SHUTE'S
WATER SYSTEMS
WATER TREATMENT

LaFayette, N.Y.

(315) 677-5552

By Jaxyn Boyce

SHUTE'S WATER SYSTEM AND WELL Drilling has been a family-operated business since 1963, when Howard Shute and his brother-in-law, Warren Shetler, first opened the business. Originally named Lafayette Well Drilling, Howard Shute carried the business alongside his sons; Mark, Neil, and Scott, and its reputation for many years until Howard Shute officially retired at almost 80 years. Scott Shute and Matt Farkas continue the effort of providing safe and clean water. The office is run by Scott's wife, Becky, and Mark Shute's daughter, Jill. Satisfied customer recommendations and glowing reviews are attributed to Shute's Water Systems and Well Drilling's success.

Now serving the CNY's areas, including Syracuse, Baldwinsville, Cortland, Cazenovia, Chittenango, Canastota, Fayetteville, Auburn, Tully, Lafayette, Marcellus, Manilus, Camillus, and Skaneateles. Scott Shutes mentions, "With years of experience, our team will assess your needs and create a custom water system plan or repair that's right for you." There are tests to determine the specific needs of a customer, and the basic water analysis of hard metals is free. For a more detailed survey, called the Water quality indicators (WQI), there is the option to test for microorganisms and bacteria. Shute's Water Systems conducts the test, and the

results are then sent to a lab. They stress the importance of well-testing as the lasting effects can lead to health problems.

There are a few things to keep in mind when determining the quality or purity of the water. Examples are; recent construction, location, maintenance, the water source, and any septic floods that could cause leakage into the well. These area contaminants vary upon location as well. Shute's Water systems have Ultraviolet filters, Chlorination and Filtration setup, and Carbon and Sediment filters. If water is determined to be hard, there are also conditioning treatments available, like; reverse osmosis, salt-based or salt-free, dual water tank softener, or a magnetic water descaler.

Shute's Water Systems can provide installation and maintenance on water pumps and storage systems. Any brand is available and can be maintained. However, a brand manufactured in the Auburn and Seneca area, Goulds, is a popular choice. In addition, Shute's Well Drilling is a four-generation business, with Mark and his son Jeff overseeing. Both experienced and reliable, the benefits of private well water can provide financial benefits, as well as cleaner water overall. Free from water bills, and the toxins public water can carry, Shute's Well Drilling installs quality wells for its customers. Their slogan is, "Quality Water From Your Well To Your Faucet!" Shute's Well Drilling is located on Highway 20, in Lafayette. They can be reached at (315) 952-4113. Shute's Water System is also located in Lafayette on 5684 Route 20. To schedule an appointment, they can be reached at (315) 677-5552.

CORTLAND COUNTY HISTORICAL SOCIETY TRIVIA DID YOU KNOW?

By Tabitha Scoville, CCHS Director

DID YOU KNOW THAT CORTLAND was the birthplace of noted architect George W. Conable?

George W. Conable, the son of Frederick Conable and Fidelia Doud, was born in 1866 in Cortland. His education was attained at the Cortland Normal School and at Cornell University. He studied architecture and graduated from Cornell in 1890. George married Grace Ford and they had two children. The family moved to Manhattan where George was an assistant to architect Ernest Flagg. One of the projects Conable worked on with Flagg is the Singer Building, built as headquarters for the Singer Manufacturing Company. At the time of its completion in 1908, it was the tallest building in the world. Other buildings Conable designed include the Jamaica YMCA, Jamaica Chamber of Commerce Building, and the Queens borough Hospital for Contagious Diseases.

Though George was far from Cortland, he did not forget his roots. He designed the chapel at the Cortland Rural Cemetery, the Cortland Democrat Building on Central Avenue, and the Cortland Central School (now the County Office Building). His name is connected to several other building projects in the city of Cortland as well. Conable put together a book of Cortland photos entitled "Picturesque Cortland" which features fabulous scenes from around 1891 when it was published.

George W. Conable returned to home after his death in 1933 and is interred at the Cortland Rural Cemetery.

