CJ MORSE PAINTING & CONSTRUCTION

By Jaxyn Boyce

ESTABLISHED IN 1978, AT THE age of 18 as CJ Morse Painting until it expanded in 1985 into CJ Morse Painting and Construction, now operating for over 45 years. The owner, Carl Morse, gained his inspiration from his childhood, where he gained experience painting his family's historic Victorian, both exterior and interior. News of his work eventually spread to his neighbors, and from age 14, he painted an average of four to five houses annually.

Now, CJ Morse Painting and Construction can service all types of painting and staining needs, as well as light plumbing and electric work. In addition, they can help with carpentry and masonry needs or repairs. "No job is too big or too small", CJ Morse explains. CJ Morse Painting and Construction are proud of what they do and are dedicated to their customers, stating, "We stand by what we do." They offer senior and scheduling discounts with free estimates and highly recommend visiting their Facebook page, [facebook.com/CJMorsePaintingAndConstruction](https://www.facebook.com/CJMorsePaintingAndConstruction), where weekly projects are uploaded. CJ Morse Painting and Construction is located at 411 Butternut Drive in Newfield. They can be reached by phone at (607) 564-0620, or at their office number (607) 342-4516, and email at cjmorsepainting@gmail.com.

the day left your house looking like a battlefield! Do you want to break this cycle? Call Continuity Construction Services Inc.!

Here is what one of our many satisfied customers had to say about their experience with Continuity Construction Services:

“Duane, Phyllis and Logan are great folks to work with! Their family business is professional and responsive, and they are just plain good at what they do. In addition to building a new side porch for us, they have also completed roof repairs; in both cases, we were able to schedule an estimate quickly and the repair/build happened in a timely fashion. They arrived when they said they would, the jobs were completed in the time frame that they had estimated, and -bonus- they are super at clean-up as well! They worked with us on the design of the porch and did their best to keep prices down. Honesty, integrity, dedication, fair pricing, and quality work are all things that you can count on when hiring the Randall family at Continuity Construction. We highly recommend them!” —Mary

KARYN SCOTT

karynscott@howardhanna.com
607-223-9038

I BELIEVE REAL ESTATE IS first and foremost about relationships. I take the time to truly listen and understand what matters most to you, because I know every client has different priorities, goals, and circumstances when buying or selling a home.

My background with the U.S. Air Force required frequent moves, giving me firsthand experience living in three different states and overseas before proudly calling Brooktondale, NY home since 2010. Those experiences shaped my ability to adapt, stay organized, and advocate effectively for others. I approach every transaction with integrity, clear communication, and close attention to detail—always keeping your best interests top of mind.

Buying or selling a home can feel overwhelming at times. It's often emotional, unpredictable, and one of the most significant financial decisions you'll make. My goal is to bring clarity, compassion, and confidence to the process. I'm committed to being by your side as a trusted advisor, strong negotiator, and steady advocate—so you feel informed and empowered every step of the way.

Experience matters. I bring a well-rounded perspective to real estate as a former tenant, homeowner, and landlord,

and through my active involvement in the construction of my current home. One of the greatest honors in my business is earning repeat clients, referrals, and positive reviews. I encourage you to read what my clients have shared about their experiences and reach out directly to see if working together feels like the right fit.

CREATURE FEATURE WILD FOR WILDFLOWERS

LATE SEASON WILDFLOWERS ARE IN bloom now, adding cheerful splashes of color along rural roads and in meadows – plants like jewelweed (aka touch-me-not), big-leaf aster, Joe-Pye weed, Queen Anne’s lace, goldenrod, white sweetclover, fleabane, woodland sunflower, bull thistle, hawkweed, St. John’s wort, parsnip, knapweed, chicory, and purple loosestrife, among others. While some of these plants are invasive species, for now, let’s simply appreciate their beauty.

A mix of fascinating facts, fables, and fancy sprout from wildflowers, many of which are purported to be edible or have medicinal value. For example, according to folklore, **Joe-Pye weed** was named for a Native American man who used the plant to cure fevers, and early settlers used Joe-Pye to treat an outbreak of typhus.

Long ago, people would hang dried bunches of **fleabane** in rooms, tuck them into bedding, or burn the plant to repel fleas. While modern-day studies show it lacks genuine bug repellent power, for centuries fleabane was a thing!

Chicory (photo) has been used for thousands of years, dating as far back as the ancient Egyptians. Numerous medicinal remedies, infusions, and “magic potions” were derived from the plant, and it was also consumed raw in salads or cooked like spinach. Chicory roots were even roasted and used as a substitute for coffee during the American Civil War, when a real “cup of Joe” was very hard to come by.

SHUTE'S
WATER SYSTEMS

WATER TREATMENT
PUMPS • WELLS

Phone (315) 677-5552

LaFayette, N.Y.

By Jaxyn Boyce

SHUTE'S WATER SYSTEM AND WELL Drilling has been a family-operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you." There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the

results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a four-generation business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

CORTLAND COUNTY HISTORICAL SOCIETY TRIVIA

DID YOU KNOW?

By Tabitha Scoville, CCHS Director

WHAT CONNECTION DOES THE FOUR-TIME Pulitzer Prize winning poet Robert Frost have to do with Cortland? In 1935, Frost’s poem, The Gold Hesperidee, was published by The Bibliophile Press in Cortland. The Bibliophile Press was founded by Earle W. Newton in his home at 34 Tompkins Street when he was a twelve-year-old boy. From his home, and later from a house out back, Newton conducted a small business which printed cards, letterheads, and pamphlets until he left for prep school in 1932. When he returned home for the summers, he returned to his printing business.

From prepschool, Newton moved onto Amherst College where he met the acquaintance of Robert Frost who was, at that time, the Poet in Residence at the college. Frost was a well-known poet at the time, having already been awarded two of his four Pulitzer Prizes, but he took an interest in Newton’s printing career and offered an unpublished poem to print. What an exciting opportunity for the young man! Unfortunately, his press broke down that summer, and the actual printing was done at a shop on Central Avenue (formerly Railroad Street) in Cortland. There were reportedly about 500 copies made. The illustration on the cover was created by Earle Newton’s mother, Ann McGraw, and the text cut was done by his friend, Charles Miller. This small booklet is indeed a rare treasure to find.

This enterprising youngster went on to become an accomplished historian with a long list of achievements, including a stint as the director of Old Sturbridge Village in Massachusetts, as president of the American Association for State and Local History (AASLH), as director of the State Restoration Commission in St. Augustine, and as editor of American Heritage. This is just a sample of his many accomplishments!

This story goes to show that a little entrepreneurship and a little luck can set a young person on an extraordinarily successful career path.
