CREATURE FEATURE
BITTERSWEET DEPARTURES

IT FEELS AS THOUGH WE were just anticipating the arrival of Spring's early birds, and now it's time for them to make their southbound journeys. In fact, many are well on their way. It's a bittersweet time, because while seeing them depart can make us feel a little blue, late summer and early fall offer good opportunities to observe migrating wildlife.

Lots of songbirds began moving south in mid-August. Different warblers, flycatchers, vireos, thrushes, tanagers, and other feathered friends that charmed us throughout the spring and summer are already on the move. Hummingbirds are also migrating now and will benefit from nectar feeders. September is the best month to observe shorebirds like killdeer, plovers, yellowlegs, snipes, and sandpipers, as they're often less secretive than during breeding season.

Some ducks are migrating now, too. Like most birds, they get that restless urge to head south due to various factors including their reproductive cycle, molting stage, waning daylight, falling temperatures, decreased food, and even in response to hunting pressure. Blue-winged teal are very early migrators while Canada geese may linger into November. Some mature male mallard ducks will only move south in response to the advancing ice line; and if the ice recedes during milder weather, they have been known to backtrack north! Perhaps, like us, they are loath to say goodbye to Summer.

CORTLAND COUNTY TRIVIA
FROM THE CORTLAND COUNTY
HISTORICAL SOCIETY

IN THE LAST ISSUE of the CAT, we asked if you knew how long the Homer Fire Department has been in existence. The Homer Fire Department was formed in 1873 which make it 151 years old this year! With a district covering 75 square miles, this department covers about 10,000 people. Territory contained within the fire district includes both the village and the town of Homer and the town of Scott.

The Homer Fire Department is made up of three fire companies: Triumph Hose Co. No. 1, Tioughnioga Hose Co. No. 2, and West Side Hose Co. No. 3. Each company has its own leadership structure and a maximum membership of 30 firefighters. The Homer Fire Department, and most of the fire departments in Cortland County—the exception being the City of Cortland Fire Department, operate using only volunteers. The city has both paid and volunteer members. We are exceptionally lucky to have such dedicated volunteers answering this call of duty in our community.

We have another Homer question for you. *What year did Shaw & Boehler open for business?*

THE 1890 HOUSE

LET OUR HISTORY BECOME YOUR MEMORIES

37 Tompkins St. Cortland, NY
(607) 756-7551
the1890house.org
info@the1890house.org

Our history

The 1890 House Museum was the home of Chester Wickwire, a Cortland Industrialist. The Wickwire Bros. was a large company that made window screening, fences, and nails. Chester built this home in 1890 for his wife Ardell and his sons Charles and Fredric. The Wickwire's home was a true

family home of hustle and bustle. The boys had a basset hound and an African gray parrot. As an adult, Fredric moved into the home with his wife Marion and raised his four children there. A Wickwire always occupied the house until Marion's death in 1973. A lot of life happened in this home, and it still loves a good party! Despite its grand appearance, the house has an intimacy and beauty that resonates with all who visit. Chester and Ardell would happily invite you into their home and be honored for you to make your own memories here.

Your memories

The 1890 House Museum makes a picturesque and unique wedding venue. Our newly remodeled Carriage House is available to rent, with its rustic charm reminiscent of a simpler time. There is a wet bar area inside and room for up to 100 guests. Our yard surrounded by flowers and trees provides a beautiful space for making memories and taking pictures

of your special day. The interior of the House can be rented as well for small receptions, weddings and baby showers. Wedding ceremonies are beautiful when conducted in the Ferney with the stained glass ceiling and 100-year-old statue of a maiden. We are already booking for 2025 spring and summer weddings! Please contact us for further information.

The 1890 House Museum is a venue only; we do not provide catering or catering equipment.

**A FAMILY TREE
WITH DEEP ROOTS—
CELEBRATING 60 YEARS**

SHUTE'S WATER SYSTEMS AND SHUTE'S LaFayette Well Drilling has been a family-run business serving Central New York for 60 years, drilling wells, installing pumps and treating problem water.

Originally known as LaFayette Well Drilling, established in 1963 by Howard Shute, and brother-in-law, Warren Shetler, both the business and their reputation grew over the years.

Shute continued on with the business after Shetler decided to pursue other interests.

Shute was then joined by his sons, Mark, Neil and Scott. Howard Shute retired at nearly 80 years of age while his sons continued the family tradition of providing safe and pure water to the community.

