By Jaxyn Boyce

SHUTE'S WATER SYSTEM AND WELL DRILLING has been a family-operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus,

Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you." There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a four-generation business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20,

in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

the day left your house looking like a battlefield! Do you want to break this cycle? Call Continuity Construction Services Inc.!

Here is what one of our many satisfied customers had to say about their experience with Continuity Construction Services:

"Duane, Phyllis and Logan are great folks to work with! Their family business is professional and responsive, and they are just plain good at what they do. In addition to building a new side porch for us, they have also completed roof repairs; in both cases, we were able to schedule an estimate quickly and the repair/build happened in a timely fashion. They arrived when they said they would, the jobs were completed in the time frame that they had estimated, and -bonus- they are super at clean-up as well! They worked with us on the design of the porch and did their best to keep prices down. Honesty, integrity, dedication, fair pricing, and quality work are all things that you can count on when hiring the Randall family at Continuity Construction. We highly recommend them!" —Mary

CJ MORSE PAINTING & CONSTRUCTION

By Jaxyn Boyce

ESTABLISHED IN 1978, AT THE age of 18 as CJ Morse Painting until it expanded in 1985 into CJ Morse Painting and Construction, now operating for over 45 years. The owner, Carl Morse, gained his inspiration from his childhood, where he gained experience painting his family's historic Victorian, both exterior and interior. News of his work eventually spread to his neighbors, and from age 14, he painted an average of four to five houses annually.

Now, CJ Morse Painting and Construction can service all types of painting and staining needs, as well as light plumbing and electric work. In addition, they can help with carpentry and masonry needs or repairs. "No job is too big or too small", CJ Morse explains. CJ Morse Painting and Construction are proud of what they do and are dedicated to their customers, stating, "We stand by what we do." They offer senior and scheduling discounts with free estimates and highly recommend visiting their Facebook page, facebook.com/CJMorsePaintingAndConstruction, where weekly projects are uploaded. CJ Morse Painting and Construction is located at 411 Butternut Drive in Newfield. They can be reached by phone at (607) 564-0620, or at their office number (607) 342-4516, and email at cjmorsepainting@gmail.com.

neutrality; a lowered tail often reflects timidity; hyperactive wagging imbues excitement; and a slow-wagging tail communicates ambivalence. Furthermore the pattern of tail wagging can relay specific things. For example, the “circle wag” (when a dog’s tail sweeps around like a helicopter blade) expresses elation. Research even suggests that dogs wag their tail with a “bias” to the left or right based on whether they are experiencing positive or negative emotions.

One veterinary physiologist suggests that tail-wagging in dogs is similar to people gesturing with their hands while talking. Imagine that!

CREATURE FEATURE WHAT’S WAGGING THE DOG?

A LENGTHY STUDY LOOKING AT over forty species of animals revealed that the domestic dog wagged its tail most often. But exactly why do dogs wag their tails? The seemingly obvious answer is that they’re *happy*; but there’s more to wagging tails than meets the eye.

Tail wagging in dogs began as a means of communication with other dogs, which we know from studying wolves and other wild canines; yet, tail wagging is far less common in wolves than in domestic dogs, and dog puppies wag their tails at an earlier age than wolf pups do. Tail wagging appears to be a more specialized means of communication in man’s best friend.

Most experts agree that when dogs wag their tails, they are communicating different emotions better interpreted based on the *carriage of their tail* as well as the *speed* and even the *rhythm* of the wag—subtleties that might make the difference between, “Yippee! You’re back home!” and “I’m considering attacking you.”

Indeed, dogs use their tails to communicate signals beyond happiness to people and other dogs. A stiff, upright tail can display dominance; a tail held horizontally may signal

CORTLAND COUNTY HISTORICAL SOCIETY TRIVIA DID YOU KNOW?

By Tabitha Scoville, CCHS Director

TRIPLETS! PEOPLE ARE ALWAYS FASCINATED with multiples, and triplets Alice, Clara, and Estanna Boyce lived their lives under the curious eyes of the public from the time they were born. Triplets are a rare occurrence, and for all three children to survive was miraculous in the early twentieth century.

The Boyce Triplets were born in Locke on November 17, 1915. Their parents were Henry F. and Florence Boyce, and the girls grew up at 6 John Street in Cortland, a street which no longer exists. It was located between Loope Street and the hospital.

The Boyce Triplets attended the Cortland Normal School, and the festivities for their fourteenth birthday were four days that year! On Thursday, a club at school hosted a supper for the girls, and on Friday, Alice and Clara threw a surprise party for Estanna (such good sisters!). Saturday Misses Cora and Rena Doyle entertained the girls, and on Sunday, their parents had a party for them.

People found it difficult to tell the girls apart because they not only looked alike but also dressed alike. Based on the photos we have, it is unclear if the girls were identical, but it doesn't appear that they were.

Alice, Clara, and Estanna were part of the White Ribbon Recruits of the Women's Christian Temperance Union (WCTU), an organization which was dedicated to abstinence from alcohol. The Boyce Triplets attended church at the Homer Avenue Methodist Church, and some of their recitations were done there. They were also part of the Senior King's Heralds group at the church, and at one time, the sisters were president, secretary, and treasurer of the group.

Alice Boyce remained unmarried and was 98 when she died in Maryland. She spent her life as an ordained minister, a librarian, and a special ed teacher. Clara Boyce married Edward Camp, had two children, and remained in the Cortland area. She died when she was just 53. Estanna Boyce married Lawrence J. Barrett of Syracuse, had seven children, and was a homemaker. She moved to Kentucky and died when she was 84.

CHAMBER & TITLE SPONSOR CORTLAND HEARING AIDS PARTNER WITH GUTHRIE TO OFFER FREE SHOWCASE ADMISSION

THE CORTLAND AREA CHAMBER OF Commerce with support from Title Sponsor, Cortland Hearing Aids is celebrating a milestone with its 40th Annual Business Showcase, set for Saturday, March 21, 2026, from 10:00 a.m. to 3:00 p.m. at the JM McDonald Sports Complex. Thanks to the generous sponsorship of Guthrie Cortland Medical Center, admission to this year's event is completely free for everyone.

"We're excited to continue our partnership with Guthrie and open the doors for our entire community," said Chamber President Bob Haight.

The Showcase brings together dozens of local businesses and organizations for a day of networking, discovery, and family-friendly fun. Visitors can explore booths featuring a wide

range of industries including finance, senior living, nonprofits, manufacturing, service providers, health care, local retail, insurance, travel, and more.

"Guthrie's sponsorship creates a great opportunity for community members to connect with our local businesses while enjoying a little entertainment along the way," said Debbie Thayer, Director of Events.

Businesses interested in joining the event still have time to sign up, as a limited number of exhibitor booths remain available.

Attendees are encouraged to support Leadership Cortland's "Haulin' for Hunger" Food Drive by bringing a non-perishable food item to donate. The goal is to fill an entire trailer with food to help local families in need.

Mark your calendar and plan to stop by for a day that celebrates local business, community connections, and 40 years of Showcase tradition.

For more information contact the Chamber office at 607-756-2814 or info@cortlandareachamber.com.
