BIGGER, BRIGHTER FUTURE FOR CP FOODS SPECIALTY MARKET

1111 Groton Ave., Cortland
607-753-6900
cpfoodsny.com/retail

CP FOODS SPECIALTY MARKET, OWNED and operated by the same family that runs CP Foods Whole Foodservice Company, is now open at their new location on Route 222, better known locally as Groton Ave.

The space is larger, brighter, more modern, has more parking and is more centrally located for Cortland's food-shopping public. The company has been working hard over the last several months to create a new space that's more inviting and fun to shop including a new butcher counter and a Beer Cave filled with small batch craft beers. There's a larger produce department and a more expansive frozen food section. The new retail fixtures, product displays and freshly painted walls make for a more pleasant shopping experience.

CP Foods Specialty Market is a special store that was purposely built to be unlike any other grocery store. It offers unique, foodservice brands you can't buy anywhere else, like Creekstone Farms® premium, all-natural meats. They have a wide range of Italian imported and locally made foods, which not only offers quality food for families, but also caters to the local catering and restaurant businesses.

Doug Tesoriero, owner & CEO, says, "We're super excited about taking our specialty market to the next level with a bigger and modern space. We want our customers to have the best shopping experience possible. And we believe this new location will be much more convenient."

The friendly and professional staff is ready to greet you and invite you to join their VIP Loyalty Program at check-out offering special deals throughout the year.

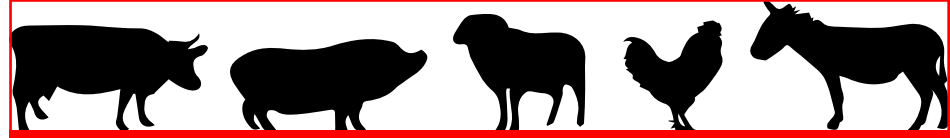

Come See What Makes CP Foods Specialty Market special.

By Jaxyn Boyce

SHUTE'S WATER SYSTEM AND WELL Drilling has been a family-operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you." There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any

brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a four-generation business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

NY CONNECTS
CHOICES FOR LONG TERM CARE
CORTLAND COUNTY

ONE DOOR CONNECTING YOU TO THE SERVICES YOU NEED

FOR MANY PEOPLE, FINDING HELP for aging parents, a child with disabilities, or their own health needs can feel overwhelming. Phone numbers pile up, websites contradict each other, and it's often unclear where to even begin. That confusion is exactly the problem **NY Connects** was created to solve.

NY Connects is New York State's trusted, no-cost resource for information and assistance on long-term services and supports. Designed as a "no wrong door" system, it connects people of all ages and abilities to the services they need—whether that support allows them to live independently at home or helps them navigate more complex care options.

At its core, NY Connects is about guidance. Trained specialists help individuals, families, and caregivers understand available services and make informed choices. These services can include in-home care, transportation, meal programs, housing assistance, mental health services, and support for people with physical or developmental disabilities.

What sets NY Connects apart is its **person-centered approach**. Instead of pushing callers toward a single program, staff members listen first. They take time to understand a person's situation, goals, and challenges before offering tailored information. For an older adult hoping to remain at home, that might mean learning about home-delivered meals or personal care services. For a caregiver, it could involve respite care or caregiver support groups.

NY Connects also plays a critical role during moments of transition. Hospital discharges, changes in mobility, or new diagnoses often come with urgent decisions. During these times, NY Connects specialists can help individuals understand next steps and avoid unnecessary institutional care by identifying community-based options.

The service is available statewide, with local NY Connects offices embedded in communities like Cortland County. This local presence means people aren't just receiving generic information—they're learning about services that actually exist in their area. The office works closely with hospitals, social service agencies, and community organizations to ensure seamless referrals and follow-up support.

Perhaps most importantly, NY Connects is for **everyone**, not just older adults. People with disabilities, veterans, families, and individuals planning for future needs can all benefit. Even those who don't need immediate help often use NY Connects to plan ahead, gaining peace of mind by understanding what options may be available down the road.

In a system that can feel fragmented and hard to navigate, NY Connects offers something simple but powerful: clarity. By bringing information, assistance, and compassionate guidance together in one place, NY Connects helps Cortland County residents spend less time searching for answers—and more time focusing on their health, independence, and quality of life.

For many, NY Connects isn't just a service, it's a starting point.

COUNTRY MOOSE GRAND RE-OPENING

13294 St. Rte. 38, Richford – Corner of Rtes 38 & 79, Richford Plaza
GmaP618@yahoo.com
607-280-9750

AFTER A TWO YEAR BREAK, the Country Moose shop is coming back to the Richford Plaza, located at the corner of Routes 38 and 79!

The Country Moose closed in March of 2024 after the death of the owner, Geoff Potter. But, he loved the business and wanted it to succeed. His wife, Dawn, ran the shop and was the main proprietor, taking in consignments, sewing crafts, making alterations of dresses and other clothing items for customers, and was the one with knowledge of antiques. She knew Depression Glass, coins, collectibles, and a variety of other antiques and items of yesteryear.

