also directed and choreographed CRT's award-winning production of "Cats" in 2012. Canaan Harris returns to his seventh CRT show, having previously music directed "Kiss Me Kate", and played in the pit bands of six others. Stage Manager Claire Young finishes her summer work with this production, and CRT Production Manager Eric Behnke will also design the lighting plot. Other designers include Mia Irwin (scenic), Jimmy Johansmeyer (costumes), Kyle Jensen (sound) and Elizabeth Reaves (properties). Mackenzie

Seewagen is Assistant Stage Manager, and Sarah Liffick is Technical Director.

Playing the Disney princess role of Belle, CRT welcomes back Molly Bremer, who was previously seen as Eliza in "My Fair Lady" earlier this summer. Also being welcomed back, as the Beast, is former CRT Performing Intern from the 2019 summer, Steven Martella, who appeared in "Legally Blonde", "Mamma Mia!", and "The House at Pooh Corner". Also a former CRT Performing Intern from last year, Trevor Shingler returns to play Gaston, with Henry Howland making his CRT debut as LeFou. Homer resident actor Kim Hubbard, previously seen in CRT's "Shipwrecked", "Cats" and "Brigadoon", will play Belle's father Maurice. Barbara Bayes, seen in CRT's "The Cake" and "Always a Bridesmaid" will play Mrs. Potts, with current Performing Interns Eli Vanderkolk as Lumiere, Alyssa Beaulieu as Babette and Thomas Locke as Cogsworth. Local young actor David Downey Ford will play Chip, and another Cortland local, Rachel Fry will play Madame La Grande Bouche. Rounding out the ensemble will be Performing Interns Matthew Dodaro, Maxwell Bass, Jaiden Leo Riley, Gillian Stoltz, Madison Winkler and Ally Wolfe. CRT notes that Mr. Dodaro will play the role of the Beast for the three performances on August 2 and 3. Musicians for this production include Benjamin Coddington (keyboards 2), Jonathan Fleischman (violin), Ava Gestwick (reeds), John Oliver (bass) and Micah Neiss (drums and percussion).

CRT offers a "Friday Night Talk Back" after the evening performance on August 2, at which a Q & A session with the actors and technicians will be held. Tickets are also available for CRT's "Sounds of Music" concert series to be held on every Wednesday in September, including "Close to You: The Music of the Carpenters", "Tapestry Unraveled: The Music of Carole King", "Jefferson McDonald's Great Balls of Fire" and "How Sweet It Is: Steve Leslie Sings James Taylor". Visit www.CortlandRep.org for exact times, dates, and additional information.

LaFayette, N.Y.

**A FAMILY TREE
WITH DEEP ROOTS—
CELEBRATING 60 YEARS**

SHUTES WATER SYSTEMS AND SHUTES LaFayette Well Drilling has been a family-run business serving Central New York for 60 years, drilling wells, installing pumps and treating problem water.

Originally known as LaFayette Well Drilling, established in 1963 by Howard Shute, and brother-in-law, Warren Shetler, both the business and their reputation grew over the years.

Shute continued on with the business after Shetler decided to pursue other interests.

Shute was then joined by his sons, Mark, Neil and Scott. Howard Shute retired at nearly 80 years of age while his sons continued the family tradition of providing safe and pure water to the community.

Today, Shute's Water Systems is run by Scott Shute and Matt Farkas, and Shute's Excavation is run by Todd Shute. Scott's wife Becky runs the office with Mark Shute's daughter Jill. The family attributes the majority of its continued success from recommendations it receives from satisfied customers.

Shute said many municipal water systems contain calcium and magnesium, which as "hard" substances, form scale and create problems in water heaters, dish washers and plumbing systems.

Water purification can include the removal of iron, sulfur, chlorine and bacteria in a chemical-free process. Softening the water is also important and has many benefits, not only for family members, but for plumbing systems and appliances too.

"Uncontaminated water is essential for good health," Shute said. "Foul-smelling or unusual odors from your water should make you question your water's quality and safety."

Many families throughout Central New York use well water as a source of drinking water and for all its household needs. Unfortunately, water containing hydrogen sulfide gas has a distinctive "rotten egg" odor which is especially noticeable when running hot water.

