ON SUNDAY, OCTOBER 13 at 11am, we celebrate our beloved pets by Marching for the Animals with family and friends to benefit the SPCA of Tompkins County.

On what will surely be a beautiful fall day, we will be starting at 11am with a 20-minute walk at Stewart Park located on gorgeous Cayuga Lake. A relaxed lunch with fellow friends and animal lovers follows the walk in the spacious and historic Large Pavilion, in existence for more than 100 years, almost as many years (123) as the SPCA has been serving Tompkins County! Comfortable picnic tables inside the pavilion offer generous seating for lingering conversation. There are bathrooms with running water, free parking, and a paved walking path. Our perennial favorite Ithaca Bakery will prepare our bagged lunches with delicious sandwiches, chips, and a lemon shortbread cookie to keep us all sweet! To celebrate all things autumn, this year's March for the Animals t-shirt is a seasonal PUMPKIN SPICE! Bring on the cozy! All we need is YOU to register and join in on the fun! You can register for the event here: givegab.com/campaigns/spca-march-for-the-animals-october-13-2024.

We rely deeply on the funds raised to provide shelter, food and medical care for more than 1,600 animals a year. That's 365 days a year, 52 weeks a year, all day, every day!

We look forward to seeing you there!

By Jaxyn Boyce

SHUTE'S WATER SYSTEM AND WELL Drilling has been a family-operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you." There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent

construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a four-generation business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

CASKEY'S GARAGE

1990 Dryden Road
Freeville, New York
(607) 347-4170
caskeysgarage.com

Servicing Tompkins & Cortland County since 1976!

STARTING IN 1976, CASKEY'S GARAGE was a one man show consisting of just Larry Caskey and his tools. Business, however, picked up and so did the need for more mechanics, and the shop developed into a large heavy duty equipment garage as it is today. Since 1976, Caskey's Garage has added manpower and footage to the garage. We currently employ 20 people; we are a certified distributor for Volvo, Mack, as well as covering their warranties. We also offer repair service for all insurance claims too!

Caskey's Garage is your CAT on Highway Truck Engine Parts Source (TEPS) dealer. We are authorized to sell Cat fluids, filters and overhaul kits (Bronze, Silver, Gold and Platinum). We can also offer extended coverage for overhaul kits as well as components. Please visit us or contact us when looking for CAT parts for your truck, bus or RV!

In our parts room we have over 81 years of experience under the capable leadership of Dennis Foley and his staff, Keith Patte and Ted Hall. These employees make sure we have all the parts we need for all makes of trucks including the parts that are under warranty.

Our service department has well over 160 years of experience in repairs for heavy and medium duty diesel and gas trucks including drivelines, air conditioner systems, turned flywheels, brake drums and rotors all done in-house. We have a full wheel adjustment center and NYS Certified Inspections available for your service needs as well.

Caskey's Garage is now recruiting for experienced full time diesel/auto mechanics. We are a full service truck, bus and heavy equipment repair shop that has been in business for 47 years. Our benefits package includes health and dental insurance, paid vacation and sick leave, 401(k) retirement plan and quarterly tool allowance. Salary is based on experience and is competitive for the area. We do not operate on a flat rate basis. On the job training and continuing education programs are available to employees. Must have a valid driver's license, CDL preferred. Please email resume to caskeysgarage1976@gmail.com.

CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

DO YOU REMEMBER THE QUESTION from the last issue? If not, here it is again—do you know what Cobakco stands for? It is the abridged name of the Cortland Baking Company, a very successful business from Cortland's past.

Cobakco was in existence from 1896 to 1960. In the 1910 Cortland Standard Industrial Edition, Coon and Hollister were the owners of four locations: 116 Main Street, 3 Tompkins Street, 14 East Court Street, and 7 North Main Street. Offerings included white, brown, and rye bread, rolls, tea biscuits, plain and fancy cakes, pies, crullers (donuts), jelly roll, and jumbles (cookies). They baked for both wholesale and retail customers. A new factory was built on Huntington Street around 1928.

Many people who grew up in the city of Cortland have fond memories of Cobakco and the heavenly scent of fresh baked bread floating through the neighborhood around Huntington Street. It makes you hungry just thinking about it!

What country music artist had a weekly radio show on local station WKRT?

CHILLER HAUNTED HOUSE

WHEN PEOPLE TELL JIM COON, creator of the Chiller Haunted House, that they went through the haunt in the early years and now they are bringing their grandchildren, it makes him feel old. Jim started the haunt when he was 16 and living on Lamont Drive in Cortlandville. At 57, Jim now lives on Madison Street in the city and the Chiller Haunted House is ready to celebrate 42 years of scaring the neighbors.

"I guess we just keep scaring generation after generation" Coon says, "So many people tell me that they went through as a kid and now they are bringing their kids, but when some says grandkids, it makes me realize just how long I've been at this... and it does make me feel old." He says with a smile.

