### Aiello's Ristorante – Celebrating 43 Years of Italian Tradition

Located at 2677 Main Street in Whitney Point, Aiello's Ristorante has been a destination for authentic Italian cuisine for over 43 years.

Known for its warm hospitality, top-quality ingredients, and rich family roots, Aiello's continues to serve guests from across Central New York and beyond.

#### A Family Legacy

Owners Charlie and Vinnie Aiello carry on the tradition started by their father Vito, who opened the restaurant inspired by their mother's home-cooked meals.

What began as a small pizzeria has grown into a beloved staple known for its consistency, passion, and heart.

#### Quality That Speaks for Itself

Aiello's uses only the freshest herbs, spices, and 100% imported olive oil. Signature dishes like their Black Angus meats, house-made sausage, fresh mozzarella, and handcrafted sauces are made in-house and served with care.

#### Beyond the Plate

From the kitchen to the dining room, Charlie and Vinnie are always innovating — bringing new recipes, fine cocktails, and thoughtful touches to the guest experience.

In 2020, they launched [Aiello'sRestaurant.com](http://Aiello'sRestaurant.com) for easy online ordering, takeout, or delivery — offering convenience without sacrificing quality.

#### Serving the Community

Aiello's is open 7 days a week: Mon–Thurs & Sun: 11am–9pm Fri–Sat: 11am–10pm

**H**AVE YOU BEEN TO THE Shoppes at Johnny Appleseed? Just outside of Cazenovia, right off Route 20, is one of the most interesting collections of vendors and artists in the area.

Johnny Appleseed is family owned and welcoming to many local crafters, artists and patrons alike. From big to small, the Shoppes host over sixty vendors in this historic and vast, Central New York location.

The Shoppes offer furniture, antiques, artwork, glass, jewelry, wreaths, candles, soaps & lotion, pottery, woodwork, niche, women's clothing,

vinyl records, hypertufa, birdhouses, greeting cards, dried flowers, and other practical home items, as well as locally sourced food items such as honey, jelly, candy, eggs and maple syrup.

The Apple Kitchen, located within the Shoppes is open every Weekend

and offers freshly made soups, along with signature grilled sandwiches, like the classic Reuben, the rich & cheesy Monte Cristo and pulled pork with coleslaw. Chef Patrick also bakes desserts like apple crisp and carrot cake, along with delicious cookies, brownies and cupcakes.

One thing people say after shopping in the store is that they had no idea how big this place is! With 20,000 square feet of space, there is no limit to the items you can discover.

The Shoppes at Johnny Appleseed are open year-round, Wednesday through Sunday, and the Apple Kitchen is open weekends, with a sunny view of a pond and rolling hills in the background. Johnny Appleseed is also wheelchair friendly.

### CORTLAND REPERTORY THEATRE ANNOUNCES 54TH SUMMER SEASON AT THE LITTLE YORK PAVILION

[cortlandrep.org](http://cortlandrep.org)  
800-427-6160

**C**ORTLAND REPERTORY THEATRE PROUDLY UNVEILS its 54th annual summer season, running June 4 – August 15 at the Little York Pavilion in Preble, NY. This exciting lineup features five productions, four of which are CRT premiers.

HELLO, DOLLY! kicks off the season, running June 4–13. With music and lyrics by Jerry

Herman and a book by Michael Stewart (based on Thornton Wilder's *The Matchmaker*), this Broadway classic bursts with humor, heart, and high-energy dance numbers. Dolly Gallagher Levi is a spirited matchmaker who decides to find love for herself in the form of wealthy Horace Vandergelder. Featuring timeless songs like "Before the Parade Passes By," "Put On Your Sunday Clothes," and the iconic title tune, this musical will be directed by Bill Kincaid, choreographed by Donald J. Laney, with musical direction by Nicholas Guerrero, the team behind CRT's acclaimed *My Fair Lady* last summer.

Next, from June 18–27, CRT revisits a comedy classic with Neil Simon's *THE ODD COUPLE*. This beloved play follows slobby sportswriter

Oscar Madison and neurotic neat-freak Felix Ungar as they attempt to cohabitate with hilarious results. Directed by Tanner Efinger (Wait Until Dark), this play has "scarcely a moment that is not hilarious" (*The New York Times*).

From July 2–11, CRT travels back to the 1980s with *THE WEDDING SINGER*, making its CRT debut. Based on the hit film, this musical features a book by Chad Beguelin and Tim Herlihy, music by Matthew Sklar, and lyrics by Beguelin. Professional wedding singer, and rock star wannabe Robbie Hart is the life of the party—until his fiancée leaves him at the altar. Can a sweet waitress named Julia help him believe in love again? Expect big hair, big laughs, and a rockin' score. This musical is

Directed by Melanie Keller with music direction by Nicholas Guerrero, this zany show features just two actors - one playing the detective, the other playing all the suspects - as they also accompany themselves on piano. Packed with quick character changes, clever comedy, and musical mayhem, it's a murder mystery like no other.