Shute said the danger lies in a gradual chemical reaction

"Hydrogen sulfide gas will corrode plumbing metals such as iron, steel, copper and brass, and the exposed metal parts in appliances such as dishwashers and washing machines" Shute said. "Also, corrosion of iron and steel pipes from ferrous sulfide, or 'black water,' that can darken everyday tableware, discolor copper and brass utensils and alter the appearance and taste of cooked foods."

Additionally, Shute said, sulfur water can make washing clothes more difficult.

Shute's Water Systems can assure customers that these hazards and more can be avoided or remedied using its time-tested, ecological systems

Shute's offers a free water analysis that will help lead to great-tasting and healthy water from the tap. Located in LaFayette, Shute's Water Systems can be reached at (315) 677-5552, or visit ShutesWaterSystems.com. Everyone at Shute's Water Systems wishes our friends, family and customers a safe and happy Summer.

CREATURE FEATURE COMMON MERGANSER— MAMA MIA!

DID YOU KNOW THAT COMMON Mergansers sometimes wind up with extra babies that aren't their own? Perhaps you've observed this yourself as a nervous mother merganser swam along, leading a loooooong line of adorable ducklings. One photographer captured an image of a single merganser with a burgeoning brood of 50 babies swimming along behind her! While this was an unusually big family even for mergansers, extra ducklings to the tune of 20 or so is not particularly uncommon.

The reason for this is two-fold. Firstly, cavity nesting ducks like Common Mergansers often lay some eggs in the nests of other ducks in addition to their own nests. Scientists believe this is a sort of "reproductive insurance policy" that helps prevent losing an entire clutch to predation or some other threat. Secondly, since parent ducks can't distinguish which ducklings are theirs, they will adopt any youngsters that have gotten separated from their real mothers.

Common Mergansers are typically seen along the shorelines of lakes and rivers where they dive beneath the water to catch fish and aquatic invertebrates. The female has a grayish body and a rust-colored head with a jaunty crest... and she just might have a pile of ducklings swimming along behind her!

OUR 42ND YEAR IS QUICKLY BECOMING ONE OF OUR BEST

littlewheels.org

THIS YEAR 2024, STARTED ON time the first week of May, but quickly fell behind with all the rain on Saturdays this spring. As of this writing we've only had 4 Races, and already 18 of our 21 driver's have won a race this year. Our club has always been about keeping it affordable for parents. You may wonder how we do that?

- You don't have to buy a Microd to race with us! Finger Lakes Microd Club has Microds you can rent for the season, this prevents parents from having to shell out money to buy a Microd, Motor, and a trailer or some other way of getting to the track. The cost of doing this is very affordable, exactly \$545.00 for the entire summer. (The season lasts from May to September)
- Another Plus is parents don't have to have a great working knowledge of mechanics in order to compete. (older members share knowledge & expertise with new members)
- With the club owning the motors, it prevents people taking them home and tinkering with them between races. Drivers draw chips each

week to see which motors they will get.

- All cars must weigh-up to the heaviest car – driver combination in their class.

These last two principles are designed to keep the playing field as level as possible and allow drivers to concentrate on developing their confidence & driving skills. The Club is really about parents spending time with their children, (in a beautiful place) improving their driving skills, Sportsmanship, and Helping others. There is a learning curve for the parents as well, putting the motor on, lining up the chain & more. **We would like everyone to know we welcome & encourage Any and all Special Needs Children to come and Race with Us!** We have worked with Kids with Hearing Impairment, Asma, ADHD, Autism, Spina Bifida, Paralysis, Mentally Challenged, Rasmussen's Encephalitis, & Bi Polar Disorder. Please Give us a chance to help!

Read more about our Club Goals and program for special needs kids on our web pages www.littlewheels.org.

Location & Contact Information: Our Track is located just off the corners of Rts. of 38 & 34B, (at: 1437 Peruville Rd. Freeville NY) and is the sport of Microding's Premiere Facility. On our club's Web Site: www.littlewheels.org. There are some videos of past races, along with directions to the track. Racing is for both Boys & Girls ages 5-17. There is no charge to come and watch.
