1,576 SPLINES

The1812Shoppe.com
By Craig Vollmer

THIS STACK OF BOXES WITH the weird little wings sticking out are part of the way through the build process of an order of nearly 200 of my Bauhaus Bluetooth speaker. Adorning the corners of each one are eight splines – a total of 1,576 to be exact. “What’s a spline?” you ask. A spline, while appearing to be a nice design feature on a box, actually has the important purpose of fortifying the structural integrity of the box corners. If you remember from ninth grade biology class, the cells in the wood of a tree are basically a bundle of microscopic straws. The end grain of lumber exposes the ends of these straws. Gluing end grain to end grain like the angled corners (miters/bevels) of boxes like these is a very weak joint, because the glue gets sucked into those straws, starving the joint of glue. One good drop to the floor or really dry air from the furnace, and that joint will pop right apart. But by cutting a perpendicular slot spanning across both boards at the corner and gluing another piece of wood into it, adds incredible strength to the joint. It will never come apart; the wood will actually break before the glue joint. Once trimmed flush to the box sides, splines made from a contrasting colored

wood also add some appealing character to the box. Any box made without splines won’t be a box for very long but will make great kindling for the fire. Splines are a sign of quality craftsmanship...and they look really good too.

Craig Vollmer owns and operates The 1812 Shoppe – Custom Woodworks located in Marathon, Cortland County where he builds finely crafted furniture, home décor, and novelties from wood.

**LIVE NATIVITY BENEFIT
DECEMBER 8**

Noon to 3

JOIN US FOR OUR 29TH Annual Live Nativity Benefit, to share a gift with a special local family and community. With this gathering of characters, animals, music and food (hot dog and chili roast) we hope the Christmas spirit is enjoyed. Every twenty minutes a new group of folks, young and old exchange provided robes, wings, Shepard staffs and baby Jesus. We so appreciate the folks that have done this for years, but there is always room for anyone or any group that would like to join a setting (no lines spoken). Just give us a call ask for Kay at 607-842-6322, to sign up for a time in our casual nativity scene. It’s a fun memory to make with family and friends. We hope you can take the time for the road less traveled and stop in at our farm market at Reakes Country Goods, 4107 Rt. 13, Truxton. You might be surprised to find a treasure here on the front porch, produce, gift or antique shop. We appreciate those who still shop Small Town USA.
