CORTLAND REPERTORY THEATRE PRESENTS NEW ADAPTATION OF THE CLASSIC THRILLER "WAIT UNTIL DARK"

 $\underline{CortlandRep.org}$

ORTLAND REPERTORY THEATRE PRESENTS AS the fourth igstyleigytureigstyleigwyanaigstyleigwyanao aanaigwyanaigwyanaigwyanaigwyanaigwyanaigwyanaigwyanaigwyanaigwyanaigwyanaigw a new adaptation of the classic thriller "Wait Until Dark", running from July 17 - 26. Originally written by Frederick Knott and newly adapted by Jeffrey Hatcher, this play will have evening shows at 7:30 PM, with matinees on July 19, 21, 23 and 24 at 2:00 PM. Tickets may be purchased by calling 800-427-6160 or by visiting the CRT Box Office at 24 Port Watson Street in Cortland. Tickets are also available through CortlandRep.org with ETIX, for a small additional charge. CRT cautions that ETIX is the only approved online ticket service; others charge significantly higher rates for tickets and are not approved by CRT. A 4% technology fee is added for all credit/debit card sales. As an incentive, this fee will be waived if paid by cash, check or gift card. The GPS address for the Little York Pavilion is 6799 Little York Lake Road in

The original Broadway production of this play inspired the popular 1967 film starring Audrey Hepburn. The story: In 1944, in the Greenwich Village basement apartment of Susan, a blind yet capable woman and her husband Sam, murder, secret identities, and a switchblade set the stage for this white-knuckle thriller. While Sam is away on business, Susan finds

herself threatened by a trio of men who will stop at nothing to get the diamonds they think are hidden in the apartment. As the climax builds, Susan discovers that her blindness just might be the key to her escape, but she must wait until dark to reach the shattering conclusion.

Wait Until Dark is directed by Tanner Efinger in his CRT directorial debut. As an actor, Tanner was seen at CRT in Rough Crossing and Footloose. Efinger is joined by Dean Robinson, from the Ithaca College Theatre Department, who will serve as the stage combat choreographer. CRT's Production Manager Eric Behnke oversees all technical aspects of the production, with Stage Manager Jordan Simon continuing her work with CRT this summer. The design team is comprised of Maggie Jackson (scenic), Emily Liberatore (costumes), Megan O'Brien (lighting), Brandon Reed (sound) and Elizabeth Reaves (properties). Technical Director Sarah Liffick also continues her summer work, as does Assistant Stage Manager Sophie Harrington.

The cast is partially comprised of three actors who appeared in the two versions of CRT's production of "Murder on the Orient Express": Anna Gion returns to play Susan, with Brennan Lowery as Roat and Syracuse actor Derek Emerson Powell, previously seen in My Fair Lady this summer, as Mike. Arthur Lazalde also returns to CRT, having appeared in 2016's Agatha Christie's Cards on the Table, and as John Dickinson in 2015's 1776. Filling out the rest of the cast, and making their CRT debuts, are local young actress Adeline Morey as Gloria, and local actor Mark Durkee as Sam.

CRT offers a "Friday Night Talk Back" after the evening performance on July 19, at which a Q & A session with the director, actors and technicians will take place. Tickets are also available for CRT's final summer mainstage production of

"Disney's Beauty and the Beast", plus the Bright Star Touring Children's Theatre production of Storybook Tales. Tickets are also available for CRT's "Sounds of Music" concert series to be held on every Wednesday in September, including "Close to You: The Music of the Carpenters", "Tapestry Unraveled: The Music of Carole King", "Jefferson McDonald's Great Balls of Fire" and "How Sweet It Is: Steve Leslie Sings James Taylor". Visit CortlandRep.org for exact times, dates, and additional information.

2024 BLUEBERRY & BOOK FESTIVAL

TF YOU ARE LOOKING FOR a good time on July 20, 2024, the Berkshire Blueberry and Book Festival is the place to be! This unique festival is located on Route 38 at the corner of Jewett Hill Road, in the Town of Berkshire. The main events of the festival will run from 9-4, rain or shine. But if you are an early bird, library volunteers will be cooking a blueberry pancake breakfast featuring locally grown blueberries and locally produced maple syrup starting at 7:00 am and ending at 10:00 am in the Fire Station dining hall. After breakfast, browse around the grounds of the Library, Community Hall and Fire Station, and check out the wares from the many artisans and vendors, including those selling fresh blueberries.

Be sure to stop in the Community Hall's top floor and view the art work of local artists and vote for the People's Choice Award. While there, check out the recently donated historical quilt from 1932. It contains 408 original signatures representing the Methodist Sunshine Circle and embroidered by Calvin Wright . When you are browsing the art exhibit, stop and see if someone from your family tree has their signature there. After viewing the art, sit and rest a while and enjoy listening to a variety of musicians who will be entertaining people throughout the day in the Community Hall. After that, visit the ground floor of the Community Hall where you will find a large selection of used books available for a donation of your choice. It is a great opportunity to stock up for your summer reading.