Today, Shute's Water Systems is run by Scott Shute and Matt Farkas, and Shute's Excavation is run by Todd Shute. Scott's wife Becky runs the office with Mark Shute's daughter Jill. The family attributes the majority of its continued success from recommendations it receives from satisfied customers.

Shute said many municipal water systems contain calcium and magnesium, which as "hard" substances, form scale and create problems in water heaters, dish washers and plumbing systems.

Water purification can include the removal of iron, sulfur, chlorine and bacteria in a chemical-free process. Softening the water is also important and has many benefits, not only for family members, but for plumbing systems and appliances too.

"Uncontaminated water is essential for good health," Shute said. "Foul-smelling or unusual odors from your water should make you question your water's quality and safety."

Many families throughout Central New York use well water as a source of drinking water and for all its household needs. Unfortunately, water containing hydrogen sulfide gas has a distinctive "rotten egg" odor which is especially noticeable when running hot water.

Shute said the danger lies in a gradual chemical reaction

"Hydrogen sulfide gas will corrode plumbing metals such as iron, steel, copper and brass, and the exposed metal parts in appliances such as dishwashers and washing machines" Shute said. "Also, corrosion of iron and steel pipes from ferrous sulfide, or 'black water,' that can darken everyday tableware, discolor copper and brass utensils and alter the appearance and taste of cooked foods."

Additionally, Shute said, sulfur water can make washing clothes more difficult.

Shute's Water Systems can assure customers that these hazards and more can be avoided or remedied using its time-tested, ecological systems

Shute's offers a free water analysis that will help lead to great-tasting and healthy water from the tap. Located in LaFayette, Shute's Water Systems can be reached at (315) 677-5552, or visit ShutesWaterSystems.com. Everyone at Shute's Water Systems wishes our friends, family and customers a safe and happy Summer.

Celebrating 22 YEARS OF THE CAT!

THE CORTLAND AREA TRIBUNE CELEBRATES ITS 22ND ANNIVERSARY!

JUDY KILMER
Founder/Editor

The Cortland Area Tribune is published by me, Judy Kilmer. I live in Dryden with my husband John and our husky Ripp. John and I have been married 47 years and have 3 grown children and an 11 year old granddaughter and 3 year old grandson. I have been working in advertising for 50 years! My first job in 1974 was at a pennysaver while I was studying Commercial Art and attending high school. At the pennysaver I learned the basics of creating and selling newspaper ads and writing articles etc. Next I worked at an advertising agency for 10+ years then took some time off to raise our family. Once our children were in school, I started working in the advertising field again for a local newspaper and a few years later I realized I wanted to start my own paper. After spending a few months talking and listening to people about a need for an old fashioned community paper in the Cortland area, I was inspired to create a newspaper that featured articles about businesses that folks drive by every day. Plus offer free community events listings for nonprofit organizations and do each issue with a "theme" to keep the paper interesting for my readers. The Cortland Area Tribune was launched in September 2002, providing local businesses with an affordable, attractive bi-weekly paper and boosts of almost all of its original advertisers today! Thank you to my loyal advertisers and thank you "my readers" for reading The Cortland Area Tribune in print and online! And a special thank you to my layout/graphic designer Dustin, graphic designer Nanci, independent sales consultant for 12 years, Martha and the rest of the crew that sells ads and writes articles. Thank you to McKayla, Jim and my husband John and my daughter Katelyn who delivers the papers! All of you contribute to the success of The Cortland Area Tribune celebrating its 22nd Anniversary!

DUSTIN HORTON

Hello—I'm Dustin, based in Salt Lake City, Utah.

I build the newspaper, both in print & online. I started out delivering for Judy while attending Dryden High School, took over the design duties in 2006, and launched the website in 2010.

I'm a Software Engineering consultant, working with clients like Amazon, NASCAR, NHS & Remind—and own a tattoo shop in Rochester.

It's incredibly rewarding watching the businesses in the community grow, and the CAT is no exception—Judy is an amazing boss and her success is hard-earned and well-deserved.

MCKAYLA MACOMBER

Hello- I'm McKayla Macomber, and I've been delivering the CAT for 4 years now. I enjoy the freedom I get with delivering papers because it allows me to do other things. I also work at the Dryden Wine & Spirits liquor store, make dog bones treats and make art on the side.

JAXYN BOYCE

Hi! My name is Jaxyn Boyce. I started writing for the Cortland Tribune earlier this year, and love the work we publish. Judy offered me the opportunity to cover first responders in this area, and I'm glad I get to be part of such a wonderful team. I have a Bachelor's in Professional Writing and have been featured in the Ke'lab, Small Talk, Common Ground, and Gina Nutt Publication. I enjoy all types of writing and am available to help the writing community. I can be reached at (607) 708-0560 and by email at jax.boyce00@gmail.com.

