## **CORTLAND COUNTY HISTORICAL SOCIETY TRIVIA DID YOU KNOW?**

O YOU REMEMBER BURGESS CLOTHING? This familyowned business was a mainstay of Cortland County for nearly 100 years. It was founded as a partnership between cousins Archie Samson Burgess and Dell Henry Bingham in 1884. Originally, their store was called Burgess and Bingham. In 1893, Archie bought out Dell's shares and the store simply became Burgess Clothing. By that time, it was located at the busy corner of Main Street and Railroad Street (now Central Avenue), and it would remain in that location until the 1970s.

Competition amongst clothing stores in turn of the century Cortland was fierce, and Burgess did not sell anything particularly different from other men's clothing stores, so it was essential to distinguish their store from competitors. They did this by developing four keys to success. First, they sold several lowticket items at cost, making their store extremely attractive to bargain shoppers. Second, they were open six days a week from 7am to 10pm, so they were readily available to make a sale. Next, they developed their iconic advertising method of placing wooden Burgess Clothing signs on barns, trees, and wooden fences in Cortland County and the adjoining counties. You couldn't go anywhere without spotting a sign! Original signs are highly sought after by collectors of local historic items today. The fourth key to success for

Burgess Clothing was to put together annual displays at all the county fairs in their trading area. It was the perfect marketing ploy to highlight new merchandise to thousands of people who would then be encouraged to shop at Burgess!

At one time, Burgess Clothing had branch stores in Marathon, Norwich, Moravia, and Homer. In November of 1971, they opened a store at the Cortlandville Mall as a second Cortland location. The mall store offered men and boy's clothing, luggage, and men's gift items while the Main Street location continued to carry Boy Scout clothing, hunting equipment, shoes, and work clothes, along with other inventory. By 1977, Burgess closed their Main Street store, and in 1981, they decided it was time to close the business altogether. The decision to close was due to several reasons, one of which was that there were no family members who wished to continue the business. Burgess Clothing remains a legend in Cortland County's history!

#### A FAMILY TREE WITH DEEP ROOTS— **CELEBRATING 60 YEARS**

HUTE'S WATER SYSTEMS AND SHUTE'S LaFayette Well Drilling has been a family-run business serving Central New York for 60 years, drilling wells, installing pumps and treating problem water.

Originally known as LaFayette Well Drilling, established in 1963 by Howard Shute, and brother-in-law, Warren Shetler, both the business and their reputation grew over the years.

Shute continued on with the business after Shetler decided to

Shute was then joined by his sons, Mark, Neil and Scott. Howard Shute retired at nearly 80 years of age while his sons continued the family tradition of providing safe and pure water to the community.

Today, Shute's Water Systems is run by Scott Shute and Matt Farkas, and Shute's Excavation is run by Todd Shute. Scott's wife Becky runs the office with Mark Shute's daughter Jill. The family attributes the majority of its continued success from recommendations it receives from satisfied customers.

Shute said many municipal water systems contain calcium and magnesium, which as "hard" substances, form scale and create problems in water heaters, dish washers and plumbing systems.

Water purification can include the removal of iron, sulfur, chlorine and bacteria in a chemical-free process. Softening the water is also important and has many benefits, not only for family members, but for plumbing systems and appliances

"Uncontaminated water is essential for good health," Shute said. "Foul-smelling or unusual odors from your water should make you question your water's quality and safety."

Many families throughout Central New York use well water as a source of drinking water and for all its household needs. Unfortunately, water containing hydrogen sulfide gas has a distinctive "rotten egg" odor which is especially noticeable when running hot water.

Shute said the danger lies in a gradual chemical reaction

"Hydrogen sulfide gas will corrode plumbing metals such as iron, steel, copper and brass, and the exposed metal parts in appliances such as dishwashers and washing machines" Shute said. "Also, corrosion of iron and steel pipes from ferrous sulfide, or 'black water,' that can darken everyday tableware, discolor copper and brass utensils and alter the appearance and taste of cooked foods."

Additionally, Shute said, sulfur water can make washing

Shute's Water Systems can assure customers that these hazards and more can be avoided or remedied using its timetested, ecological systems

Shute's offers a free water analysis that will help lead to greattasting and healthy water from the tap. Located in LaFayette, Shute's Water Systems can be reached at (315) 677-5552, or visit ShutesWaterSystems.com. Everyone at Shute's Water Systems wishes our friends, family and customers a safe and happy New Year!

143 Main St., Cortland (607) 727-8100 <u>linktr.ee/GlobalHeart</u>

OT MANY KNOW THAT CENTRAL New York is currently suffering a NY state licensed massage therapist shortage. After many schools closed for various reasons, those left practicing can be overbooked, injured, or going through some form of burnout.

The Global Heart Healing Center where Déjà Vu is housed, is no different. We are down to one therapist and are actively looking for New York State Licensed Massage Therapists

that would like to be a team player on a great team with lots of amenities. If you know anyone like that, please send them our way. Until then, we anxiously await the graduating classes of other schools, for example, the newest and closest school. Northeast College at Seneca Falls.

In the meantime, to ease the burden of lack of therapists, we are offering that if you have a gift certificate, package, or prepaid session for Global Heart, you are invited to bring yourself and a friend to come sit in the electric massage chairs in Deja Vu, free of charge. The massage chairs sit side by side and are normally priced at \$20 for 30 minutes each but are on sale for \$10 for 30 minutes each for the whole month of January. Fellow massage therapists, law enforcement, first responders, medical staff and teachers are all also invited to come sit in the chairs, free of charge.

The entire store of Deja Vu is also 10% OFF for the month of January and an extra 5% if you pay in cash. Those holding massage credit are also welcome to use their credit in Deja Vu.