THE RICHFORD DINER

A HOMETOWN TRADITION, A NEW CHAPTER, AND A GOLD-WINNING FIRST YEAR

13334 NY Rte 38, Richford
607-657-5120
therichforddiner@gmail.com

RICHFORD, NEW YORK, HAS a place where familiar faces, hearty meals, and small-town hospitality come together around the table.

Welcome to The Richford Diner!

Taking ownership at the end of May 2025, the team behind The Richford Diner began a new chapter for a familiar local restaurant location previously known as the Red Rooster and Country Folk Diner. While the name has changed over the years, the importance of bringing people together over a good meal remains at the heart of the experience.

And what a first year it has been! In 2026, The Richford Diner earned Gold in the Diner category in the Finger Lakes Favorites awards — an exciting achievement in the first year of ownership and a reflection of the support and enthusiasm of the surrounding community.

The menu brings classic diner comfort food together with creative specials and something for everyone. Guests can start their morning with fluffy pancakes, hearty breakfast bowls, omelets, or Eggs Benedict. Lunch brings satisfying burgers, sandwiches, homemade soups, and daily specials, while Thursday and Friday evenings offer even more reasons to gather around the table. Traditional fish fries, sweet treats, seasonal favorites, and real maple syrup from nearby SweeTrees Maple Products add to the experience.

But The Richford Diner is about more than what comes out of the kitchen. It's about creating a welcoming place for local families, students, longtime residents, and visitors passing through. It's about supporting neighbors, celebrating

community, and finding ways to give back to the people who make Richford special.

With a growing menu, a dedicated team, and a community-first spirit, The Richford Diner is building on the history of this familiar location while creating a story of its own.

Whether you're stopping in for breakfast, catching up with friends over lunch, or joining us for dinner, you'll find good food, hometown hospitality, and a seat waiting for you.

Hours

- Monday: 7 AM – 2 PM
- Tuesday: Closed
- Wednesday: 7 AM – 2 PM
- Thursday & Friday: 7 AM – 7:30 PM
- Saturday & Sunday: 7 AM – 4 PM

Dine in or take out. Follow The Richford Diner on Facebook for daily specials, announcements, laughter and community events.

Come hungry. Leave Full AND Happy.

We welcome YOU to be part of our story.

HALLOWEEN SAFETY: DON'T LET A SPOOKY NIGHT TURN INTO AN INSURANCE FRIGHT!

AS YOUR LOCAL INSURANCE AGENCY, Seven Valley Agency would like to share five simple reminders to help keep Halloween enjoyable and accident-free!

Halloween is filled with costumes, candy, decorations, and trick-or-treaters. As your local insurance agency, we're sharing five simple reminders to help keep the evening safe and enjoyable.

1. Keep Walkways Safe and Well-Lit

Clear sidewalks, steps, and driveways of leaves, decorations, and other tripping hazards. Turn on outdoor lights to help visitors arrive safely and reduce the risk of injuries or homeowners insurance claims.

2. Remember, Your Dog Doesn't Know It's Halloween!

Costumes and frequent doorbell rings can frighten or excite pets. Keep your dog in a quiet room away from visitors to help prevent bites and potential liability claims.

3. Keep Decorations Fun, Not Dangerous

Use battery-operated candles when possible, keep decorations away from walkways and stairs, and secure extension cords to prevent trips, fires, and injuries.

4. Slow Down and Watch for Trick-or-Treaters

Drivers should slow down and watch for children, especially after dark and between parked cars. Children should use sidewalks, cross at intersections, and carry flashlights or wear reflective items.

5. Know What Your Homeowners Insurance Covers

If someone is injured on your property, homeowners insurance may provide liability protection, depending on the circumstances and your policy. Review your coverage to make sure you're adequately protected.

A Safe Halloween Is a Happy Halloween!

A little extra caution can help make October 31st a night of sweet treats and happy memories.

From all of us at Seven Valley Agency, we wish you and your family a safe, fun, and Happy Halloween!

The Crown at Cortland Welcomes the Community for Celebrations, Meetings and Memorable Gatherings

A FAMILIAR ADDRESS IN CORTLAND has a new reason to bring people together. The Crown at Cortland, a newly renovated banquet hall inside HomeTowne Studios & Conference Center Cortland at 2 River Street, opened in 2026 and is now welcoming bookings for weddings, celebrations, business events and community gatherings.

