MOTHER'S DAY AT LITTLE YORK PLANTATION

SPRING AND ESPECIALLY **MOTHER'S DAY** is my favorite time of year. Walking into the greenhouses has a special fresh smell about it. And each time you walk in on a brisk day, you are surrounded by a warmth that just envelopes you. Any chill in your bones is immediately gone!

And then to look around. Color everywhere! It's almost magical!

Each year it's a pleasure to work the weekend of Mother's Day. I wouldn't miss it for anything! People from all over the country come back home to honor their mothers and coming to Little York Plantation for that special basket for Mom has become a tradition.

My favorite part of working that weekend is hearing the stories of our shoppers that came here as a child. In many cases it was their first remembered introduction to a plant store. When we started over 50 years ago, Garden centers certainly weren't what they are today. K-mart was the only big box store and it carried some bedding plants and a very limited selection of hanging baskets.

Little York Plantation was a small roadside Market that specialized in produce. Flowering plants were at best an after-thought. Dick had built a small greenhouse for us to produce our vegetable plants for the garden and I had asked him to order just a few annuals for me to try.

When the seed order came there must have been 30 or more seed packets of annuals plus all the vegetable plants he had ordered. Neither of us knew the first thing about planting or growing them.

But Dick was a science teacher at Homer. He researched how to plant and grow and with his knowledge we were very successful with the vegetable and the flowering plants that first year. Every single basket we grew for Mother's Day sold!

It's hard to believe that after all these years we get just as excited about selling our Hanging baskets and other Mother's Day flowers as we did that first year.

Photo: The original Little York Plantation sales area

If you haven't been here before, come out and find a basket that will last you throughout the season. And if you have been coming here for years, we look forward to seeing you again this season and hearing your remembrances of visiting the garden through the years.

Our selection has expanded since those early years. Besides the traditional hanging baskets and bedding plants, don't forget to browse our huge selection of gardening enhancements and our Antique shop. There's something for everyone! Looking forward to seeing you this weekend.

EXTENDED SPRING HOURS AT NIGHTINGALE’S TULLY LAKES ACE HARDWARE

(315) 238-7050

SPRING IS IN THE AIR and Tully Lakes Hardware has extended their store hours starting May 1st! The store will open earlier and close later on Saturdays and Sundays to allow customers to get an earlier start on weekend projects and accommodate for more shopping time during the longer Spring days. New hours are Monday-Friday 8am-7pm, Saturdays 7:30am-6pm and Sundays 8am-5pm. And with

their seasonal plant tent going up in early May, customers can find all the best brands for every project- From pressure washing the deck to planting a garden, or repainting the house- Nightingale’s can help you get started.

And while of course you can find everything from hardware, paint, grills, pool supplies,electrical and plumbing at Nightingale’s - Some of the most common projects in May start in the Lawn and Garden Department. The week before Mother’s Day is the official start of the gardening season at the store- The plant tent goes up, and the racks are filled with hanging baskets, annual flowers, vegetable and herb seedlings, patio pots, bedding plants and more. Nightingale’s is a proud supplier of flowers and vegetables grown at Dickman Farms (Auburn, NY) and in early Spring it’s common to see their delivery trucks being unloaded into Nightingale’s plant tent. The garden center is also overflowing inside the store with colorful planters, seeds packets, onion sets, seed potatoes, garden tools, specialty soils & fertilizers, and decorative

garden art. Along the front of the store, customers will find bagged landscaping goods- including top soil, a variety of potting and garden soils, various colors of cedar mulch, and landscaping stones.

Mothers Day Weekend also includes a special event that has become an annual tradition at Nightingale’s: **The Mother’s Day Weekend Hanging Flower Basket Benefit**. Choose a flowering hanging basket for Mom (or bring her down and let her choose her own!) and all purchases of hanging baskets will benefit The Tully Free Library/Tully Action Group.

Friday May 9 & Sat May 10 - Hanging basket purchases will benefit the Tully Free Library, as they work to raise funds to complete their library renovation project!

Sunday May 11- Hanging basket purchases will benefit the Tully Action Group (T.A.G) and their work completing the Cornerstone Park and maintaining natural spaces and gardens around the Tully community.

Located in the Village Plaza, next to the Tully Post Office, Nightingale’s is open seven days a week.