#### **CREATURE FEATURE HAPPY SNAKE YEAR?**

Yes! For 2025, ANYWAY. THE Lunar New Year – which includes the Chinese New Year – begins later this month on January 29th and will usher in the Year of the Snake. Many cultures across Asia celebrate the New Year with exciting festivals. Each year is associated with an animal from the Chinese Zodiac. The snake is the 6th animal within the 12-year cycle and this year's Sssssuperstar!

When contemplated from a zodiac perspective, snakes offer a plethora of positivity for 2025. Traditionally, some cultures believe the Year of the Snake can be life changing, offering wisdom, calm, creativity and transformation. It is a year ripe for focusing on insight, introspection, and development of one's inner strength. The Chinese Horoscope values the Snake for keen intelligence and adaptability and associates it with "subtle success and quiet prosperity."

Despite getting a bum rap from our own culture, snakes are actually highly beneficial to the ecosystem. In turn, they benefit us in various ways, including by keeping rodent and insect populations in check, reducing the spread of Lyme Disease, and contributing to a healthy environment.

Perhaps one of our New Year's resolutions will be to open our eyes to the value of snakes -- and if we can't quite rally a love for them, some respect will surely Sssssuffice!

Happy New Year!

#### 22ND ANNUAL HOMER WINTERFEST JANUARY 24-26

ROM FRIDAY NIGHT THROUGH SUNDAY, January 24th through 26th, the 22<sup>nd</sup> annual Homer WinterFest brings food, fun, and entertainment to residents and visitors from Central New York and beyond. WinterFest began in 2000 as part of the Homer Business Association, to bring fun activities into the Village during the winter season and to promote the Homer community. Since these humble beginnings, this classic festival has grown into a hugely popular event within the Village, providing something for everyone.

The 2025 event provides a full slate of traditional activities as well as new and updated events. Look for Winterfest brochures in the mid-January issue of the Homer News, at Phillips Free Library, and local merchants. Brochures include the full event schedule and map. On the web, find the latest information at www.homerwinterfest.org and the Homer Winterfest Facebook page.

The action kicks off on Friday evening (January 24) at the Phillips Free Library from 4:00 to 5:00 with Songs of the Shaker with guitarist and storyteller Liam Larson. The Homer Elks are hosting a Fish Fry and the American Legion will have food and music; both events run from 5:30 to 7:00. The annual bonfire begins at 6:30 behind the American Legion, where the skies will light up at 6:50 with a fireworks show by American Fireworks. Starting at 6:00, see the grand opening of the Community Arts Challenge at the Center for the Arts. Music, food, and drinks continue at the Legion from

The festival continues on Saturday morning (January 25,) starting with the firemen's pancake breakfast from 8:00 to 11:00 at the Paul Hill community building. Watch a dance performance by Studio Z at 9:00 in front of the fire station. A Wiffle Ball Tournament sponsored by Homer Trojans takes place at the High School gym from 8:30 to 1:00. Shop dozens of antique and craft vendors at the Homer Intermediate/Middle School from 9:30 to 3:30; coffee and food will be served.

The Mammogram Van is available from 9:00 to 2:40 at the Elementary School parking lot.

Enjoy Bloody Marys, Mimosas, and sweet treats at the Homer Elks Lodge from 9:00 to 11:00.

Bring the kids to the Homer Elementary School from 9:00 to 12:00 for the popular children's events including games, crafts, free fingerprinting with Homer Police, and featuring Dan the Snake Man, Joshua J Superstar, and Mike the Cartoon Magician. "Kiss the Calf" is sponsored by the 7 Valley Health Coalition and Fouts' Farm.

A child's car seat security check & installation will be held at the Homer Fire Department from 10:00 to 12:00, provided by the Cortland County Health Department and the Homer Police Department.

Enjoy coffee, cocoa, cookies, and pie slices at the Homer First United Methodist Church from 10:00 to 2:00, and a chicken bar-b-que at Homer Fire Station at 11:00. See a live ice carving near the Fire Station, starting at 11:00. Watch figure skating by the Cortland Figure Skating Club from 1:00 to 3:00 at Vernum Park.

Events on the Homer Village Green include snowshoeing and birdfeeder building by Lime Hollow from 11:00 to 1:00. Form a team with friends and enter the Human Dog Sled Race at 11:00, with categories and prizes for ages 6-adult.

Returning this year is the Winterfest Parade on Main Street at noon.

Wine, spirits, and cheese tasting at the American Legion runs from 1:00 to 4:00.

Clamfest (1:00-3:00), beer tasting (2:00-4:30), and wings (4:00-8:00) are available at the Homer Elks Lodge. The Wing Eating Contest will take place at 3:30. Later, enjoy music from 6:00 to 9:00.

Get ready to laugh at the Comedy Show at the Center for the Arts, by 607 Comedy. This show presents adult-oriented stand-up comedy humor. Doors open at 7:00, showtime is 8:00.

Finally, round out the weekend of fun on Sunday with breakfast at the American Legion from 8:00 to 11:00, and a Flute and Piano Concert at the Center for the Arts at 3:00.

#### THIS ISSUE'S TRIVIA ANSWERS

- 1. Yes. Consult your owner's manual to verify if a winter-blend synthetic oil is suitable for your vehicle.
- 2. Yes. However, you can prevent road salt damage by taking a few simple measures. Pretreat your car's undercarriage, avoid plow trucks, wash and wax your car, and get a winter maintenance checkup.
- 3. Most modern vehicles equipped with a fuel injection system (instead of a carburetor) do not need to be warmed up for more than 30 seconds.