Formerly known as the Ramada Inn, the property has been thoughtfully renovated into a stunning, modern hotel, bringing a fresh look and renewed vitality to a familiar Cortland landmark. Hotel renovations began in 2021, and HomeTowne Studios & Conference Center Cortland opened its doors in March 2024. Renovations to the once-popular ballroom followed in 2025, creating the event space now known as The Crown at Cortland.

The redesigned ballroom features a striking 22-foot-high exposed ceiling and elegant chandeliers, offering a distinctive setting for occasions both personal and professional. Options for a stage, dance floor and event-specific arrangements allow the space to accommodate a variety of gatherings, from wedding receptions and milestone birthdays to conferences, banquets, business meetings and holiday parties. A private terrace and courtyard provide additional space for guests to gather and enjoy outdoor seating or cocktail hours, weather permitting.

Above the ballroom, a luxurious private suite offers an elegant setting to prepare, unwind and gather. Tinted windows overlook the ballroom, allowing guests to enjoy a discreet view of the occasion while retreating to their own secluded space. Beautiful décor, plush sofas and chairs, coffee tables, and a dining and conference table make the suite equally inviting for intimate celebrations and professional gatherings.

A staircase accented with tall plants and elegant décor leads to the suite, where a large floor mirror provides the perfect spot

for a final look before a grand entrance. Inside, a beautifully appointed dressing room offers a salon-inspired setting with space for a makeup artist or hairstylist, complemented by a spacious private bathroom. From wedding preparations and private dinners to business meetings and gatherings before or after an event, this versatile suite brings comfort, privacy and a touch of luxury to any occasion.

Your Event. Your Stay. All in One Place.

With The Crown at Cortland located inside the HomeTowne Studios & Conference Center Cortland, celebrations and comfortable accommodations are just steps apart. The award-winning hotel offers 99 spacious guest rooms with kitchenettes and full-size refrigerators, making it easy for visitors to settle in and feel at home.

Amenities include a beautifully renovated lobby, indoor pool, fitness room, guest laundry facilities, conference rooms and a treat shop stocked with snacks, drinks and everyday essentials.

Special room rates are available for event hosts and their guests, with additional discounts for larger room blocks. The team can coordinate event arrangements and accommodations together, simplifying planning from arrival to departure.

Together, The Crown at Cortland and HomeTowne Studios & Conference Center Cortland offer a welcoming destination for local residents, visiting family and friends, businesses and organizations to gather under one roof.

Whether you're looking for something quick on your way to work or a bite to enjoy while catching up with friends, Cool Beans offers plenty of choices. For those with a sweet tooth, there's also a selection of ice cream, sundaes, ice cream sandwiches, and homemade goodies.

Of course, the drink menu is just as inviting, featuring freshly brewed coffee, handcrafted specialty lattes, chai, matcha, refreshing Lotus energy drinks, and smoothies for a lighter, refreshing option. From traditional coffee lovers to those looking to try something new, there's something for every taste.

One of the things that makes Cool Beans special is its commitment to the community. As a locally owned small business, Carol and Heidi believe strongly in supporting the people and organizations that make Moravia such a wonderful place to live. From cheering on the Moravia Blue Devils to participating in local events and supporting school organizations, Cool Beans is proud to be part of the community.

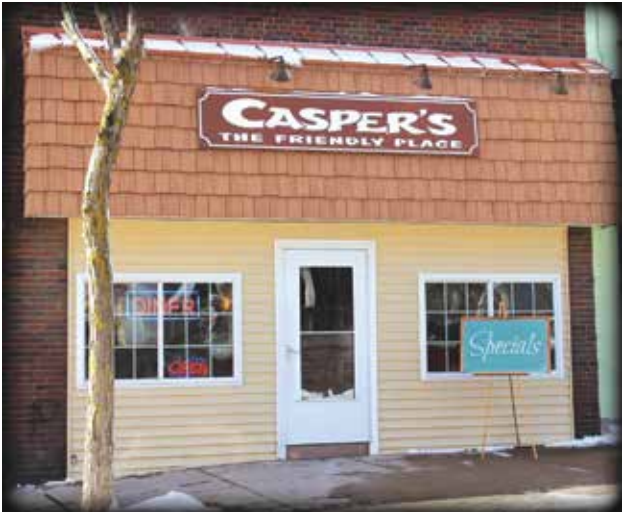

The café also shares its location with Valley Wellness Center, bringing together two businesses focused on helping people feel good, connect, and enjoy a little time for themselves.