MOUNTAINSIDE CONES & MORE

1764 Route 392, Cortland (Virgil)

I AM LOCAL TO THE town of Virgil. I was raised here and I am now raising my family here. We don't have much for families to do here outside of Greek Peak/Hope Lake Lodge Resort. I wanted some place affordable for families to be able to enjoy time together. I myself love ice cream so I thought I would share my love with others. With the help of my entire family, we made it possible to build and open Mountainside Cones & More, where I hope to spend many years making people happy, even if it's just for a moment. The older boys are working there and the younger children love to see other kids and spend much of their time there playing with the guests. We have a little area inside "The Kid's Corner" just for the kids. We have coloring books and a few games inside for families to enjoy while visiting, and we are working on adding more outdoor games. I love seeing people enjoying the space, the smiles, laughter and conversations, not to mention our amazing views! You can follow us on Facebook and Instagram as well as search us on Google for current hours. Come check us out at 1764 Route 392, Cortland (Virgil) NY 13045 and keep watch for upcoming additions to our menu and change in our hours.

CREATURE FEATURE GOOD MAMA

MALLARD DUCKS ARE CONSIDERED TO be excellent mothers. Female mallards (or “hens”) take on the role of parenting all on their own, with no assistance from their mates. Mallard moms are solely responsible for incubating the eggs and raising their young. That’s quite the feat!

An “expectant” mother mallard must first incubate her eggs for between 26-30 days. Once the downy ducklings hatch – sometimes 8, 9, or even a dozen! -- she stays with them and keeps them warm. Mama Mallard then leads her babies to safer areas and shows them where to find food. She stops periodically to ensure her babies are keeping up. Mama is also extremely wary, always on the lookout for predators, as lots of other animals will try to eat ducklings including foxes, skunks, snakes, snapping turtles, and large fish. She does her best to defend them and may even feign an injury to lure a predator away from her vulnerable babies.

Mama Mallard stays with her ducklings for 45-60 days. Over the course of this time, the youngsters become increasingly more independent and will eventually learn how to fly. We can help ease her maternal burden by picking up dangerous tangles of fishing line and other litter around lakes and ponds and by giving her precious family plenty of space and respect.

CORTLAND COUNTY HISTORICAL SOCIETY TRIVIA DID YOU KNOW?

By Tabitha Scoville, CCHS Director

DID YOU KNOW THAT THE Cortland County Historical Society has been collecting and protecting the history of Cortland County for 100 years? It all started on May 13, 1925, when Jeanette Benton Sherwood and a group of folks interested in preserving all the stories from our community’s past held a meeting to form an official organization for this purpose.

From the beginning, CCHS was supported by members who worked to find, document, and preserve historical records of importance within the county. They transcribed town, church, and school records; they found every cemetery in the county and documented the gravestones in each; and they gave talks about family and county history

to keep the stories of their grandparents from being lost to time. Community members began to give their most treasured family heirlooms to CCHS to safeguard, as well.

Rapid growth meant that CCHS needed headquarters, and by 1930, they had acquired office space in the basement of the Cortland Free Library, but they quickly needed more space! In 1937, Cortland County provided rooms in the courthouse for CCHS and funding to pay for the services of an executive secretary, the first paid employee for the organization. For many years, this arrangement worked, but the county eventually needed to reclaim the space within the courthouse, and CCHS was searching for another home.

As luck would have it, a generous member of CCHS donated a historic house at 25 Homer Avenue to the Society in 1964, and it has been its home ever since. An addition was constructed to house research materials was dedicated in 1976. Establishing a permanent location for operations has allowed CCHS to focus on caring for the museum and archival collections entrusted to its care and preserving and sharing these community resources through outreach, publications, museum exhibits, and research.

The mission of the Cortland County Historical Society has not changed since 1925. Its purpose is to collect, preserve, protect, and share the history of Cortland County. Through the support of our community, and with dedication, perseverance, and a little luck, CCHS has weathered a century’s worth of challenges and is poised to weather another one hundred years!

Bob is a devoted husband and father of six beautiful children, and has recently become a first-time grandfather. He has been valiantly battling stage 4 kidney cancer, which has metastasized to his brain and lungs, and has undergone multiple surgeries and treatments while continuing to work as the sole provider for his family. On March 24th, Bob was involved in a severe automobile accident and was rushed to the Upstate trauma center with injuries including broken ribs, a fractured sternum, and multiple fractures to his lower lumbar spine. Shortly after arrival, he began seizing and was promptly intubated. He remained ventilated for over a week before eventually being able to breathe independently. Subsequent tests revealed that Bob had suffered an acute stroke. Despite these challenges, Bob has made significant progress and is currently undergoing rehabilitation with the goal of returning home soon. Unfortunately, his health issues will prevent him from returning to work in the near future. We are seeking to alleviate the financial burden on Bob and his family during this difficult time.