"42 years is a long time to do anything, but this is something I enjoy and look forward to every year."

How much longer can Coon go on scaring the Cortland community? "I hope to make at least 8 more years. That will be number 50 and I will be 65. After that, well I guess we'll see."

The Chiller Haunted House will open it's doors for a Preview Night on Saturday night, October 26 from 7pm - 9pm and Thursday October 31 (Halloween) from 6pm - 10pm. Admission is free, but donations are appreciated to cover expenses.

You can reach out to Jim via Facebook with questions by searching 'Jim Coon.'

BUSBY AUTO REPAIR IS A MOBILE mechanic service locally owned by Nathan Busby of Freeville, NY. Nathan is a husband, father of two, and grandfather of three. He loves that he now works for himself, making his own hours, doing what he enjoys most-helping others.

Nate has been working with his hands since he was a child. He has always repaired his own vehicles and some of his friends in his spare time. He's never shy about stopping to help someone stranded on the side of the road.

Nate has been in the automotive industry for over 25 years, getting his start in high school by delivering parts then working his way into mechanic shops. He has experience fixing cars, trucks, trailers, and everything in between. In his adult years, Nate worked with Auto Parts Plus for over ten

years until Grant Street Repair came knocking on his door. Nate remained with Grant Street until they retired their company this year. During that time, Nate discovered a great need for simple, cost affordable, at home or wherever you are type of repairs.

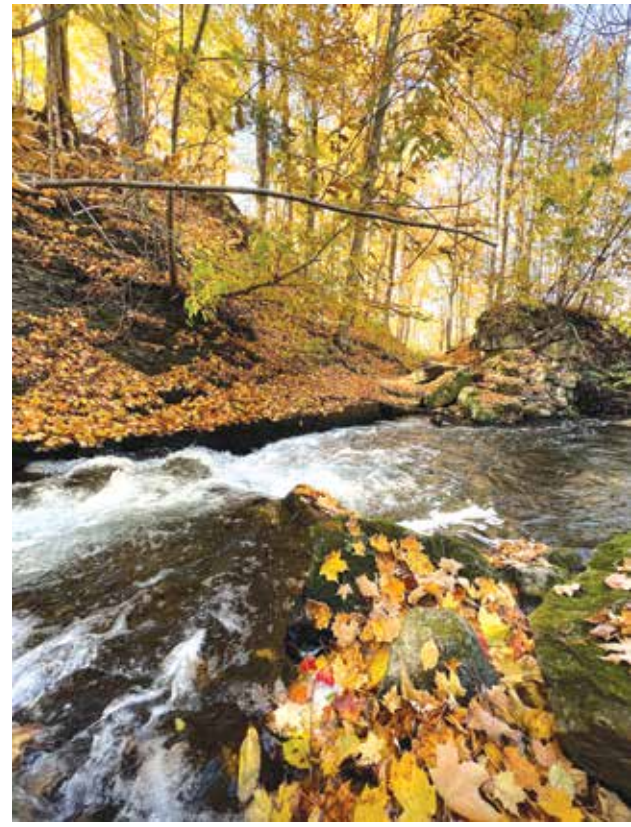

"There were many folks that couldn't come to the shop or didn't have means to get to where they needed to go for simple repairs" says Nate. "That's where I come in! For oil changes, flat tires, tune-ups, brakes, whatever-I come check it out. If I can't fix it or it needs to go on a lift, I can recommend some great local shops. And no need to bring it to me, I come to YOU!"

Nate raised his two young kids on one income for a long time, so he knows what it means to make a dollar stretch. He knows that you want the safest transportation for your family without having to replace something that doesn't need it until necessary.

Think you need a mechanic? Give Nate a call or text at 607-280-8264.

CREATURE FEATURE RESTLESS

"There's a kind of a restless yearning and it catches you off guard, as we gaze off in the distance through the trees in my backyard. I can feel the restless yearning of those geese as off they roam, then trade that for a warm bed in a place I can call home." - Gordon Lightfoot

THESE LYRICS, FROM LIGHTFOOT'S HAUNTING song "Restless," likely speak to many who feel an inexplicable restlessness as Autumn settles in. Some folks get the urge to cook and bake, while others throw themselves into festive decorating. Hunting season for deer and waterfowl begins, and there are the usual chores to tackle, such as putting the garden to rest for the year; harvesting, jarring and canning; raking leaves; stacking firewood; and cleaning the chimney. Despite all this seasonal busyness, some of us feel a little melancholy -- because despite anticipating Autumn's splendor, we also experience bittersweet pangs knowing Summer is over.

Perhaps the unsettled yearning we experience each Fall harkens back to a primitive fabric woven into our humanity during a time when people had to follow migrating wildlife, gather and store food, and prepare for the long Winter ahead. I find this thought comforting; for as we watch squirrels racing to cache nuts or hear the urgent cries of southbound geese high overhead, we can embrace the restlessness that stirs deep within us, knowing we're a part of something timeless.