For Carol and Heidi, Cool Beans is about more than coffee, food, and ice cream. It's about creating a place where familiar faces are greeted with a smile, conversations happen naturally, and people feel comfortable staying a little longer.

As Cool Beans continues to grow, the goal remains the same: to provide quality food and drinks, friendly service, and a positive experience for everyone who walks through the door.

Whether you're a longtime Moravia resident or just passing through, Carol, Heidi, and the Cool Beans team invite you to stop in, say hello, and see what they're brewing.

Locally owned. Community inspired. Open year-round.

CULINARY
CHRONICLES

BY CHEF KDOT

- 1/4 cup warm water (about 110°)
- 1 Tbsp. active dry yeast
- 1 1/2 Tbsp. granulated sugar
- 1 cup whole milk, warm (about 110°)
- 2 large eggs, beaten
- 1 3/4 tsp. kosher salt
- 1 cup unsalted butter, melted
- 5 cups bread flour
- Nonstick cooking spray
- For the Garlic Butter:
- 1/2 cup unsalted butter
- 8 garlic cloves, grated
- 1 tsp. kosher salt
- 1/4 cup shredded parmesan cheese

1. To prepare the dough, combine the water, yeast, and 1/2 tablespoon of sugar in a small bowl, whisking together. Allow the mixture to sit for roughly 5 minutes until it becomes foamy.
2. In the bowl of a stand mixer fitted with the dough hook, combine the milk, eggs, salt, butter, yeast mixture, and the remaining 1 tablespoon of sugar. Beat on medium-low speed for about 10 seconds until thoroughly blended. Keep the mixer on medium-low and gradually incorporate the flour. Once fully integrated, raise the speed to medium and knead until the dough turns smooth and elastic, about 6 to 8 minutes. Move the dough into a lightly greased bowl, cover tightly with plastic wrap, and let it rest for 1 to 1 1/2 hours until it doubles in volume.
3. To make the garlic butter, put the butter, garlic, and salt into a small saucepan. Warm over medium-low heat for about 5 minutes, stirring occasionally, until melted. Take off the heat and stir in the rosemary and parsley. Reserve 1 tablespoon of this garlic butter mixture to brush over the baked loaves later.
4. Lightly grease two 9-by-5-inch loaf pans. Turn the dough out onto a lightly floured work surface and divide it into 40 equal pieces (about 1 ounce each), shaping each into a ball. Coat 20 dough balls in the garlic butter and place them in the bottom of the prepared pans. Sprinkle with half of the parmesan cheese. Repeat the process with the remaining dough balls, garlic butter, and parmesan, then drizzle any remaining garlic butter evenly over the tops.
5. Cover the loaf pans loosely with plastic wrap and allow the dough to rise until doubled in size, about 45 minutes to 1 hour. During the final 20 minutes of rising, preheat the oven to 350°.
6. Uncover the pans and discard the wrap. Bake for 35 to 40 minutes, until the tops are deep golden brown and an instant-read thermometer inserted into the center reads 200°. Remove from the oven and brush the tops with the reserved 1 tablespoon of garlic butter (gently re-warm over low heat if set). Let cool in the pans on a wire rack for 5 minutes before carefully turning the loaves out to serve warm.

THE GROTON HOTEL IS A well-known landmark located at 101 Main Street in Groton. Since the mid-19th century, it has served generations of residents, travelers, and visitors. What began as a modest one-story tavern in 1818 became a grand three-story hotel in 1853. For more than 170 years, the building has been an integral part of the Groton community.

The Groton Hotel has changed hands several times throughout its history. It has served as a tavern, restaurant, lodging provider, and community hub for more than 170 years.