Closing the season from July 30 - August 15 is the magical CRT debut of Disney's THE LITTLE MERMAID. With music by Alan Menken, lyrics by Howard Ashman and Glenn Slater, and a book by Doug Wright, this enchanting

tale follows Ariel, a mermaid longing to live on land. When she trades her voice for legs to pursue Prince Eric, she finds herself in a race against time to reclaim her future. With beloved songs like "Part of Your World," "Poor Unfortunate Souls," and "Kiss the Girl," this family favorite is directed and choreographed by Barbara Hartwig (Beauty and the Beast, Cats), with Canaan Harris as Music Director.

## FINGER LAKES MICROD CLUB & DRIVING SCHOOL

1437 Peruville Rd., Freeville  
[littlewheels.org](http://littlewheels.org)  
 607-898-3313

**Freeville Microd Track Owner has been Teaching Kids to Race for 43 Years**

**T**HE FINGER LAKES MICROD CLUB started in the early 80's a few years after N.Y.S. Microd Associations' change to Metal frame Microds. During the 1980 season some car owners started to add Suspension to their Microds, mostly because the Metal frame cars didn't handle as well as the Wood frame Microds that they had just changed from. The cost of building a Microd was quickly escalating and many parents were having trouble affording one. This is when

F.L.M.C. Founder A.J. Burgess decided to start a new club based on returning to the original wood frame microds, but with a twist. The new club would own all the motors and a lottery system would be used for picking engines each week. This system along with a rule where the lightest drivers had to weigh-up to the heaviest car - driver combinations, made the racing on the track very close, while keeping it affordable for the parents. These principles have helped keep Flmc viable at a time when other clubs are seeing their numbers decline as the cost of they're type of racing keeps going up.

**Have you always wanted to drive a real Race car?** Have you ever wondered what it would be like to drive door to door with someone? Are you a Girl or Boy between the ages of 5 and 17?

Then Little Wheels Speedways might be a place you should visit. We offer Free Try-Outs every spring, and you don't have to own a Microd to Race with us! The track owner offers season long rentals. The Club is really about parents spending time with their children, (in a beautiful place) improving their driving skills, Sportsmanship, and Helping others. There is a learning curve for the parents as well, putting the motor on, lining up the chain & more. Our club also strives to be inclusive, **we welcome & encourage ALL Special-Needs Kids to Race with Us!** The Club has 5 Microds with Hand controls for Kids in Wheel-Chairs! In addition we have worked with Kids with Hearing Impairment, Asthma, ADHD, Autistic, Spina Bifida, Paralysis, Mentally Challenged, Rasmussen's Encophalitis, & Bi Polar Disorder. We welcome anyone with special

## CREATURE FEATURE LONG LIVE THE FERN

**W**HETHER IN SPRINGTIME AS THEIR spiraled fiddleheads begin to unfurl, or in mid-summer, standing shoulder-to-shoulder and dressed in lush, plumed greenery, there's just something timelessly elegant about **ferns**. Maybe that's because ferns have been growing on Earth longer than flowers and trees and certainly well before mankind. Imagine this: the *Royal Fern Family*—the oldest lineage of ferns in our region—emerged 200 million years ago!

Since then, ferns have evolved in ways that secured their long-lasting tenure on Earth. For example, certain ferns release hardy spores that get carried on the wind and can remain viable for decades; have a unique light receptor that facilitates photosynthesis even in deep shade; and are drought and flood resistant. Such

qualities have enabled ferns to endure through the ages despite significant changes in their environment.

Consider how, when an asteroid crashed into the Earth 65 million years ago, ferns were able to survive while 75 percent of all living things went extinct – including earth-bound dinosaurs. Ferns were the first plants to begin poking through the rubble; and for the next 1,000 years or more, they thrived. This has led scientists to believe that ferns are able to adapt and thrive in the wake of huge disturbances, even cataclysmic disasters. In fact, over 10,000 species of ferns have evolved since the asteroid event.

Ferns often grow in disturbed, poor quality soil. As they establish, their communities provide food and shelter for multitudes of insects, which in turn attract birds and other wildlife. Songbirds, such as white-throated sparrows, palm warblers, and golden-crowned kinglets, also gather nesting materials from ferns. Over time, generations of ferns produce organic, nitrogen-rich detritus, insulate and stabilize the ground, and help retain moisture in the soil – ultimately transforming the ecosystem into one that can support other plants and animals.

This spring and summer, as you take in the beauty of New York's southern hills region, take a moment to appreciate how today's ferns—in keeping with their ancient “royal lineage”—continue to patiently prepare the earth for future biodiversity. “*Long live the fern!*”

## COME SEE WHAT IS NEW AT THE 1890 HOUSE MUSEUM

*the1890House.org*  
 37 Tompkins St., Cortland  
 (607) 756-7551  
*info@the1890house.org*

**2025 MARKS THE 50TH YEAR** for the 1890 House Museum. In 1974, after the death of Marion O'Connor-Wickwire, the Landmark Society led by Anna Hilton received a grant from the J.M. McDonald foundation for the purchase of the O'Connor/Wickwire home. And as they say the rest is history-our history! We will be celebrating our 50th anniversary with an Ice Cream Social on June 1st. We are hosting a special **PATHWAY THROUGH HISTORY** event on June 14th and 15th. Stay tuned for special events this October as well.