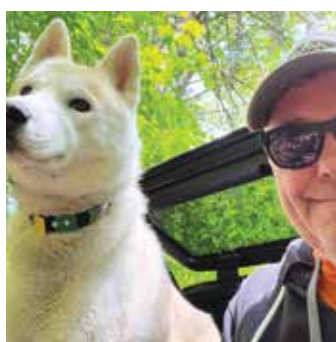

MARTHA NELSON

I have been in advertising sales since 1993, when I was hired by Lakeside Printing in Skaneateles. I have won awards for outstanding sales and have been recognized for the design, sales and overall success of different promotions over the last 31 years. I retired in Nov. 2009 from the Scotsman Press. I started working with Judy in August 2012 at The Cortland Area Tribune. I have 2 children—Lisa and Matt—5 grandchildren, and 5 great grandchildren—Kris, Maverikk, Remington, Winston, and Clyde. I live in Cortland at the Country Music Park! I winter in Florida near Ocala for 6 months where I enjoy growing flowers and visiting friends.

DAWN POTTER

Hello again! I'm Dawn Potter from Harford. My side business is the Country Moose, a craft business in which I sell a variety of sewing, knitted, and quilted items. I retired from Cornell in 2016 after 30 years and am now pleased to be a part of the Cortland Area Tribune family. It's been a great way to make a few extra dollars and meet a host of great folks in the area. If you have a few extra hours every week and would like to be a part of the CAT family, you're welcome to contact Judy. She's always looking for additional folks to join the group. I'm glad to be a part of such a great company.

JOHN KILMER

Hi—I'm Judy's husband John. I have been helping Judy behind the scenes with the paper since 2002. I started delivering papers in 2020 and enjoy making sure the bins are full every other week. I deliver to Groton, Locke, Moravia and Lansing areas.

JIM COON

Jim Coon is a life long resident of Cortland, NY. Born there, lives there, will die there. Already has a cemetery plot. It was a wedding gift. He doesn't like to talk about it. Jim took over the Cortland delivery route in January of 2024 and he likes to joke with his friends he got a new job...a paper route! They don't get his sense of humor. Jim delivered papers for the Cortland Standard back in the 80's so he feels he's come full circle. Along with being a "paper boy" Jim is a successful graphic designer and cartoonist with over 30 years of experience. He is also an actor and is involved with projects at the Center for the Arts in Homer as well as the ACME Mystery Company in Syracuse. Jim travels across the state and into Pennsylvania on weekends to various craft and comic shows selling prints of his original horror art or caricatures. Jim also is the creator of the Chiller Haunted House which is based at his home. The small garage haunt has been in operation for over 40 years. In his spare time, Jim likes to...sleep. Jim lives in Cortland with his wife Kati, daughter Abbi and 2 cats. Stay off his lawn!!!!

KATELYN KILMER

Hi! I'm Katelyn! Judy is my mom. I've been helping with the paper since I could drive. I help distribute the papers. I enjoy being outside as much as I can and working for the paper allows that to be possible. My mom has done amazing things with the paper and because of it I've met a lot of people and experienced cool things along the way. Watching the paper grow since I was young has been nothing but awesome. It's fun being a part of the CAT community.

NANCI MCCRAINE

After working professionally as an advertising retailer with Judy (and the Tribune) since the early 1990's, Nanci joined the Tribune as a marketing/sales consultant and ad designer. Nanci has lived and worked in the Cortland-Homer-Ithaca region for years. She graduated from Homer High School and TC3. She has traveled extensively in the lower 48 states, Canada, Alaska and Britain. She enjoys photography, traveling, motorcycling, gardening, trains, airplanes, bagpipes, animals, hiking outdoors, and birding. She is a stock photographer with a site at nancimccrainephotography.com. She has experience with retail, event planning, graphic design, photography, and marketing. For years she coordinated the local Home Builder Show, was an event coordinator for nonprofit organizations such as the Cortland Celtic Festival, Home Builder Association, plus many local restaurants and area businesses. She resides in Freeville and works full time as a paraprofessional. Her art background allows her to create and design her client ads quickly and efficiently, and she looks forward to meeting the challenges of new business client advertising needs. A sample of her advertising artwork and photography can be seen at: facebook.com/McCraineMercantile. She is currently accepting new advertising clientele and can be reached by email at: nydesignsbynanci@gmail.com, or directly through cortlandareatribune.com.