Today, owner Christine Clare Brennan has given the hotel new life, restoring the building’s historic structure and feel. Family owned and operated, it continues its legacy as more than just a place to stay, remaining a symbol of community, resilience, and the enduring history of Groton itself.

Elegant Lodging

Beautiful suites at the Groton Hotel feature fully-equipped kitchens, private-bathrooms, thoughtful living spaces and on-site laundry facilities. The Wood Fired Kitchen and Eddy Brennan’s Tavern are on the first floor. The hotel features original artwork, handmade Persian carpets and hardwood floors throughout.

Eddy Brennan’s Tavern

Eddy Brennan’s Tavern is named in loving memory of Edward “Eddy” Brennan, the late husband of Groton Hotel owner Christine Clare Brennan. Eddy was a proud Marine, a successful entrepreneur, and a lifelong lover of history, art, travel, and hospitality.

CREATURE FEATURE HUSTLE ‘N BUSTLE

OCTOBER FINDS MANY CRITTERS PARTICULARLY active, as their internal clocks countdown to winter.

You’re likely seeing lots of **Woolly Bear Caterpillars** trundling along in search of sheltered places to hibernate for the winter. These bristly black-and-rust caterpillars are *Isabella Tiger Moths* in the making — but prior to next spring’s metamorphosis, they will freeze to near solid this winter.

Popular folklore claims that those Woolly Bears with a proportionately wider rust-colored middle predict a mild winter ahead, while those with longer black ends forecast a harsh season. Scientists ruin the fun by assuring us that the width of the rusty band relates to the caterpillar’s age, diet, and whether the growing season was favorable. Also, all black or entirely rust caterpillars are two different species altogether. However, don’t let this knowledge stop you from checking out the Woolly Bears you encounter. It’s far too much fun!

This month, the second litters of **Eastern Chipmunks** leave their mothers and strike out on their own. It will be up to them to establish their own turf, build a nest, and gather enough food to see them through the long winter. These “second-batch-babies” are under a genuine time crunch. When they emerge from their natal den at roughly 4-6 weeks old, the weather is turning colder, leaving them a tight window to accomplish critical survival tasks. Chipmunks are not true hibernators; instead, they enter a state of *torpor* over the winter, awakening periodically to nibble on their subterranean stash of nuts and seeds.

Hmm...snoozing and snacking the winter away? Sounds like a plan!

PERFORMING ARTS

PRESENTS “CARRIE: THE MUSICAL”

cortland.edu/PerformingArts

THE SUNY CORTLAND PERFORMING ARTS Department brings Stephen King’s “Carrie” to the stage this fall in “Carrie: The Musical,” running Oct. 30, 31 and Nov. 5-7 at 7 p.m., with matinees Nov. 1 and 8 at 2 p.m., in the Dowd Fine Arts Center’s Lab Theatre.

Based on King’s 1974 novel, the musical follows Carrie White (Madison Knoppel), a teenager tormented by her classmates and controlled by her fanatically religious mother, Margaret (Jenevieve Young). When Carrie discovers she possesses telekinetic powers, a cruel prank at her senior prom pushes her past her breaking point, with devastating consequences for the entire school.

The production is directed by Deena Conley, with choreography by Maya Dwyer and music direction by Ben Kapilow. The cast also features Ann Marie Thorell as Sue Snell, Everett Zellmer as Tommy Ross and Selma Fabregas as Chris Hargensen, alongside an ensemble of SUNY Cortland BFA Musical Theatre students.

Though notorious for a famously troubled 1988 Broadway run, “Carrie” has been reworked and reembraced in the decades since, with its score, by Michael Gore, Dean Pitchford and Lawrence D. Cohen, now recognized for its emotional depth and driving rock energy. The musical explores bullying, isolation and the search for belonging alongside its horror-fueled climax, themes that continue to resonate with student and community audiences alike.

Performances take place in the Dowd Fine Arts Center’s Lab Theatre. Audience members should note that evening performances begin at 7 p.m. this season, a half hour earlier than in past years.

Tickets are available through the SUNY Cortland box office at Cortland.edu/PerformingArts.