Country Moose will be having their Grand Re-Opening on June 1st. There will be spaces on hand for those folks who have items to sell and need space to display them. Vendor space is available in various square footage. Or items could be brought in on consignment. Just call Dawn at the phone number provided in the ad and discuss your wants and needs. She will gladly help you accomplish your issue with a positive result.

The Country Moose has many craft items for sale, along with a square for dress and clothing alterations. All alterations require a couple of days to address, but have a 2-3 day turn-around for most items.

Come and see what the Country Moose has to offer for sale. Or if you have items you would like to sell, see what the shop can offer and help you with.

And also, if you have a special gift or item you'd like to have made for your loved one, but don't have the knowledge or ability to complete it, stop and see Dawn or Tiffany to see if it can be accomplished and make someone happy.

Stop at the Country Moose on June 1st for the GRAND RE-OPENING CELEBRATION. See you there!

Chicken

- 3-4 lbs bone-in, skin-on chicken thighs or drumsticks
- 2 tbsp olive oil
- 1 tbsp kosher salt
- 2 tsp black pepper
- 2 tsp smoked paprika
- 1 tsp garlic powder
- 1 tsp onion powder
- 1/2 tsp cayenne

Bourbon BBQ Glaze

- 1 cup BBQ sauce
- 1/4 cup bourbon
- 3 tbsp brown sugar
- 2 tbsp honey
- 1 tbsp Dijon mustard
- 1 tbsp apple cider vinegar
- 1 tsp Worcestershire sauce
- Pinch of chili flakes

1. Season the chicken: Pat the chicken dry and toss with olive oil and all dry seasonings. Let it sit for at least 30 minutes overnight is even better.

2. Make the glaze: In a saucepan, combine everything for the glaze and simmer for about 5-7 minutes until slightly thickened. It should smell like every good summer cookout ever.

3. Grill low first: Set your grill for two-zone cooking: one hot side one cooler side Cook chicken on the cooler side first for about 25-30 minutes, flipping occasionally.

4. Finish over heat: Move chicken to direct heat and brush heavily with the bourbon glaze. Flip and glaze repeatedly until sticky, charred, and glossy. You want those slightly burnt caramelized edges!!

Serve It With Street corn, Mac salad, Pickles, Watermelon, Pasta salad, Cornbread with honey butter

CREATURE FEATURE DON'T BLAME THE TOADS

YOU'VE LIKELY HEARD IT SAID that if you pick up a toad, you might "catch warts." Let's shatter this myth once and for all! Warts on people occur when a *human* virus comes into contact with skin, causing an infection—so don't blame the toads.

Nevertheless, handling toads *can* cause some skin irritation, as all those "warty" bumps on their bodies are actually glands containing a noxious liquid that toads secrete when they feel threatened. This is their first line of defense against predators. The milky secretion is sticky, foul tasting, and—in *some species of toads* including the cane toad and Colorado River toad—can be highly toxic, capable of causing severe illness, seizures, heart failure and death in dogs and cats within minutes.

Rest assured, however, that our region's common native species, the American toad (*Anaxyrus americanus*), possesses only a mild, non-lethal toxin meant to discourage predators rather than kill them. While certain animals, such as snapping turtles and opossums, can usually safely eat toads due to their high tolerance for such toxins, people should thoroughly wash their hands after handling toads—not for fear of getting warts, but to prevent possible skin or eye irritation.

CORTLAND COUNTY HISTORICAL SOCIETY TRIVIA DID YOU KNOW?

By Tabitha Scoville, CCHS Director

THE CORTLAND COUNTY FAIR USED to be much larger than the fair which we know today as the Cortland County Junior Fair. It was held in the same area, but the grounds were more extensive and included exhibit buildings, a large midway, a grandstand, and a racetrack where horses from across the continent were brought to compete. Did you know that there are two racehorses buried at the racetrack?

Thomas Jefferson, Jr. was a black stallion from Trenton, Canada, and on June 30, 1881, he competed in his last race at the Cortland track. He took the first two races, but his driver felt he was "out of condition" and refused to drive him in the fifth race. Another driver substituted, and later that night, the stallion died from spasm of the diaphragm. He was buried the next day in the northeast corner of the track. Donations were

raised from admirers of the ill-fated steed, and a fence was erected to mark his grave.

Marion Mills was a mare from Oshkosh, Wisconsin, and her last race occurred on August 26, 1898. Her owner had been guaranteed \$100 for every mile she paced, but her trainer did not believe the track was in any condition for the mare to run. Better judgement was discarded, and Marion Mills was sent out to the track where she would stumble and fall. This resulted in her death the following day. Marion Mills, "the guideless wonder," was buried on a bed of straw near the east end of the track. She was covered with blankets, and a copy of Black Beauty was placed under her head.

These tragedies were remembered for decades afterward, and eventually, the racetrack disappeared, leaving only wisps of memories behind, until finally, they also vanished.
