HUTE'S WATER SYSTEM AND WELL Drilling has been a familyoperated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business.

Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you."There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined

to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a fourgeneration business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315)

#### **CELEBRATE MEMORIAL DAY WEEKEND WITH US** FRIDAY. SATURDAY. **SUNDAY, AND MONDAY**

6088 NY-281, Little York

EMORIAL DAY WEEKEND—THE OFFICIAL START of summer. ▲ And the official start of the gardening season.

Most people have an innate desire to grow something. You may be a well-seasoned gardener with a house full of plants, containers of geraniums for your deck and enough of a veggie garden to feed the entire neighborhood. Your home may be

fully landscaped and your lawn is scattered with beautiful shade and flowering trees.

Or you may be a wanna-a-be gardener...very little confidence or expertise...even a bit overwhelmed by the whole idea of gardening. The only real experience you have is a you-tube video or possibly a fond memory of your Grandmother in her garden. Maybe you've recently bought a new home that has no landscaping at all or is overgrown with plants and you have no idea where to start.

When you need help Little York Plantation is the place to come. We cater to the experienced gardener and the novice.

The true gardening enthusiast always comes to Little York Plantation first to find what's new in our plant selection and

what's trendy in gardening accessories. The true gardening enthusiast can tell that our plants are cared for from their earliest inception until they find a new home with you. They've been pampered and fed and are ready to perform their best for you throughout the summer months.

And for those of you who are new to gardening, Little York Plantation is also "THE PLACE TO GO." Our knowledgeable staff will direct you on what performs best for that hot sunny spot as well as a cooler shady spot on your home. And if it's a veggie garden you are looking for, we'll ask some questions and get you started in the right direction for success.

Whatever your need, Ask the folks at LITTLE YORK PLANTATION. Let us bring the tradition of gardening into your family.

This Memorial Day we make it easy. Buy 2 of any plant and get the third one of equal or lesser value FREE! What a great way to get the gardening season off to a perfect start!!

Be cool this year and brag that YOUR PLANTS CAME FROM LITTLE YORK PLANTATION!

#### **CREATURE FEATURE** MUSIC TO SOOTHE THE "SAVAGE BEAST"

 $\boldsymbol{\mathcal{T}}$  henever I leave the house, I put on music for my dog. Apparently, I'm not alone, as a recent study found that 71 percent of pet owners leave music on for their fur family. Numerous studies have shown that playing reggae, soft rock, or classical music can reduce aggression and stress levels in dogs, resulting in less barking, whining, and other anxious behaviors. These particular musical genres can lower dogs' heart rates and their stress hormone levels, soothing them into a more relaxed and restful state. Researchers say that music also works to mask anxiety-inducing sounds like thunder or the constant barking within animal shelters, and it can provide environmental enrichment.

What about cats—do they benefit from background music? The answer is *yes*, according to studies led by the late Charles Snowdon, an esteemed Professor of Psychology. However, his research discovered that "cat music"—that is specific songs that include ultrasound frequencies that only cats can hear, with musical patterns that mirror purring and kitten sounds—elicited more positive responses from cats than did mere human songs, to which they showed no real interest (not surprising, considering the superiority complex of cats). Spotify used this science combined with its own survey data to create the "Mellow Meowsic" playlist for cats.

Channeling my inner-cat curiosity, I wondered: does Alexa offer "music for cats?" Yep! Just ask! Alexa also has a "classical for pets" station on Amazon music. In fact, it's playing right now—and I must say, it's quite soothing.

#### **CORTLAND COUNTY HISTORICAL SOCIETY TRIVIA** DID YOU KNOW?

 $By\ Tabitha\ Scoville,\ CCHS\ Director$ 

ID YOU KNOW THAT CORTLAND County was the birthplace of one of the governors of New York State? Nathan Lewis Miller was born in Solon, NY on October 10, 1868, to Samuel and Almera Russell Miller. The Millers moved to Groton when Nathan was four and returned to Cortland County when he was 13. They settled near Cortland, and Nathan attended the Cortland Normal School, graduating in 1887. He taught school for six years then took a second job as a clerk in the law office of Smith and Dickinson. Chief amongst his tasks was copy work, and he pored over legal treatises, consuming all he had access to. He began to try cases in the Justice Court though he had yet to be admitted to the bar. In his first case, Miller won an acquittal for an African American barber accused of larceny. He was admitted to the bar in 1893.

Nathan Miller was appointed to fill the vacant position of state comptroller in 1901 and later resigned this position because he was appointed to the New York State Supreme Court. He served in this capacity until 1915, and in 1920, he was elected to the position of New York State Governor, unseating incumbent Alfred E. Smith, Miller served only one term as governor. Some of his achievements included saving taxpayers approximately \$20 million dollars through his economy measures and the establishment of the Port Authority of New York and New Jersey.

After his term as governor, Miller continued to have a successful career as general counsel for U.S. Steel and formed a Miller & Otis, a partnership with Harold Otis, a private practice located

Until current New York State Governor Kathy Hochul, Nathan L. Miller was the last governor elected from Upstate New York.