Since this is also a Book Festival, stop and chat with the local authors who will be scattered throughout the festival grounds. Many of the authors will be doing a short book talk throughout the day. There will be lots of opportunities to learn about their books, their lives, and the world of publishing. It is a great opportunity to get your questions answered and your curiosity satisfied. Authors will also have their books for sales. Take home an autographed copy.

In the Fire Station truck bay, there will also be live music for you to listen to while you look over the many raffle baskets and gift certificates. Buy a few tickets and try your luck at winning the baskets of your choice. While you are there, look over the entries in the Blueberry Bake Off. After the judging of the Bake-Off, all items will be sold as individual portions, and the profits will be donated to the local Helping Hands Food Pantry. Do not leave without checking out the bake sale, courtesy of the Richford Congregational Church. Take some delicious treats home with you to enjoy later.

When you are ready for lunch, consider the many choices including the ever-popular chicken barbecue prepared by Berkshire Fire Department volunteers, as well as other local food vendors including ice cream and other cold treats. Do not forget to buy some locally-grown, freshly picked blueberries.

For those who are young, and those who remain young at heart, there will be a bouncy house and lots of games and craft. The Berkshire History Museum on the second floor of the library will also be open for browsing. Penny Mangus, our local historian, has a new exhibit entitled, "Businesses That Helped to Build Berkshire." Local history buffs will not want to miss this exhibit. Also be sure to check out the recently donated historical quilt from 1932. It contains 408 original signatures representing the Methodist Sunshine Circle and embroidered by Calvin Wright . When you are browsing the art exhibit, stop and see if someone from your family tree has their signature there.

There is something for everyone, so gather your family, neighbors, and friends and visit the Berkshire Blueberry and Book Festival on July 20 2024. You will not be disappointed!

This event provides funding for the Berkshire Free Library, which serves both the Berkshire and Richford communities. The Berkshire Free Library does not receive money collected in school taxes as do many local libraries. Besides the generosity of the program advertisers, and countless community volunteers, the festival is sponsored by the Town of Berkshire, Visions Federal Credit Union and the NBT Bank. Many thanks to all that support us in so many ways. We could not hold this event without your

HUTE'S WATER SYSTEM AND WELL Drilling has been a family-Operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you."There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent

construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a fourgeneration business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

CREATURE FEATURE WALLEYE FACTS 'N FICTION

TALLEYE ARE AMONG OUR MOST popular freshwater game fish. Most experienced anglers know that walleye feed most actively at lower light conditions and frequently suspend off the bottom. A recent biologist-led study conducted on walleye predation habits found that this species tends to pursue prey, rather than employ ambush tactics like northern pike do. They prefer to attack any baitfish that strays outside the school. Therefore, if you locate a ball of baitfish on your electronics, fish your lure on the fringes of the school to trigger more strikes.

The study also discovered that walleye usually pursue and attack from below and behind, inhaling prey from the tail region and then manipulating it in their mouth to swallow it headfirst. Walleye are more likely to attack fish that don't have a deep body shape (their mouth is relatively small)-so thinner, elongated, contoured baits can improve your odds of catching one.

Here's an amusing legend mentioning walleye. Supposedly, many moons ago, Paul Bunyan arrived to an area that is now Red Lake, Minnesota, raring to swing his axe. Nanabozho, a great spirit and cultural hero among the Ojibwe, didn't want the forest destroyed and began brawling with the infamous lumberjack. After three days of fighting, Nanabozho grabbed

a huge walleye and slugged Paul with it. The lumberjack was knocked backwards into a mud puddle, landing so hard that an imprint of his massive rear remained in the ground—which, the legend claims, is why Red Lake is shaped like butt cheeks!

CORTLAND COUNTY TRIVIA FROM THE CORTLAND COUNTY HISTORICAL SOCIETY

IN THE LAST ISSUE OF the CAT, we asked if you knew what year Old Main at SUNY Cortland was constructed. It was a multi-year construction project, so read on to learn more!

Located where our courthouse and adjacent park are today, the Cortland Normal School was first opened in 1869 but was destroyed by a fire on February 27, 1919. At the time, considerable discussion had been ongoing about the state

> of the school, and it was thought by many that the building was antiquated and no longer adequate for its purpose. For several years, alternative sites were being discussed for a new modern

building. One of those sites was on top of Courthouse Hill and another was on Randall Flats, however, some thought that the current site was the best place for a new building. It seems that while there was much discussion on the topic, there was no resolution in sight until the fire forced the issue.

It took six months after the fire to finally choose a location for the new school building, and the hill was chosen. Construction did not officially begin until August of 1921, and the cornerstone was laid on May 1, 1922, with a box containing items of historical significance placed within. Unbelievably, a hurricane hit Cortland in June and caused damage to the new construction, causing further delays. The building was finally completed on August 16, 1923.

What year was the Marine Midland (now Tompkins Trust) Bank built?