Whether it is a tour of the Museum or an event in the newly renovated carriage house summer is a great time to check us out.

We are open for tours Thursday-Sunday. Come and see the home of Cortland's own industrialist Chester Wickwire. Chester built this home for his family; wife Ardell and sons Charles and Fredrick. The Wickwire family lived in this home from 1890-1973. Within these walls two young boys grew up and Fredrick the younger son then raised his own family here.

The 1890 House is renowned for its Belcher Mosaic Windows, its intricate parquet flooring (which has just been refurbished), and the fact that you can explore 4 floors and the turret while learning about the Wickwire family, life in Victorian times and beyond. The 1890 House also hosts paranormal tours and allows paranormal groups to book the House for their own investigations.

## WHEN STARS ALIGN

**THE STARS WERE ALIGNED WHEN** The Global Heart Healing Center, home of Déjà Vu (143 Main St. Cortland) combined efforts with the Ahmeds of Super Lucky Express (180 Main St. Cortland) and Student Deli (134 Main St. Cortland). Against all odds the group has persevered through 3 robberies, lots of construction, staff shortages, economic challenges and many other hardships that have left the group spread thin and always striving to move forward and succeed.

Despite all of this, the family remains steadfast and committed to inspiring one and other as well as all of those around them. Skilled massage may be found at Global Heart Healing and Massage from the 12 year practicing, sole provider, Jessica Crawford LMT. The center is also always looking for more NY state licensed massage therapists to join the journey, as well.

Within the Global Heart Healing Center, in addition to several styles of massage, one can also find a unique chiropractic method (ABC) offered by Dr. Jason Barton of Barton Chiropractic. Additionally, there is a whole healing inventory in the merchandise side of the center at Déjà Vu. These items include a wide range of healing stones, crystals and fossils, sterling silver jewelry, vintage, thrift, antiques, world market goods, electric massage chairs and unique gifts. Only steps away delicious Halal food, NYC inspired cuisine and good vibes await, at Student Deli. And lastly, only three blocks down at Super Lucky Express, there is a whole grocery market and many other items of convenience including local goods.

The goal of the businesses is to strengthen the Cortland community and those passing through with support, convenience and healing items. Each business strives to connect with other

local businesses in the spirit of encouragement, strength and inspiration. Shout out to the residents of Cortland, surrounding areas, local students, travelers and those visiting for all of your support. The businesses could not survive without you.

The businesses are grateful for all of the blessings and looking forward to many more as they continue to share with and nurture all who cross their path. **SUNDAY MAY 18TH**  
**12-4 PM**

Bob is a devoted husband and father of six beautiful children, and has recently become a first-time grandfather. He has been valiantly battling stage 4 kidney cancer, which has metastasized to his brain and lungs, and has undergone multiple surgeries and treatments while continuing to work as the sole provider for his family. On March 24th, Bob was involved in a severe automobile accident and was rushed to the Upstate trauma center with injuries including broken ribs, a fractured sternum, and multiple fractures to his lower lumbar spine. Shortly after arrival, he began seizing and was promptly intubated. He remained ventilated for over a week before eventually being able to breathe independently. Subsequent tests revealed that Bob had suffered an acute stroke. Despite these challenges, Bob has made significant progress and is currently undergoing rehabilitation with the goal of returning home soon. Unfortunately, his health issues will prevent him from returning to work in the near future. We are seeking to alleviate the financial burden on Bob and his family during this difficult time.

## CORTLAND COUNTY HISTORICAL SOCIETY TRIVIA DID YOU KNOW?

By Tabitha Scoville, CCHS Director

**B**LOODY POND ROAD LIES OFF from Route 221 between Willet and Marathon, and along this country road, you will find Bloody Pond. Have you ever heard the story of how Bloody Pond got its name?

There are a few stories about how the pond got its peculiar name.

Old timers used to say that Bloody Pond supplied ice for the locals, and that a team of draft horses fell through the ice and drowned during one ice harvesting season. Fact or fiction, we don't know for sure!

There are still other explanations for the name of Bloody Pond. One of these is that there were (or are) so many leeches in the pond. "Bloodsucker" is another term used for leeches, so perhaps that name led the pond's moniker. If getting covered in slimy bloodsuckers was a possibility, people were probably reluctant to take a swim!

Another explanation for Bloody Pond's name is that there are red algae in the pond, and when the light of the moon hits the surface of the water, it gives off

a reddish tinge which might seem a bit unnerving. Yet another theory is that the pond bottom contains a great deal of iron, and that creates the reddish color.

No matter how the pond received its name, it might be worth your time to take a Sunday Drive out to the country to see it for yourself.
